1 Operations

Vinci Partners Investments Ltd. Is an exempted company incorporated in the Cayman Islands (referred to herein as "Entity", "Group" or "Vinci"). The Group started its activities in September 2009. Its objective is to hold investments in the capital of other companies as partner (shareholder). The investees are specialized in rendering alternative investment management, asset allocation and financial advisory services.

The registered office of the Entity is at Harneys Fiduciary (Cayman) Limited, 4th Floor, Harbour Place, 103 South Church Street, P.O. Box 10240, Grand Cayman KY1-1002, Cayman Islands.

2 Summary of significant accounting policies

2.1 Basis of preparation and presentation

The unaudited interim condensed consolidated financial statements (herein referred to "interim consolidated financial statements") have been prepared in accordance with IAS 34 Interim Financial Reporting as issued by the International Accounting Standards Board ("IASB").

The unaudited interim condensed consolidated financial statements do not include all the information and disclosures required in the annual financial statements and should be read in conjunction with the Group's annual consolidated financial statements as of December 31, 2022.

The accounting policies adopted are consistent with those of the previous financial year and corresponding interim reporting period.

The unaudited interim condensed consolidated financial statements are presented in Brazilian reais ("R$"), and all amounts disclosed in the financial statements and notes have been rounded off to the nearest thousand currency units unless otherwise stated.

The issuance of these financial statements was authorized by the Entity's management on August 10, 2023.

(a) Interim consolidated financial statements

Vinci operates as an asset management firm. The Group focuses on private markets, liquid strategies, financial advisory, investment products and solutions, and retirement services, which comprise the main activity of the Group.

The Group controls an entity where the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the activities of the entity.
Also, the Entity holds interest in subsidiaries whose main purpose and activities are providing services that relate to the Entity's activities. Therefore, the Entity consolidates these subsidiaries.

Ownership interest in subsidiaries on June 30, 2023 and December 31, 2022 are as follows:

(1) Minority interest represents less than 0.001%.
(3) Under the terms of IFRS 10, the Entity does not consolidate its investment in Vinci Monalisa FIM Crédito Privado IE and measures at fair value through profit or loss in accordance with IFRS 9.
(4) Vinci has an indirect interest at Vinci Vida e Previdência of 85% through its subsidiary Vinci Holding Securitária Ltda., which holds 100% of ownership interest at Vinci Vida e Previdência.
(5) On 16 August 2022, Vinci Soluções de Investimentos Ltda. acquired 90% of the issued share capital of SPS Capital Gestão de Recursos Ltda. The acquisition gives to Vinci Soluções de Investimentos the right of 100% on the economic interest of SPS Gestão de Recursos Ltda.

Subsidiaries are all entities (including structured entities) over which the Group has control. Subsidiaries are fully consolidated from the date on which control is transferred to the Group. They are deconsolidated from the date that control ceases.

Inter-company transactions, balances and unrealized gains on transactions between Group companies are eliminated. Unrealized losses are also eliminated unless the transaction provides evidence of an impairment of the transferred asset. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the Group.

Non-controlling interests in the results and equity of subsidiaries are shown separately in the consolidated statement of profit or loss, consolidated statement of comprehensive income, consolidated statement of changes in equity and consolidated balance sheet respectively.

The Group treats transactions with non-controlling interests that do not result in a loss of control as transactions with equity owners of the Group. A change in ownership interest results in an adjustment between the carrying amounts of the controlling and non-controlling interests to reflect their relative interests in the subsidiary. Any difference between the amount of the adjustment to non-controlling interests and any consideration paid or received is recognized in another reserve within equity attributable to owners of Entity.
When the Group ceases to consolidate an investment or account for it under equity method because of a loss of control, joint control or significant influence, any retained interest in the entity is remeasured to its fair value, with the change in carrying amount recognized in profit or loss. This fair value becomes the initial carrying amount for the purposes of subsequently accounting for the retained interest as an associate, joint venture or financial asset. In addition, any amounts previously recognized in other comprehensive income in respect of that entity are accounted for as if the group had directly disposed of the related assets or liabilities. This may mean that amounts previously recognized in other comprehensive income are reclassified to profit or loss.

