

Eve Announces Business Updates in Preparation for Closing of Business Combination with Zanite

Transaction includes previously announced \$357.3 million PIPE, inclusive of a \$52.3 million upside

Previously announced launch order pipeline demonstrates Eve's ability to reach and pass key business milestones

Melbourne, Florida – April 29, 2022 – Eve UAM, LLC (“Eve” or the “Company”), an Embraer S.A. (“Embraer”) company and a leader in the development of next-generation Urban Air Mobility (“UAM”) solutions, today announced a summary business update on several previously disclosed key milestones relating to its business and plans to go public through a proposed business combination (the “Business Combination”) with Zanite Acquisition Corp. (“Zanite”) (Nasdaq: ZNTE, ZNTEU, ZNTEW). The Business Combination includes a previously announced \$357.3 million PIPE, inclusive of a \$52.3 million upside, which includes commitments from strategic partners [Thales](#), [Acciona](#) and Space Florida, as well as an increased commitment by Embraer Aircraft Holding, Inc., a direct subsidiary of Embraer.

In December, Eve [announced](#) plans to go public through the Business Combination. Upon closing of the Business Combination, Eve expects to raise a total of more than \$500 million in proceeds, assuming none of Zanite’s stockholders redeem their shares, and Zanite will change its name to Eve Holding, Inc. (“Eve Holding”). Eve Holding’s common stock and warrants are expected to be listed on the New York Stock Exchange (“NYSE”) under the symbols “EVEX” and “EVEXW”, respectively, following the closing.

Eve and Zanite [previously announced](#) the filing on April 13, 2022, of the definitive proxy statement (as supplemented by that certain supplement to the definitive proxy statement, dated as of April 28, 2022, and as may be further supplemented or amended from time to time, the “Definitive Proxy Statement”) related to the Business Combination. The special meeting of Zanite’s stockholders to approve the Business Combination (the “Special Meeting”) will be held on May 6, 2022, at 11:00 a.m. Eastern Time. Eve and Zanite expect that the Business Combination will close on May 9, 2022, subject to the approval of the Business Combination by Zanite’s stockholders and the satisfaction of other customary closing conditions. Zanite stockholders are encouraged to read the Definitive Proxy Statement in its entirety and to vote “FOR” all the proposals described therein. The Special Meeting will be a virtual meeting conducted exclusively via live webcast, which stockholders may virtually attend by visiting <https://www.cstproxy.com/zaniteacquisition/2022>. The board of directors of Zanite recommends that stockholders vote “FOR” all proposals in advance of the Special Meeting by signing, dating and returning the proxy card upon receipt by following the instructions on the proxy card. If your shares are held in an account at a broker, bank, or nominee, please follow the voting instructions provided by such broker, bank, or nominee.

Since the announcement of the Business Combination in December 2021, Eve’s pipeline of secured launch orders via non-binding letters of intent has grown from 17 to 19 customers and from 1,735 to 1,825 vehicles. These customers include fixed-wing operators, helicopter operators, ride-sharing platforms and leasing companies, including [Azorra Aviation](#), [Falko Regional Aircraft](#), [Republic Airways](#), [SkyWest](#), and [GlobalX](#). This order backlog provides important revenue visibility as the Company works to achieve type certification for its electric vertical take-off and landing (eVTOL) aircraft in compliance with certain airworthiness authorities and, following certification, begin production and sales of such vehicles.

The Company also announced a number of new developments and business agreements in its UAM portfolio of solutions as it seeks to reshape the future of UAM. These new developments include the previously announced publication of a Concept of Operations (“CONOPS”) for UAM operations in

[Miami-Dade County](#) and the [United Kingdom](#), as well as the expected publishing in the coming weeks of a new CONOPS for the future UAM market in Rio de Janeiro, Brazil. Eve has also advanced key technical milestones, such as the completion of proof-of-concept and wind tunnel tests and simulations that are essential to developing and obtaining a type certification for Eve's eVTOL. As previously announced, in February, the Company [formalized](#) the application with ANAC (Brazilian Certification Authority - *Agência Nacional de Aviação Civil* (Brazil)) for the type certification.

"The progress that Eve has made in recent months shows that we continue to reach and pass key milestones in our business and growth strategies," said André Stein, Co-CEO of Eve. "The previously announced PIPE upsize is further proof of the confidence of investors in our plans for the future of urban air mobility."

"Eve is also making impressive progress in advancing the development of global eVTOL infrastructure," said Jerry DeMuro, Co-CEO of Eve. "With our [recently announced](#) partnership with Skyports Pte LTD, a leading infrastructure provider for eVTOL passenger and cargo vehicles, we will be supporting the development of a CONOPS for Advanced Air Mobility ("AAM"), including UAM, for the Japan Civil Aviation Bureau ("JCAB")," he explained. "Eve is also working with regulators, communities and partners in Australia, Europe and the Americas."

The new CONOPS for Rio de Janeiro will combine analyses that cover the perspective, points of attention and operational needs of eVTOL vehicles, passenger journey, and services and support. The Rio CONOPS will also include data from helicopter flight operations completed in November 2021 between Rio's Barra da Tijuca neighborhood and Galeão International Airport, which were intended to simulate the UAM ecosystem.

