CHAPTER II

CAPITAL AND SHARES

ARTICLE 4: The Company's Authorized Capital is Six Hundred Twenty-Four Billion Pesos (COP 624,000,000,000.00) Colombian legal currency, divided into One Point Five Billion (1,500,000,000) registered shares and capital with a par value of Four Hundred Sixteen Pesos (COP 416.00) each.

ARTICLE 5: The Company's Shares are nominative and capital and may be: **a)** Ordinary; **b)** With a Preferential Dividend and without voting rights; and **c)** Privileged, as permitted by current legal regulations.

Paragraph: Any issuance of Shares may be revoked or modified by the General Assembly, before they are placed or subscribed and are subject to legal requirements.

ARTICLE 6: The Shares into which the Company's capital is divided will circulate in a dematerialized manner and will be represented by a macro Title, which will be kept in custody and its administration in the Centralized Securities Depository of Colombia, which will make the annotations of the subscribers and will keep the Stock Registry Book. Shareholders may request a certificate through their direct depositor, which legitimizes them to exercise the rights inherent to their capacity.

ARTICLE 7: Shareholders must register, with the Company's secretary, the address of their residence or the place where communications or reports are to be sent to them, and it is presumed that the notices or reports sent to the registered address have been given.

ARTICLE 8: The Company may only acquire its own shares by a decision of the Shareholders' Meeting with the favorable vote of the number of subscribed shares determined by law, with funds taken from liquid profits and provided that such shares are fully released.

The reacquisition must be carried out through mechanisms that guarantee equal conditions for all Shareholders. The repurchase price will be set based on a study carried out in accordance with technically recognized procedures.

The rights inherent to the Shares acquired will be suspended while the shares belong to the Company.

Paragraph: The Company may take any of the measures authorized by law with respect to the reacquired shares. The disposal of the reacquired shares will be done through mechanisms that guarantee equal conditions to all Shareholders without the need to draw up a Share Subscription Regulation.

CHAPTER III

TRANSFER AND ENCUMBRANCE OF SHARES

ARTICLE 9: The Company will keep a Share Registry Book, in accordance with the Bylaws and the law. The transfer of the Shares, as well as any attachment, lawsuit, pledge or other encumbrance or limitation of ownership that is related to them, will be made with the entry into account by the Centralized Securities Depository and the registration in the Share Registry Book, in accordance with applicable law.

The Company may delegate the keeping of the Share Registry Book to a third party. Shareholder status will be accredited by means of a certificate issued by the Centralized Securities Depository.

ARTICLE 10: While the Share is listed on a stock exchange, all transfers of shares must be made through it, except for legal exceptions.

In forced sales and judicial awards of nominative Shares, the registration will be made by displaying the original or an authentic copy of the pertinent documents.

ARTICLE 11: The Subscribed Shares not fully released are transferable, but the transfer does not extinguish the obligations of the assignor in favor of the Company, since the Assignor and the Assignee will be jointly and severally liable for the sums owed, without prejudice to the penalties and constraints provided by law.

ARTICLE 12: Unless otherwise stipulated between a Shareholder and his creditor, the pledge will not give the creditor the rights inherent to the quality of a shareholder. The document in which the respective agreement is recorded, once the corresponding registration has been made, will suffice to exercise the rights conferred on the creditor before the Company.

ARTICLE 13: Unless expressly stated otherwise, the usufruct will grant all the rights inherent to the quality of Shareholder, except those of alienation, encumbrance and reimbursement at the time of liquidation.

For the exercise of the rights reserved by the bare proprietor, the respective document will suffice, as established in the previous Article.

ARTICLE 14: As long as the Company keeps its Shares listed on the stock exchange, the rules regarding the minimum values for the trading of shares through said exchange and the "*ex-dividend*" date will be applied, in accordance with the applicable regulations.

ARTICLE 15: It is understood that the acquisition of Shares in the Company under any title or by any system implies acceptance of everything provided in the Bylaws, the Code of Good Governance and any other document issued by the Company that regulates rights and duties of Shareholders and the operation of Corporate Bodies.

CHAPTER IV

SHARE SUBSCRIPTION

ARTICLE 16: The Shares in reserve remain at the disposal of the Board of Directors for their issuance and placement when it deems it appropriate. The subscription regulations will be prepared by the Board of Directors. In the case of Shares with a Preferential Dividend and without voting rights, the regulations must be approved by the Shareholders'

Assembly, unless the Shareholders' Assembly delegates such attribution to the Board of Directors when arranging the issue. In the case of Privileged or Enjoyment Shares, the respective regulation must always be approved by the Shareholders' Assembly.

PARAGRAPH: When it is planned to make the payment of the Shares with assets other than money, its appraisal must be approved by the Shareholders' Assembly.