2.2 Segment reporting

During January 2021, the members of the Board of Directors of Vinci Partners Investments Ltd were appointed. Under the supervision of the Board of Directors, the CEO is responsible for the decision-making process related to executive themes, resources allocation and strategic decisions of Vinci.

The strategic decisions of the Group comprise five distinct business segments: (i) Private market strategies, (ii) Liquid strategies, (iii) Investment products and solutions; (iv) Financial advisory and (v) Vinci retirement services (Note 20).

Strategies were sorted out within business segments following technical and strategic similarities among funds' attributes, such as management and performance fee structures, liquidity constraints, targeted returns and investor profile.

3 Accounting estimates and judgments

The Entity makes estimates and assumptions concerning the future, based on historical experience and other factors, including expectations of future events. The resulting accounting estimates will, by definition, seldom equal the related actual results. The main estimations and assumptions made by the Entity is included as follow:

- Allowance of expected credit losses of accounts receivable.
- Provision for profit sharing.
- Consolidation of subsidiaries.
- Fair value measurement of financial assets.
- Provision for contingent liabilities.
- Impairment for goodwill and other intangible assets.
- Fair value measurement of contingent consideration.
- Fair value of share-based payments.

4 Financial risk management

The main risks related to the financial instruments are credit risk, market risk, and liquidity risk, as defined below. The management of such risks involves various levels in the Entity and comprehends a number of policies and strategies. The Group's risk management focuses on the unpredictability of financial markets and seeks to mitigate potential adverse impacts on the Group's financial performance.

4.1 Financial risk factors

This note explains the Group's exposure to financial risks and how these risks could affect the Group's future financial performance. Current year profit and loss information has been included where relevant to add further context.

All amounts in thousands of reais, unless otherwise stated

The Group's risk management is predominantly controlled by a risk assessment department under process and controls approved by the management. The management provides written process and controls for overall risk management, as well as policies covering specific areas, such as foreign exchange risk, interest rate risk, credit risk, use of derivative financial instruments and non-derivative financial instruments, and investment of excess liquidity.

(a) Credit risk

Credit risk arises from cash and cash equivalents, contractual cash flows of debt investments carried at amortized cost, at fair value through profit or loss (FVTPL), and deposits with banks and financial institutions, as well as credit exposures to wholesale and retail customers, including outstanding receivables.

(i) Risk management

Vinci's treasury manages credit risk on a group basis. As of June 30, 2023, and 2022 the expected credit losses are considered immaterial due to the short maturities of the deposits and the credit quality of the main counterparty, which have a credit rating AAA evaluated by Fitch Ratings. The Entity has not suffered any losses from cash and cash equivalent since inception. Vinci's treasury review expected credit losses on a regular basis.

(ii) Impairment of financial assets

The Group has the following types of financial assets that are subject to the expected credit loss model:

- Accounts receivable.
- Debt investments carried at amortized cost.

While cash and cash equivalents are also subject to the impairment requirements of IFRS 9, the expected impairment loss was immaterial.

(b) Market risk

(i) Foreign exchange risk

At the reporting date, the carrying amount value of the Group’s financial assets and liabilities exposed to US Dollars were as follows:

Balance sheet	**06/30/2023**	**12/31/2022**
Cash and cash equivalents	31,318	30,087

Financial expense	(775)	(2,986)	(620)	-
Net foreign exchange result, net	**(775)**	**(900)**	**(620)**	**444**

The Group operates internationally and is exposed to foreign exchange risk, exclusively the US dollar.

Foreign exchange risk arises from future commercial transactions and recognized assets and liabilities denominated in a currency that is not the functional currency of the Group.

(ii) Interest rate risk

The Group's profit or loss is sensitive to higher/lower interest income from cash equivalents and fixed income funds as a result of changes in interest rates.

(iii) Price risk

The Group's exposure to investment securities price risk arises from investments held by the group and classified in the balance sheet at fair value through profit or loss (note 5).

To manage its price risk arising from investments in investment securities, the Group diversifies its portfolio. Diversification of the portfolio is done in accordance with the limits set by the Group.

