

Petrobras and Enarsa sign Memorandum of Understanding for studies in the natural gas segment

Rio de Janeiro, April 25, 2024 – Petróleo Brasileiro S.A. – Petrobras informs that on Thursday (18 April) it signed a Memorandum of Understanding (MoU) with the Argentina state energy company Enarsa to study partnerships in the natural gas segment.

The non-binding agreement has a term of three years and will allow for the exchange of information; the assessment of alternatives for cooperation and energy complementarity between the two companies; as well as the coordination of actions to better guarantee the supply of natural gas to Argentina during the winter, the period of greatest demand in that country, without any impact on gas supplies in Brazil or additional financial cost for Petrobras.
