**NOTICE TO MARKET**

Ambipar Participações e Empreendimentos S.A. ("Ambipar" ou "Company") (B3: AMBP3), hereby announces the acquisition, through its wholly-owned subsidiary Environmental ESG Participações S/A ("Environmental Participações"), of 100% of the shares of companies Fox Comércio de Aparas Ltda. e Fox Indústria e Comércio de Plásticos Reciclados Ltda. ("FOX"), through the conclusion of the Contract for the Purchase and Sale of Quotas and other Covenants concluded on this date.

For more than 40 years in the Waste Management market, FOX specializes in capturing and commercialization Industrial Waste and Recyclable Materials, including reverse logistics. Its industrial plants are located in the state of São Paulo, in the municipalities of Itu, Sorocaba and Jaguaré. In 2021 FOX recycled more than 51,000 tons of waste.

FOX will now be called Ambipar Environmental Fox and integrates with the Ambipar Group's waste recovery chain. This investment aligns with the Group's verticalization plan, increasing its access to recyclable waste and its ability to offer solutions for total closure of the cycle that involves industrial waste management, waste recovery and transformation into new recycled products. The Company clarifies that this acquisition will not be submitted for approval by its shareholders, nor will it entitle the right of recess, since: (i) it was carried out through its subsidiaries, privately held; and (ii) the price paid for the acquisition does not exceed one and a half times the highest of the three amounts provided for in Article 256, II of Law No. 6,404/76.

São Paulo, 24th of February of 2022.