The majority of the Group's financial investments that are exposed to significant price risk are the private equity investments and investments held by Monalisa FIM. Note 5(d) demonstrates the sensitivity analyses of impact for the assets held by the Group.

(c) Liquidity risk

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit facilities to meet obligations when due and to close out market positions. At the end of the reporting period the Group held bank deposits and certificates of deposits of R$ 153,992 (12/31/2022 – R$ 136,581) that are expected to readily generate cash inflows for managing liquidity risk.

(d) Sensitivity analysis

The Group monitors and evaluates the market risk related to its financial investments portfolio periodically to assess its volatility, through changes that can significantly impact its financial results. Considering a period of one day and the historical results over the past year, the following Value at Risk (VAR) parameters were used:

- 0.24% (or R$ 3.0 million) of the financial investment portfolio for a confidence interval of 95% on June 30, 2023 (0.18% or R$ 2.4 million on December 31, 2022).
- 0.41% (or R$ 5.2 million) of the financial investment portfolio for a confidence interval of 99% on June 30, 2023 (0.30% or R$ 3.95 million on December 31, 2022).

Additionally, the Group evaluated the financial investment portfolio on June 30, 2023 and December 31, 2022, through stress scenarios according to the main risk factors related to its investments, as presented in the table below:

			Financial Impact (**)	
Risk Factor	**Variation in**	**Stress Scenario (*)**	**06/30/2023**	**12/31/2022**
Current inflation	Inflation index	-100bps	11.9	1.6
Exchange traded real estate funds	Share prices	-10%	(17.8)	(17.9)
Brazilian stock prices	Share prices	-10%	(7.0)	(5.8)
Fixed-rate offshore rates	US yield curve	-100bps	(2.1)	(1.8)
Foreign exchange rate	Foreign exchange rates	10% (***)	5.4	4.1
Domestic base overnight rate	Domestic base overnight rate	-100bps	(5.8)	(6.9)

(*) bps - basis point (1bps = 0,01%)
(**) In millions of Brazilian reais
(***) Brazilian reais devaluation against US Dollars

An equal change in the opposite direction of the stress scenario would have affected the financial investment portfolio by a similar amount, on the basis that all other variables remain constant.

5 Financial instruments

All amounts in thousands of reais, unless otherwise stated

This note provides information about the group's financial instruments, including:

- an overview of all financial instruments held by the Group
- specific information about each type of financial instrument
- accounting policies
- information about determining the fair value of the instruments, including judgements and estimation uncertainty involved.

The Group classifies its financial assets in the following measurement categories:

- those measured at fair value or through profit or loss, and
- those measured at amortized cost.

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gains and losses will be recorded in profit or loss.

Recognition and derecognition

Regular way purchases and sales of financial assets are recognized on trade date, being the date on which the group commits to purchase or sell the asset. Financial assets are derecognized when the rights to receive cash flows from the financial assets have expired or have been transferred and the group has transferred substantially all the risks and rewards of ownership.

Measurement

At initial recognition, the group measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss (FVPL), transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at FVPL are expensed in profit or loss.

The Group holds the following financial instruments:

Financial assets	**Section**	**06/30/2023**	**12/31/2022**
Accounts receivable	(a)	83,216	74,973
Other financial assets at amortized cost	(b)	5,296	6,356
Cash and cash equivalents	(d)	153,992	136,581
Financial assets at fair value through profit or loss (FVPL)	(c)	1,189,235	1,249,749
		1,431,739	**1,467,659**
Financial liabilities			
Liabilities at amortized cost	(e)	63,369	99,275
Lease liabilities	(e)	78,466	86,211
Loans and financing	(e)	180,413	175,290
		322,248	**360,776**

The Group's exposure to risks associated with the financial instruments is discussed in Note 4. The maximum exposure to credit risk at the end of the reporting period is the carrying amount of each class of financial assets mentioned above.

