

# User Guide for the Electronic Voting Platform

# User Guide for the Electronic Voting Platform

This Manual was prepared to help investors of OranjeBTC S.A. – Education and Investment use the contracted electronic voting platform.

OranjeBTC, in accordance with current CVM regulations, holds its general meetings in a virtual format. For this purpose, it has hired the services of Atlas GSM, a specialist in the automation of corporate meetings.

Follow the steps below to register and start using the platform.

## Step 1: Creating Your Account

To begin, go to our website and create your personal account. This is the first step to accessing all the platform's features.

1. To begin, access our website and create your personal account. This is the first step to gaining access to all the platform's features.
2. Go to <https://atlasagm.com/> and click on "Create your account." Enter your email address and wait for the confirmation message that will be sent to your inbox.
3. Open the confirmation email and follow the instructions to verify your account.

## Log in
