**NOTICE TO THE MARKET**

**LINX S.A.** (B3: LINX3; NYSE: LINX), leader and specialist in technology for retail, announces to its shareholders and the market that it has signed a partnership with **Rappi**, to integrate Linx's Omnichannel platform with its marketplace. The partnership will expand product offerings and give users the ability to purchase through the super app.

Now, when a customer purchases a product from a seller through the Rappi platform, they can rely on Rappi's well-known delivery system. In order to have access to this feature, the marketplace seller must be a Linx OMNI OMS (Order Management System) user. Companies like Nike, Centauro, Boticário, Drogaria São Paulo, Hering, Alpargatas, Vivara, Lojas Marisa, TokStok, RiHappy, Inbrands and Restoque are among the users that could use this solution.

The signing of this agreement is another step by Linx to reinforce its leadership in the Omnichannel strategy, supporting its clients on the digital transformation journey and strengthening a smooth relationship with their customers.