ARTICLE 17: When authorized by law, shares may be issued for a price lower than the nominal value.

ARTICLE 18: Shareholders holding Ordinary Shares shall have the right to preferentially subscribe in any new issue of Ordinary Shares, an amount proportional to those they hold on the date on which the competent Corporate Body approves the subscription regulations. The Notice of Offer of the shares will be given by the means of communication provided by the Bylaws for the summoning of the Shareholders' Assembly.

The subscription right will be negotiable from the date of the Notice of Offer.

The Right of Preference in the subscription will not proceed in the issuance of shares other than Ordinary Shares. Notwithstanding the foregoing, in each case the competent Corporate Body may establish that a specific issue of shares other than Ordinary Shares will be subscribed, subject to the Right of Preference, in accordance with the law and the Bylaws.

ARTICLE 19: The Share Subscription Regulations will contain:

1. The number of Shares offered, which may not be less than those issued.
2. The proportion and manner in which they may be subscribed.
3. The period of the offer, which will not be less than fifteen (15) business days nor will it exceed one (1) year.
4. The price at which they are offered.
5. The terms for the payment of the Shares, expressly indicating the amount that must be covered at the time of subscription and the maximum period to pay the pending installments.

Said regulation will be submitted for the approval of the competent authority in case the law so requires.

PARAGRAPH: In no case shall it be required that the price at which the Shares are offered be determined through studies carried out in accordance with technically recognized procedures.

When a Shareholder is in default of paying the quotas of the Shares that he has subscribed, he will not be able to exercise the rights inherent to them. For this purpose, the Company will write down the payments made and the outstanding balances.

If the Company has overdue obligations for installments of the Subscribed Shares, which are the responsibility of the Shareholders, at the choice of the Board of Directors, it will go to judicial collection or to sell at the risk of the defaulter through a commission agent, the Shares that have been subscribed, or to allocate the sums received for the release of the number of Shares corresponding to the installments paid, after the deduction of twenty percent (20%) as compensation for damages, which will be presumed caused.

The Shares that the Company withdraws from the defaulting Shareholder will be placed immediately.

CHAPTER V

REPRESENTATION; MANDATE

ARTICLE 20: Shareholders may be represented before the Company for any of the statutory or legal acts by proxy designated by any written means or electronic document.

The Company will recognize the representation thus conferred, from the moment in which it receives the corresponding communication.

PARAGRAPH: In the Power-of-Attorney conferred for a meeting of the Shareholders' Assembly, the name of the proxy will be indicated; the person in whom he/she can replace him/her, if applicable; and the date or time of the respective meeting. The Power-of-Attorney may comprise two or more meetings of the Shareholders' Assembly.

ARTICLE 21: Each Shareholder, whether a natural or legal person, may only designate one (1) individual to represent them at the Shareholders' Assembly, regardless of the number of Shares held.

ARTICLE 22: The Shares will be indivisible with respect to the Company and, consequently, when for any legal or conventional reason a Share belongs to several persons, they must designate a common and sole representative who exercises the rights corresponding to the quality of Shareholder. In the absence of agreement, the judge of the Corporate Domicile will designate the representative of such actions, at the request of any interested party.

ARTICLE 23: The Executor with possession of goods will represent the actions that belong to the illiquid succession. Being several, the Executors will designate a single representative, unless one of them had been authorized by the judge for that purpose. In the absence of an Executor, the person elected by a majority vote of the successors recognized in the trial will be the representative.

ARTICLE 24: Except in cases of legal representation, the Company Administrators and Employees may not represent Shares other than their own at the Shareholders'

Assembly, while they are in office, nor substitute the Powers-of-Attorney conferred on them. The Fiscal Auditor may not act as agent in any case.

CHAPTER VI

FUNDAMENTAL RIGHTS OF SHAREHOLDERS

ARTICLE 25: Each share will confer to its owner the following rights:

1. Participate in the decisions of the Shareholders' Assembly and vote in it. This right applies to those who own Ordinary Shares.
2. Receive a proportional part of the Corporate benefits established by the Financial Statements at the end of the fiscal year, subject to the provisions of the law, the Bylaws and the respective placement regulations.
3. Freely negotiate the Shares, unless the Right of Preference is stipulated in favor of the Company, the Shareholders or both.
4. Freely inspect the books and Corporate papers during the period of summoning the General Assembly meetings in which the Year-End Financial Statements are examined or Balance Sheets are to be approved for the purposes of a merger, spin-off or Company transformation.
5. Receive a proportional part of the Corporate assets, at the time of liquidation and once the Company's external liabilities have been paid.
6. Have access to relevant information regarding the Company's governance, in accordance with the relevant legal provisions, as well as receive objective information, as established in the Company's Code of Good Governance.
7. Request authorization from the Company's Management to commission, at its expense and under its responsibility, specialized audits under the terms and conditions established in the Code of Good Corporate Governance. This right is extended to all persons who own any type of security issued by the Company.

