

**Catamaran™**  
SI Joint Fusion System

## INTRODUCING CATAMARAN™ SI JOINT FUSION SYSTEM

A novel, less invasive **Inferior-Posterior** approach to the SI joint using a single, robust titanium implant

**NASS2022**  
**EXHIBITOR**  
**OCTOBER 12-14TH**  
**CHICAGO, ILLINOIS**

### JOIN US AT NASS 2022 TO LEARN ABOUT CATAMARAN

Hear more about how the Catamaran SI Joint Fusion System **transfixes** the SI Joint along its longitudinal axis with an inferior-posterior approach designed to angle away from critical neural and vascular structures and into the strongest cortical bone below the dorsal recess.

### NASS INNOVATIVE TECHNOLOGY PRESENTATION

**Michael J Chaparro, MD,**  
**FAANS, FACS**  
Loxahatchee, FL

**THURSDAY, OCTOBER 13**  
Room: Red Theater  
Time: 1:32 PM - 1:39 PM

### MEET THE CATAMARAN™ SI JOINT FUSION SYSTEM EXPERTS **TENON MEDICAL BOOTH #2134**

**Scott C. Kutz, MD**  
Minimally Invasive Neurosurgery  
of Texas. Plano, TX

**Mark H. Stouffer, MD**  
St. George Orthopedic Spine.  
St. George, UT
