Publicly Traded Company

NOTICE TO THE MARKET

Oncoclínicas do Brasil Serviços Médicos S.A. ("Company"), publicly traded company, informs its shareholders and the market that, on December 21st 2021, through its wholly-owned subsidiary Centro Paulista de Oncologia S.A., a privately held company, enrolled with the corporate taxpayer's ID (CNPJ/ME) under No. 52.164.662/0001-09, concluded the 1st (first) issuance of unsecured simple debentures, not convertible into shares, with additional corporate guarantee, in single series, in the total amount of R\$ 550,000,000.00 (five hundred and fifty million Brazilian reais) on the issuance date ("Debentures" and "Issuance", respectively), for public distribution, with restricted distribution efforts, under the terms of the Brazilian Securities and Exchange Commission Rule No. 476 of January 16, 2009, as amended ("Restricted Offering") under the regime of firm placement guarantee as established in the distribution agreement entered into with the financial institution that is part of the securities distribution system of the Restricted Offering.

The Debentures will bear interest equivalent to 100% (one hundred percent) of the cumulative variation of the interbank deposit rate (DI) plus a surcharge (spread) equivalent to 2.40% (two point forty percent) per annum with a maturity term of 6 (six) years, counted as from the issuance date, with final expiration on December 10, 2027.

The use of proceeds from the Issuance will be the pre-payment of approximately R\$ 200 million Brazilian reais in existing debt outstanding at the current cost of DI plus a spread of 3.50% (three point fifty percent) per annum, as well as to extend the Company's debt maturity and finance the Company's inorganic expansion program.

This Notice to the Market is intended only for informational purposes, as set forth in the prevailing legislation and shall not be construed as a marketing effort for the Debentures.

São Paulo, December 22st, 2021.
