

President of Grupo Argos since 2016. He has extensive experience in the cement and concrete industry and in matters such as corporate strategy, business management, international business, corporate finance and sustainability. He is a member of the Board of Directors of Celsia and Odinsa. He is a member of the Board of Directors of the School of Engineering of Antioquia and non-profit entities, which allows him to have a deep understanding of the dynamics of the economy, social challenges and the business environment in Colombia and in the Americas.

At Cementos Argos S.A. he is a member of the Appointments and Remuneration Committee through which he has accompanied the definition and monitoring of the company's talent management strategy, framed not only in the best practices and standards but also in the company's culture and values.
