

# FACT SHEET

[www.petrobras.com.br/ir](http://www.petrobras.com.br/ir)

Updated June 2021

## WHO WE ARE

We are a Brazilian company and one of the largest producers of oil and gas in the world, primarily engaged in exploration and production, refining, energy generation and trading. Petrobras has the expertise on deep and ultradeep water exploration and production as a result of almost 50 years developing the Brazilian offshore basins, becoming world leaders in this segment.

## SHAREHOLDERS

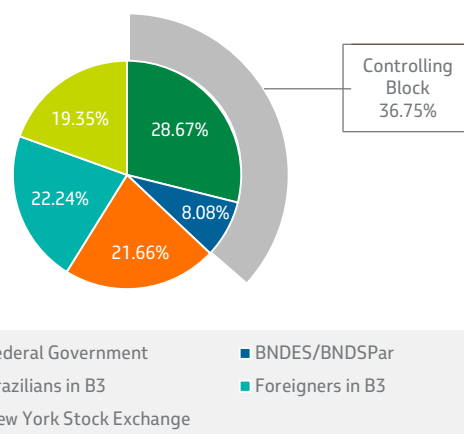

The controlling block, comprised of the Federal Government, BNDES and BNDESPar holds 36.7% of our total shares and 50.5% of our voting shares.

## STOCK EXCHANGES AND RATINGS

We are among the largest publicly traded companies in Latin America, with a market value of US\$ 78.6 billion as of June 30, 2021.

Our common and preferred shares are listed on the São Paulo Stock Exchange (B3 Level 2) and New York (NYSE). We have a base of over 765,000 shareholders and ADR holders and the average daily financial volume traded from January through June 2021 was approximately US\$ 0.97 billion on these markets.

In February 2020, Fitch upgraded our stand alone rating to the bbb level, the second level of the investment grade scale. During 2020, S&P and Fitch revised Petrobras' global credit rating outlook to stable and negative, respectively (positive and stable), reflecting the change in Brazil's outlook. Moody's global credit rating outlook is stable. We remain firm in our purpose of regaining the investment grade of the corporate rating.

## OUR STRATEGY

We aim to be the best energy company in generating shareholder value, focusing on oil and gas and with safety, respect for people and the environment. To achieve this, we have defined our five strategic pillars: (i) maximization of return on capital employed; (ii) reduction of the cost of capital; (iii) relentless search for low costs; (iv) meritocracy; (v) respect for people, environment and safety.

The 2021-2025 Strategic Plan reinforces our transformational agenda, which aims to eliminate the performance gap that separates us from the best global oil and gas companies, and presents the model of double resilience: economic, resilient to low oil price scenarios, and environmental, with a focus on low carbon. The plan presents two top metrics related to sustainability: GHG Intensity (Intensity of Greenhouse Gases Effect emissions) and Spilled Volume (Spilled volume of oil and oil products), in addition to the three existing metrics, focusing on people safety, debt reduction and value generation. Our goals are :

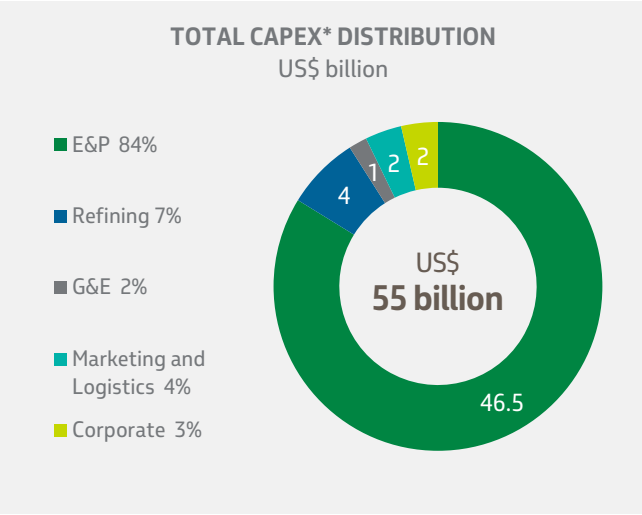

- Total Recordable Injuries per million man-hour frequency rate (TRI) below 0.7
- Gross debt: US\$ 67 billion by 2021 and US\$ 60 billion by 2022
- Delta of consolidated EVA® of US\$ 1.6 billion by 2021
- GHG Intensity: 17 kgCO<sub>2</sub>e/boe for E&P and 40 kgCO<sub>2</sub>e/CWT for Refining
- Spilled Volume: 120 m<sup>3</sup> alert limit

We continue with the ambition of zero fatality and we insert in this plan the ambition of zero leakage.

Petrobras of the future will be a company with low indebtedness and capital cost, focused on world-class oil and gas assets and value generation, advancing in the exploration and production of the Brazilian pre-salt, with an efficient refining park. With respect to renewable energy sources, the company will act in research seeking to maintain its commitment to the climate and affordable energy.

