MARKET NOTICE

KLABIN S.A. (“Klabin” or “Company”) hereby informs its shareholders and the market in general that it has been selected to integrate the portfolio of the **Dow Jones Sustainability Index (“DJSI”)**, in its 2020/2021 edition. The Company will integrate the index in two categories, **World Index and Emerging Markets Index**, being the only Brazilian industrial company to integrate the global category.

The DJSI is a global index consisting of the shares of global leaders in sustainability. The companies included in the index are recognized as the most capable of generating value through their sustainable businesses, as a result of best practices associated with economic, environmental, social and cultural factors.

The participation in the DJSI is a milestone in Klabin's history, being the result of more than 120 years of commitment to the environment, care for people and management based on science in the climate - Science Based Target -, with bold targets for reducing gas emissions greenhouse effect and efficiency in the use of natural resources. By composing the index, the Company, a global leader in sustainability, confirms its purpose of contributing to the development of a sustainable economy, prioritizing the prosperity of the planet and generating value for its investors, employees, business partners and society.