All amounts in thousands of reais, unless otherwise stated

a) Accounts receivable

Current assets	06/30/2023	12/31/2022
Accounts receivable from contracts with customers	66,478	57,841
Loss allowance	(166)	(166)
Non-current assets		
Accounts receivable from contracts with customers	16,904	17,298
	83,216	**74,973**

Accounts receivables are recognized initially at the amount of consideration that is unconditional and are not submitted to any financial components. They are subsequently measured at amortized cost, less loss allowance.

Current accounts receivable are amounts due from customers for services performed in the ordinary course of business. They are generally due for settlement within 30 days and are therefore classified as current in its entirety. Due to the short-term nature of the current receivables, their carrying amount is considered to be the same as their fair value.

Non-current accounts receivable are unrealized performance fees that management, with accumulated experience, estimate that it is highly probable that a significant reversal will not occur.

The Entity use a provision matrix to calculate expected credit losses and the exposure to credit risk from receivables are reviewed on a regular basis. Accounts receivable allowance for expected credit losses are presented in general and administrative expense.

The loss allowances for accounts receivable as of June 30, 2023 and December 31, 2022 reconcile to the opening loss allowances as follows:

	06/30/2023	12/31/2022
Opening loss allowance on January 1	(166)	(170)
Increase in accounts receivable allowance recognized in profit or loss	-	4
Closing loss allowance on June 30 / December 31	(166)	(166)

Accounts receivables are written off when there is no reasonable expectation of recovery. Indicators that there is no reasonable expectation of recovery include, among others, the failure of a debtor to engage in a repayment plan with the group, and a failure to make contractual payments. The Entity has not written any amount of accounts receivable during 2023 and 2022. Subsequent recoveries of amounts previously written off are credited against the same line item.

b) Other financial assets at amortized cost

Financial assets at amortized cost refer to the following debt instruments:

	06/30/2023	12/31/2022

Employees loans (Note 6 (i))	5,296	6,356

These amounts generally arise from transactions outside the usual operating activities of the group. Interest may be charged at commercial rates and collateral is not normally obtained.

All the financial assets at amortized cost are denominated in Brazilian currency units. As a result, there is no exposure to foreign currency risk. There is also no exposure to price risk as the investments will be held to maturity.
See note 6 for more details.

c) Financial assets at fair value through profit or loss

The group classifies the following financial assets at fair value through profit or loss (FVPL):

- Mutual funds;
- Private markets funds.

Financial assets measured at FVPL include the following categories:

	06/30/2023	**12/31/2022**
Current assets	**1,182,812**	**1,243,764**
Mutual funds	1,182,812	1,243,764
Non-current assets	**6,423**	**5,985**
Private markets funds	6,423	5,985

The following tables demonstrate the funds invested included in each category mentioned above.

(a) Fair value hierarchy

All amounts in thousands of reais, unless otherwise stated

This section explains the judgments and estimates made in determining the fair values of the financial instruments that are recognized and measured at fair value through profit or loss in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the group has classified its financial instruments into the three levels prescribed under the accounting standards. An explanation of each level follows underneath the table.

	On June 30, 2023			
Recurring fair value measurements	**Level 1**	**Level 2**	**Level 3**	**Total**
Financial Assets				
Certificate of deposits	-	122,589	-	122,589
Mutual funds	-	1,182,812	-	1,182,812
Private equity funds	-	-	6,423	6,423
Total Financial Assets	**-**	**1,305,401**	**6,423**	**1,311,824**

	On December 31, 2022			
Recurring fair value measurements	**Level 1**	**Level 2**	**Level 3**	**Total**
Financial Assets				
Certificate of deposits	-	106,473	-	106,473
Mutual funds	-	1,243,764	-	1,243,764
Private equity funds	-	-	5,985	5,985
Total Financial Assets	**-**	**1,350,237**	**5,985**	**1,356,222**

Level 1: The fair value of financial instruments traded in active markets (such as publicly traded real estate funds) is based on quoted market prices at the end of the reporting period. The quoted market price used for financial assets held by the group is the current bid price. These instruments are included in level 1.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximize the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Vinci Monalisa is a financial instrument classified as level 2. Its portfolio is comprised of items that could be classified as level 1, level 2 and level 3, in the amount of R$ 129,162, R$ 795,664 and R$ 179,906, respectively (2022: R$ 172,228, R$ 743,479 and R$ 111,623, respectively).