2021-2025 CAPEX  
INVESTMENTS CONCENTRATED IN THE PRE-SALT

Capex foreseen for the 2021-2025 period is US\$ 55 billion, of which 84% is allocated to the exploration and production of oil and gas (E&P). The investment of US\$ 46 billion in E&P involve approximately US\$ 32 billion, 70%, in pre-salt assets. This allocation is adherent to our strategic positioning, focusing on world-class assets in deep and ultra-deep waters, which we are natural owners, with a human capital quality, technological knowledge and ability to innovate.

\* ~ 50% of CAPEX in dollars

**LOGISTICS AND MARKETING**

Strengthen capacities for trading oil, oil products, LPG, natural gas and LNG

**Digital Transformation**

- Blockchain
- Logistics 4.0

**RENEWABLE**

- R&D aimed for the long term

**EFFICIENT AND LOW-COST REFINING**

Capacity of 1,1 MMbpd

**Digital Transformation**

- *Digital Twin*: higher operational efficiency
- Augmented reality: increased security and efficiency
- Artificial Intelligence applied to asset management
- Digital Refinery of the Future

**CULTURE OF VALUE**

- EVA management system
- Cultural transformation

**LOW COST OF CAPITAL**

- Sound balance sheet

**WORLD-CLASS ASSETS**

**Pre-salt**  
Rebuilding exploratory portfolio

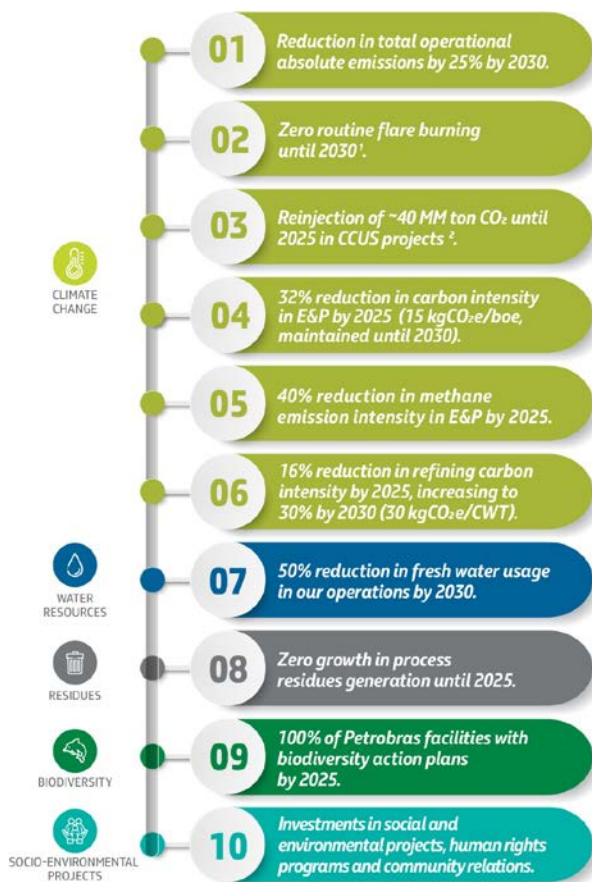

**Digital Transformation**

- EXP100: exploratory risk reduction
- PROD1000: development time reduction
- Industrial automation
- Future opportunities for lower-cost gas

## FOCUS ON ESG

### OUR 10 SUSTAINABILITY COMMITMENTS

Carbon commitments related to 2015 base. Other commitments based on 2018.

<sup>1</sup>In accordance to the zero routine flaring initiative of the World Bank  
<sup>2</sup>CCUS: Carbon Capture, Utilization and Storage

## MONITORING OUR SUSTAINABILITY COMMITMENTS

### GEE Emissions

MMt CO<sub>2</sub>e

### E&P carbon intensity

kgCO<sub>2</sub>e/boe produced\*

### Refining carbon intensity

kgCO<sub>2</sub>e/CWT\*\*

\*Total production operated wellhead

\*\*A refinery's CWT (Complexity Weighted Tonnes) considers the CO<sub>2</sub> emission potential, equivalent to distillation, for each process unit.

## MONITORING OF SAFETY METRICS

### TRI - TOTAL RECORDABLE INJURIES PER MILLION MAN-HOURS

In 2020, we obtained a TRI of 0.56, a level significantly below our peer group benchmark.

**Ambition of zero fatality**

## FINANCIAL HIGHLIGHTS

### STRONG RESULTS IN 1Q21

- Positive free cash flow of US\$ 5.6 billion
- Gross debt reduction in US\$ 4.6 billion
- Operating cash flow of \$7.2 billion
- Recurring EBITDA growth of 34% and margin of 55%
- Cash inflow with divestments of US\$ 201 million
- Repurchase of bonds of US\$ 1.4 billion and prepayment of debts of US\$ 0.3 billion

### EBITDA

US\$ billion

### Net Result

US\$ billion

### Indebtedness
