## **NOTICE TO THE MARKET**

**Rio de Janeiro, November 23, 2020** – IRB-Brasil Resseguros S.A. (B3: IRBR3) (“IRB Brasil RE” or “Company”) hereby informs that it launched today its data intelligence service: IRB+Inteligência. Offering an open platform and monthly reports, information and statistics for a better understanding of the industry, the service is based on publicly available data disclosed by Susep, Brazil's Insurance Regulator.

Written premium to Brazilian reinsurers rose 28.9% in September 2020 year-over-year, and increased by 30.3% in the first nine months of the year compared to 2019. These figures can be found in the Boletim IRB+Mercado report, which marks the launch of IRB Brasil RE's new data intelligence service.

The report also shows that the written premium by insurers increased 17.4% in September year-over-year, and 3.6% in the January-September 2020 compared to the same period of 2019. “These figures show an upturn in activities. Having access to quality information and assessing behaviors and trends are the starting point to understanding how our segment works”, said Antônio Cássio dos Santos, IRB's CEO and Chairman of the Board.

Boletim IRB+Mercado summarizes insurance and reinsurance operations based on publicly available data disclosed by Susep, focusing on property & casualty, civil liability and life insurance. The review will be published every month and is available on the Company's website ([www.irbre.com](http://www.irbre.com)). The website also has an interactive data panel for dynamic queries. Dashboard IRB+Mercado Segurador, as the panel is called, was developed by the reinsurer. It is a free tool, easy to access, and contains information from the whole industry.

“This service was created to provide the market, and everyone interested in it, with consolidated, reliable and structured information. We have developed a panel to ensure data are dynamically and quickly accessed. We also offer a monthly view”, said IRB Brasil RE's Clients, Innovation and Marketing Director Lucas Mello, adding that the service will soon have new publications.