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities.

(b) Valuation techniques used to determine fair values

Specific valuation techniques used to value financial instruments include:

- the use of quoted market prices

- for level 3 financial instruments – discounted cash flow analysis.

All non-listed assets fair value estimates are included in level 2, except for private equity funds, where the fair values have been determined based on fair value appraisals for fund's investments, performed by the fund's management (Vinci Capital and Vinci Infra) or a third party hired by the Fund’s Administrator. The most part of the level 3 financial instruments evaluation uses discount cash flows techniques to evaluate the fair value of the Fund's investments. The appraisals performed by a third party are reviewed by Vinci or its subsidiaries (fund's management).

(a) Business Combination

(i) Summary of acquisition

On 16 August 2022, Vinci Soluções de Investimentos Ltda., a wholly owned subsidiary of Vinci, acquired 90% of the issued share capital of SPS Capital Gestão de Recursos Ltda (“SPS”), a leading independent alternative asset manager focused on the Special Situations segment in Brazil. The total purchase consideration was 184,432, including a contingent consideration (earn-out).

Contingent Consideration (Earn-out)

In the event that certain pre-determined fundraising and incremental management fee is achieved for the years ended until December 31, 2026, an additional consideration in VINP’s Class A common shares through an earnout structure will be paid in 2027, up to a maximum number of 1.7 million shares.

(b) Non-controlling interests (NCI)

Set out below is summarized financial information for each subsidiary that has non-controlling interests that are material to the group. The amounts disclosed for each subsidiary are before inter-company eliminations.

9 Intangible assets

Intangible assets include expenditures with the development of the software and the goodwill generated by the acquisition of SPS. The software development comprises mainly products for Risk System and Portfolio Allocation, whose purpose is to evaluate the risk of the funds and to allocate the clients' portfolio and systems and applications which are being developed to support retirement services applications.

The Entity assesses at each reporting date whether there is an indication that an intangible asset may be impaired. If any indication exists, the Entity estimates the asset's recoverable amount. There were no indications of impairment of intangible assets for the period ended June 30, 2023 and December 31, 2022.

(a) Refers to amounts capitalized relating to agreements with investments placement agents relating to funds raised from foreign investor in offshore funds. These amounts are amortized based on the estimated duration of the related funds. In case of an early liquidation of the funds, the amortization period is adjusted, or if there is an indication of impairment, an impairment evaluation is performed and recognized, if necessary.

All amounts in thousands of reais, unless otherwise stated

(b) Goodwill has an indefinite useful life and are not subject to amortization. Goodwill is tested annually for impairment, or more frequently if events or changes in circumstances indicate that they might be impaired. At December 31, 2022, goodwill was tested and any provision for impairment losses was identified by Vinci.

(c) Refers to the purchase and price allocated to Fund's Management Contracts as a result of SPS acquisition. These amounts are amortized based on the duration of the related funds.

Other assets than Goodwill are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognized for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or groups of assets (cash-generating units).

(i) Commercial Notes

On August 15, 2022, Vinci Soluções de Investimentos Ltda,. a subsidiary of Vinci, issued 80,000 commercial notes in the total amount of R$ 80,000 (R$ 1,000.00 reais for each commercial note). The commercial notes will be subject to public distribution 90 days after the issuing date. The main characteristics of the financial instrument are indicated below:

Term and expiration date: 5 (five) years, ending on August 15, 2027.
Interest rate: 100% of the daily rates of interbank deposits (“DI”) plus a spread of 2.15% on annually basis.
Amortization: On semi-annually basis, beginning on February 15, 2023.

Commercial Notes comprises a financial liability evaluated at amortized cost. Interest expense is calculated using the effective interest method and is recognized in profit or loss as part of financial expense.

Accordingly, to the terms of the agreement, the Group is committed to be compliant with financial covenants, on an annual basis and beginning on December 31, 2022. The entity was in compliance with the covenants as of December 31, 2022.