ARTICLE 26: In the cases of transformation, merger or scission, in which a greater responsibility is imposed on the Shareholders or imply a deterioration of their patrimonial rights, according to the terms of the law, the absent or dissenting Shareholders will have the right to withdraw from the Company. Shareholders shall have the same right in the events of the voluntary cancellation of the registration in the National Securities Registry or in the stock exchange of the respective type of share of which they are holders.

CHAPTER VII

THE SHAREHOLDERS' ASSEMBLY

ARTICLE 27: The Shareholders' Assembly is formed by the Shareholders or their representatives meeting with the quorum and the other formalities provided for in the

Bylaws. Each Shareholder will have as many votes as Shares he or she owns, with the restrictions that the law imperatively and inescapably establishes.

ARTICLE 28: The Shareholders' Assembly will be chaired by the Company's CEP, by any of the Legal Representatives, and – in the absence of the aforementioned – by the Shareholder or Share representative designated by the Assembly itself.

ARTICLE 29: The meetings of the Shareholders' Assembly will be Ordinary or Extraordinary. The first will be held within the first three (3) months of the calendar year to examine the Company's situation, appoint the Administrators and other officials of its choice, consider the General-Purpose Individual and Consolidated Financial Statements of the last fiscal year, decide on the distribution of profits and adopt the other decisions that correspond to it.

If the Shareholders' Assembly is not called for an Ordinary Meeting, the Assembly will meet in its own right on the first business day of April, at ten o'clock in the morning (10:00 AM) at the main office of the Company's Administration. In this case, the presence of one or more Shareholders will suffice to meet and decide validly, regardless of the number of shares represented. Extraordinary meetings of the Shareholders' Assembly will be held when required by the needs of the Company, by a summons from the Board of Directors, the Company CEO or the Fiscal Auditor, or when ordered by official bodies that have legal competence to do so.

PARAGRAPH ONE: Those who, in accordance with this Article, can summon the Shareholders' Assembly must also do so when requested by Shareholders representing at least one fifth (1/5) of the Subscribed Shares.

PARAGRAPH TWO: The provisions of this Article do not prevent non-face-to-face, or mixed meetings from being held, or make decisions by written vote, in the terms authorized by law.

ARTICLE 30: The meetings of the Shareholders' Assembly will be summoned by a notice in any newspaper of the Company's registered office, or by any written means addressed to all Shareholders. When the meeting is Extraordinary, the Order of the Day will be inserted in the notice.

For the meetings in which the General-Purpose Individual and Consolidated Financial Statements at the end of the fiscal year must be approved, or when there is an express legal provision, the summon will be made at least twenty-five (25) calendar days in advance. In all other cases, an advance notice of five (5) calendar days will suffice. For the computation of these terms, the day of the summon or the day on which the meeting is to be held shall not be considered.

PARAGRAPH ONE: In the event that the Assembly were to make decisions regarding which the law, the Bylaws, or the Subscription Regulations confer to the holders of Shares with a Preferential Dividend and without voting rights, the right to vote, in the summons,

it must be stated that the Shareholders holding these shares will have the right to speak and vote at the meeting.

PARAGRAPH TWO: As long as the Share remains registered in the stock market, when it is intended to discuss the increase of the Authorized Capital or the decrease of the Subscribed Capital, the respective point must be included in the Order of the Day indicated in the summons, under the penalty of ineffectiveness of the respective decision. In these cases, the Company Administrators will prepare a report on the reasons for the proposal, which must be made available to the Shareholders during the summons period at the Company's Administration Offices. In cases of a scission, merger and transformation, the respective projects must be kept at the disposal of the Shareholders at the offices of the Company's main domicile, at least during the same period as the summoning of the meeting where the proposal is to be considered. Likewise, the point must be included in the summons and the possibility that Shareholders have of exercising the Right of Withdrawal must be expressly indicated, under penalty of ineffectiveness of the decision.

Notwithstanding the foregoing, the Shareholders' Assembly may meet anywhere, deliberate and decide validly, without prior notice when all the Subscribed Shares are represented.

PARAGRAPH THREE: Shareholders have the right to propose the introduction of one or more items to be debated on the Order of the Day of the Shareholders' Assembly and to present alternative proposals to those presented by Management or another Shareholder.

The aforementioned proposals must be sent to the Secretary General by any written means within three (3) calendar days following the publication of the respective summons, who will inform the Board of Directors.

