

CBO HOLDING S.A.

CNPJ/MF nº 14.882.295/0001-81

NIRE 33.3.0030510-6

NOTICE TO THE MARKET

CBO HOLDING S.A. ("Company"), hereby to inform its shareholders and market in general that it has concluded the acquisition of another vessel for its fleet.

CBO Wiser is the newest PSV 5.000 TPB (Platform Supply Vessel) to be part of the Company's fleet of support vessels, which now has 42 vessels. The fleet is composed by 20 PSVs (Platform Supply Vessel), 14 AHTS (Anchor Handling Tug Supply Vessel), 3 OSRV (Oil Spill Response Vessel) and 5 RSV (Remotely Support Vessel).

CBO Wiser is a newly built vessel with the same design of CBO Energy, and CBO will be the first Company to operate this vessel. It was conceived with a project and main equipment from the Finnish Wartsila and has high standard technical specifications that allow it to operate in ultra-deep waters such as the Brazilian Pre-Salt.

The vessel, which is the tenth acquired by CBO in its most recent growth cycle, is currently on its way to Brazil and the Company expects to put it into operation in the first half of 2022.

Niterói, February 10th, 2022.