The following table presents the changes in the Commercial Notes up the period ended June 30, 2023 and December 31, 2022:

(ii) Consideration payable

Accordingly, to Note 7(a), Vinci acquired SPS Capital Gestão de Recursos Ltda on August 16, 2022. As part of the deal, Vinci assumed a financial obligation to be paid in the second anniversary of the closing date. The amount as of June 30, 2023 and December 31, 2022 is R$ 45,812 and R$ 43,579, respectively. Consideration payable is financial liability evaluated at amortized cost. Interest expense is calculated using the effective interest method and is recognized in profit or loss as part of financial expense.

(iii) Contingent consideration

Vinci shall pay an additional consideration in VINP's Class A shares through an earnout structure to be paid in 2027, up to a maximum number of 1.7 million shares, subject to the achievement of certain fundraising and incremental management fee revenue targets. The amount reflects the fair value of the obligation, based on the terms of the purchase agreement and how the current economic environment is likely to impact it, accordingly to Vinci's best estimative. Changes in fair value of the contingent consideration that qualify as measurement period adjustments are adjusted retrospectively, with corresponding adjustments against goodwill.

On June 30, 2023, Vinci revaluated the fair value of the obligation based on the economic conditions at the date, resulting in an increase of the contingent consideration fair value. The variation was recognized as an expense in the financial result in the amount of R$ 3,227 for the six-month period ended June 30, 2023.

15 Retirement plans liabilities

During the second quarter of 2023 Vinci starts its retirement services operations. As of June 30, 2023, active plans are principally accumulation of financial resources through products PGBL (Free Benefit Generator Plan) and VGBL (Free Benefit Generator Life) structured in the form of variable contribution, for the purpose of granting participants with returns based on the accumulated capital in the form of monthly withdraws for a certain term or temporary monthly withdraws.

In this respect, such financial products represent investment contracts that have the legal form of retirement plans, but which do not transfer insurance risk to the Group. Therefore, contributions received from participants are accounted for as liabilities and balance consists of the balance of the participant in the linked Specially Constituted Investment Fund ("FIE") at the reporting date (Note 5). On June 30, 2023 the Retirement plan liabilities are 13,401.

16 Equity

(a) Capital

The capital comprises 42,447,349 Class A shares and 14,466,239 Class B shares with a par value of US$ 0.00005 each.

The Class A common shares have been approved for listing on the Nasdaq Global Select Market, or Nasdaq, under the symbol "VINP." Vinci has two classes of common shares: Class A common shares and our Class B common shares.

Class B common shares carry rights that are identical to the Class A common shares, except that (1) holders of Class B common shares are entitled to 10 votes per share, whereas holders of our Class A common shares are entitled to one vote per share; (2) holders of Class B common shares have certain conversion rights; (3) holders of Class B common shares are entitled to preemptive rights in the event that additional Class A common shares are issued in order to maintain their proportional ownership interest; and (4) Class B common shares shall not be listed on any stock exchange and will not be publicly traded.

(b) Transactions costs

Transactions costs comprises the expenses incurred by the Entity in connection with the IPO.

(c) Retained earnings

Retained earnings comprises the net profit generated by the Entity which were not distributed to their shareholders or approved to be distributed by the Entity management.

(d) Other reserves

Comprises the exchange variation in investments made on investees which have a functional currency other than Brazilian Reais, the Entity functional currency. When a foreign operation is sold, the associated exchange differences are reclassified to profit or loss, as part of the gain or loss on sale.

(e) Dividends

On February 10, 2023, Vinci declared a quarterly dividend distribution of US$ 0.17 per common share to shareholders as of February 28, 2023, totalizing US$ 9,328 (R$ 49,015), paid on March 9, 2023.

On May 11, 2023, Vinci declared a quarterly dividend distribution of US$ 0.16 per common share to shareholders as of May 25, 2023, totalizing US$ 8,729 (R$ 43,651), paid on June 9, 2023.

Once dividends are declared and approved by the board of directors, they will be paid on proportional basis to the owners of the common shares.