The Rio CONOPS was developed through unprecedented cooperation with eleven strategic partners and government entities, including ANAC, the Department of Airspace Control ("DECEA"), and the Brazilian General Aviation Association ("ABAG").

Eve continues to expand its order backlog as well by signing a letter of intent with Halo Aviation Ltd. ("Halo"), which will deploy Eve's agnostic solutions and benefit the development and network performance of UAM. The Halo collaboration builds upon previous strategic partnerships Eve announced across the globe spanning the entire UAM ecosystem, such as fleet operation, infrastructure, technology, and the aircraft leasing market.

Additional information regarding the persons who may, under SEC rules, be deemed participants in the solicitation of Zanite's stockholders in connection with the proposed Business Combination, including a description of their direct and indirect interests, by security holdings or otherwise, which may be different than those of Zanite stockholders generally, may be obtained by reading Zanite's Definitive Proxy Statement for the proposed Business Combination and any other relevant documents that are filed or will be filed with the SEC relating to the proposed Business Combination. Stockholders, potential investors and other interested persons should read the Definitive Proxy Statement carefully and any other relevant documents that are filed or will be filed with the SEC relating to the proposed Business Combination before making any voting or investment decisions. These documents can be obtained free of charge from the sources indicated above.

Forward-Looking Statements

This communication includes "forward-looking statements" within the meaning of the "safe harbor" provisions of the United States Private Securities Litigation Reform Act of 1995. Forward-looking statements may be identified by the use of words such as "estimate," "plan," "project," "forecast," "intend," "will," "expect," "anticipate," "believe," "seek," "target," "may," "intend," "predict," "should," "would," "predict," "potential," "seem," "future," "outlook" or other similar expressions (or negative versions of such words or expressions) that predict or indicate future events or trends or that are not statements of historical matters. These forward-looking statements include any statement that does not directly relate to any historical or current fact. These statements are based on various assumptions, whether or not identified herein, and on the current expectations of Zanite's, Eve's, Embraer's and EAH's management and are not predictions of actual performance. These forward-looking statements are provided for illustrative purposes only and are not intended to serve as, and must not be relied on by any investor as, a guarantee, an assurance, a prediction or a definitive statement of fact or probability. Actual events and circumstances are difficult or impossible to predict and may differ from assumptions, and such differences may be material. Many actual events and circumstances are beyond the control of Zanite, Eve, Embraer and EAH.

These forward-looking statements are subject to a number of risks and uncertainties, including: (i) changes in domestic and foreign business, market, financial, political and legal conditions; (ii) the inability of the parties to successfully or timely consummate the proposed Business Combination,

including the risk that any required regulatory approvals are not obtained, are delayed or are subject to unanticipated conditions that could adversely affect the combined company or the expected benefits of the proposed Business Combination or that the approval of the stockholders of Zanite or Eve is not obtained and or that the proposed Business Combination and the private placement of common stock are not able to concurrently close; (iii) failure to realize the anticipated benefits of the proposed business combination; (iv) risks relating to the uncertainty of the projected financial information with respect to Eve; (v) the outcome of any legal proceedings that may be instituted against Zanite, Embraer, EAH and/or Eve following the announcement of the business combination agreement and the transactions contemplated therein; (vi) future global, regional or local economic and market conditions; (vii) the development, effects and enforcement of laws and regulations; (viii) Eve's ability to grow and manage future growth, maintain relationships with customers and suppliers and retain its key employees; (ix) Eve's ability to develop new products and solutions, bring them to market in a timely manner, and make enhancements to its platform; (x) the effects of competition on Eve's future business; (xi) the amount of redemption requests made by Zanite's public stockholders; (xii) the ability of Zanite or the combined company to issue equity or equity-linked securities in connection with the proposed Business Combination or in the future; (xiii) the outcome of any potential litigation, government and regulatory proceedings, investigations and inquiries; (xiv) the risk that the proposed business combination disrupts current plans and operations as a result of the announcement and consummation, (xv) costs related to the Business Combination, (xvi) the impact of the global COVID-19 pandemic and (xvii) those factors discussed in the Definitive Proxy Statement under the heading "Risk Factors," and other documents of Zanite filed, or to be filed, with the SEC. If any of these risks materialize or our assumptions prove incorrect, actual results could differ materially from the results implied by these forward-looking statements. There may be additional risks that neither Eve nor Zanite presently know or that Eve and Zanite currently believe are immaterial that could also cause actual results to differ from those contained in the forward-looking statements. In addition, forward-looking statements reflect Eve's and Zanite's expectations, plans or forecasts of future events and views as of the date of this communication. Eve and Zanite anticipate that subsequent events and developments will cause Eve's and Zanite's assessments to change. However, while Eve and Zanite may elect to update these forward-looking statements at some point in the future, Eve and Zanite specifically disclaim any obligation to do so. These forward-looking statements should not be relied upon as representing Eve's and Zanite's assessments as of any date subsequent to the date of this communication. Accordingly, undue reliance should not be placed upon the forward-looking statements.