In the event that the Board of Directors does not consider it pertinent to accept the proposals to modify the Order of the Day or the alternative proposals, it is obliged to respond in writing to those requests supported by Shareholders holding Ordinary Shares that represent five percent (5%) or more of the Outstanding Shares, explaining the reasons that motivate their decision and informing the Shareholders of the right they have to present their proposals during the Assembly, in accordance with the provisions of Article 182 of the Commercial Code.

In the event that the Board of Directors accepts the request, after the Shareholders have exhausted the time to propose topics in accordance with the provisions of this paragraph, not less than one (1) calendar day in advance of the date of the meeting, a supplement to the summons will be published in which the topics proposed by the Shareholders will be included.

In any case, the Shareholders retain the right to present their proposals during the Shareholders' Assembly, which will be debated when so decided by the simple majority of the Shares represented at the meeting.

PARAGRAPH FOUR: Up to two (2) business days prior to the date scheduled for the holding of the respective meeting, the Shareholders may, by means of a communication addressed to the Investor Service Office, formulate in writing the questions they deem necessary in relation to the matters included in the Order of the Day, the documentation received or on the public information provided by the Company or they may request the information or clarifications they deem pertinent.

In the event that it is considered that the requested information **i)** is not pertinent; **ii)** is irrelevant to knowing the Company's progress or interests; **iii)** is confidential, which will include privileged information in the field of the stock market, industrial secrets, operations in progress whose good outcome for the Company substantially depends on the secrecy of its negotiation; **iv)** upon disclosure, it could be used to the Company's detriment or delivered for the benefit of competing shareholders; or **v)** upon disclosure, it would put the Company's competitiveness in imminent and serious danger, the Company may refuse to deliver it.

When the information provided or the response provided to a Shareholder may put him or her at an advantage, the Company will publish a copy of said information or response on the Website.

ARTICLE 31: There will be a quorum to deliberate both at Ordinary and Extraordinary meetings, with a plural number of Shareholders representing at least one-half plus one ($1/2 + 1$) of the Subscribed Shares with voting rights.

If – due to a lack of quorum the Assembly cannot meet, a new meeting will be summoned on second call in which it will meet and validly decide with one or several Shareholders, regardless of the number of shares represented. The new meeting must be held not before ten (10) days nor after thirty (30), both periods of business days, counted from the date for the first meeting.

PARAGRAPH ONE: The Company's own reacquired Shares that it has in its possession will not be computed, in any case, for the conformation of the quorum.

Article 32: The functions of the Shareholders' Assembly are:

1. Freely elect and remove the members of the Board of Directors, as well as set their remuneration.
2. Freely appoint and remove the Fiscal Auditor and the Alternate and set their remuneration.
3. Approve the Board of Directors' Remuneration and Succession Policy.
4. Provide that a certain issuance of Ordinary Shares be verified without being subject to the Right of Preference.

5. Examine, approve, reject, modify and conclude the General-Purpose Individual and Consolidated Financial Statements, as required by law, in the same way as considering the Reports from the Administrators and the Fiscal Auditor.
6. Decree the distribution of profits; set the amount of the dividend and the form and periods in which it will be paid; provide what Reserves must be made, in addition to the legal ones; and allocate a part of them for charitable, civil or educational purposes.

PARAGRAPH: Items for the latter purposes may also be authorized as Company expenses.

7. Reform the Bylaws in accordance with legal provisions. For the purposes of approving the amendments to the Bylaws, each group of Articles that is substantially independent will be voted on separately. However, if any Shareholder or group of Shareholders, representing at least five percent (5%) of the Social Capital, so requests during the Shareholders' Assembly, one or more Articles may be voted separately.
8. Create and place Shares with a Preferential Dividend and without voting rights.
9. Adopt the decision to initiate the social action of responsibility against the Administrators.
10. Decide regarding the Company's segregation. For this purpose, segregation is understood as the definition established in the applicable regulations on the matter.

PARAGRAPH: With the legal, statutory or Good Governance Code exceptions, the Shareholders' Assembly may delegate functions, for specific cases, to the Board of Directors.

The functions established in Numbers 1, 3 and 10 above may not be delegated to the Board of Directors or Senior Management.

ARTICLE 33: All decisions, agreements, decrees, work and deliberations of the Shareholders' Assembly shall be recorded in a Book of Minutes.

Each Minutes shall bear the signatures of the Chairman and the Secretary of the Assembly and shall be approved by a committee of two (2) persons designated by the same Corporate Body, who shall record their approval or their comments in the final part of the document.

CHAPTER VIII

ARTICLE 34: The decisions of the Shareholders' Assembly will be made by a majority of the votes present, except for the following exceptions:
