

Petrobras on Bahia Terra production

Rio de Janeiro, May 11, 2023 - Petróleo Brasileiro S.A. – Petrobras, following up on the releases disclosed on 03/31/2023, 03/14/2023, 04/13/2023, 05/02/2023, and 05/05/2023, informs that it has obtained authorization from the National Agency of Petroleum, Natural Gas, and Biofuels (ANP) to resume production from four more facilities in the Bahia Terra Cluster (Água de Taquipe Treatment and Injection Station, Fazenda Boa Esperança "A" Station, Massapê Collecting Station, and Fazenda Azevedo Collecting Point).

The company started the execution of the operational procedures necessary for the safe return of the production process of these facilities, and of the 38 total facilities, 30 have already been released for operation, which will allow the reestablishment of approximately 70% of the total production of the Bahia Terra Cluster.

The Cluster had its operations halted by determination of the ANP and Petrobras has been making every effort to meet the conditions set by the regulator and to ensure the resumption of operations of the Bahia Terra Cluster facilities in the shortest possible time.

Facts deemed material on the subject will be timely disclosed to the market.