(f) Treasury shares

When shares recognized as equity are repurchased, the amount of the consideration paid, which includes directly attributable costs, is recognized as a deduction from equity. Repurchased shares are classified as treasury shares and are presented in the treasury share reserve. When treasury shares are sold or reissued subsequently, the amount received is recognized as an increase in equity and the resulting surplus or deficit on the transaction is presented within the additional paid-in capital.

On May 6, 2021, the Company announced the adoption of its share repurchase program in an aggregate amount of up to R$ 85 million (the "Repurchase Program"). The Repurchase Program may be executed in compliance with Rule 10b-18 under the Exchange Act. The program shall be permitted to commence after the date it is publicly disclosed and does not have a specified expiration date. Buybacks shall be made from time-to-time in the open market and negotiated purchases. The specific prices, numbers of shares and timing of purchase transactions shall be determined by the Company from time to time in its sole discretion.

On September 14, 2021, the Company intended to benefit from the affirmative defense provided by Rule 10b5-1 promulgated by the Securities and Exchange Commission under the Securities Exchange Act of 1934. The Repurchase Program previously approved comply with the requirements of Rule 10b5-1 and will be carried out exclusively by J.P. Morgan Securities LLC ("JPMS"). JPMS acts as agent on behalf of Vinci and in accordance with the following terms:

- The program is permitted to commence on October 1, 2021 and does not have a specified expiration date.
- Buybacks shall be made in compliance with Rule 10b5-1(c)(1) under the Exchange Act;
- The Repurchase Program respects the total amount of up to R$85 million, as previously approved.

On June 16, 2022, the Company announced a share buyback plan and a share repurchase plan to buy back up to R$60.0 million of the Company's outstanding Class A common shares across both plans. These plans are approved to replace the share repurchase plans approved by our board of directors on May 6, 2021 and September 15, 2021, which expired on May 31st, 2022. The plans commenced immediately and will not have specified expiration date (other than when the R$60.0 million buyback limit is reached).

Under the share buyback plan, buybacks may be made from time-to-time in open market and negotiated purchases, effective immediately, in compliance with SEC Rule 10b-18. The specific prices, numbers of shares and timing of purchase transactions will be determined by the Company from time to time in its sole discretion. Additionally, repurchases will be carried out by the agent of the Company from time-to-time in open market and negotiated purchases, in compliance with SEC Rule 10b5-1.

On February 14, 2023, the Company announced a new share buyback plan and a share repurchase plan to buy back up to R$60.0 million of the Company's outstanding Class A common shares across both plans. The new buyback and repurchase plans will commence on the expiration date of the legacy plans and will not have specified expiration dates (other than when the R$60.0 million buyback limit is reached).

During the first semester of 2023, 925,385 Class A common shares were repurchased, in the amount of R$ 42,052. As detailed in Note 24, 57,413 shares were vested as part of the Restricted Shares Unit Plan. In June 2023 the Company holds 2,716,629 Class A common shares in treasury.

(i) Private Equity

The private equity segment has a generalist and control-oriented approach, focusing on growth and turnaround. The primary strategy is value creation pursuing transformation of invested companies, with changes in the growth of revenue, productivity, profitability and management profile, using a proprietary methodology ("Value from the Core").

Another strategy of the segment is focused on sectors resilient to different investment cycles and minority holdings in small and medium enterprises with business models that exhibit high growth potential and clear, mensurable ESG (Environmental, Social and Governance) goals.

(ii) Real Estate

The Real Estate Investment Funds segment are focused on shopping centers, logistics, offices, urban real estate and funds of funds, and seek to achieve differentiated returns through an active management of a diversified and quality portfolio. The segment's objective is also the development of real estate properties, following up to five key steps: origination of opportunities, analysis, execution, monitoring and asset sale.

(iii) Infrastructure

The infrastructure segment has exposure to real assets through equity and debt instruments, with active in the following sub-segments: power, oil & gas, transportation & logistic and water & sewage. The strategy invests across two sub-strategies: sector-focused funds and structured credit. The fund's investments are periodically monitored, including the evolution of ESG metrics, financial and operational metrics.

(iv) Credit

This credit segment is focused on fundamental credit analysis, consistency, and long-term value creation to investors. The area dynamic approach is to tactically allocate capital between assets classes and adapt to different cycles. It is also sourcing of credit instruments with resilient structures and sound collateral packages. The credit strategy invests include for core sub-strategies: infrastructure debt, real estate debt, structured credit and exclusive mandates, following four key steps: origination, analysis, structuring and monitoring.

(v) Special situations (SPS)

This Special situation segment is focused in complex situations in which financial and human capital are employed to generate superior returns, maintaining adequate risk levels and preserving the interests of all parties involved.

Liquid Strategies

This segment seeks return through operations in public markets, as trading bonds, public stocks and derivatives, among other assets. It is comprised by the investments in liquid funds, as described below:

(i) Hedge Funds

The hedge fund segment manages funds through Brazilian and international financial instruments such as stock, credit, interest, foreign exchange and commodities. Monitoring and risk control are based on different techniques such as: use of options for high conviction trades, monitoring liquidity conditions for each position, VaR monitoring, scenarios simulations (including stress test), stop loss rules on individual positions and on the portfolio level.

(ii) Public equities

The public equities segment manages long-term positions based on fundamental analysis of Brazilian publicly traded companies. The mains strategy is through absolute return, dividends, and small caps.

Tax Claims

Vinci Gestora de Recursos Ltda. is a party to a tax administrative proceeding in course arising from the payment of social security contributions (employer's portion and Work Accident Insurance (SAT)) in 2011, charged on amounts paid by virtue of quota of profits and results, totaling R$ 2,048.

Vinci Equities Gestora de Recursos Ltda. has one proceeding related to the requirement of ISS (excise tax) under rendered services to investment funds located abroad in the amount of R$ 235. Supported by the opinion of its legal advisors, management classified these proceedings as having a possible risk of loss and did not record a provision for contingencies related to these proceedings.

On March 21, 2018, the Brazilian federal revenue opened a tax assessment against Vinci Equities for the collection of open debts of IRPJ, CSLL, PIS and COFINS in the amount of R$ 17,588 for the calendar year of 2013.

24 Share-based payments

The Entity provides benefits to its employees through a share-based incentive. The following item refers to the outstanding plan on June 30, 2023.

Stock Options

May, 2021

On May 6, 2021, the Entity launched a Stock Option Plan (“SOP” or “Plan”) in order to grant stock options to certain key employees (“Participants”) to incentivize and reward such individuals. These awards are scheduled to vest over a three-year period and the holders of vested options are entitled to purchase shares at the market price of the shares at grant date. This right may be subject to certain conditions to be imposed by the Entity and aims at aligning the interests of the Entity's shareholders with those of the Participants. Each option will entitle the Participant to acquire 1 Class A common shares issued by the Company. The key terms and conditions related to the grants under the SOP are as follows:

# Tranche	Period in months when options will become potentially suitable for exercise (“Grace Period”)	Limit per tranche	
		(percentage of the number of options granted)	(quantity of the number of options granted)
1st tranche	12	20%	332,498
2nd tranche	24	20%	332,498
3rd tranche	36	60%	997,485

All amounts in thousands of reais, unless otherwise stated

The fair value of each stock option granted was estimated at the grant date based on the Black-Scholes-Merton pricing model.

Dividend yield (%)	5
Expected volatility (%)	35
Risk-free rate of return (%)	0.40
Vesting period of options (years)	3
Strike price	US$ 18.00
Spot price	US$ 11.22
Pricing model	Black-Scholes-Merton

The initial date of Grace Period for the options granted will be February 1st, 2021, the Company's Initial Public Offer settlement day. The Participant will have the right to exercise their vested options from the third anniversary of the date of execution of the program up to 1 year, after which the referred options will be automatically forfeited, in full, regardless of prior notice or notification, and without the right to any indemnity. No Participant will have any of the rights and privileges of the Company's shareholders until the options are duly exercised and the shares under the options are acquired by the Participant.

The issue or purchase price of the shares to be subscribed or purchased by the Participants ("Exercise Price") will be US$18.00. The Exercise Price will be reduced by the amount in dollars per share distributed to its shareholders from the date of execution of this Plan, whether as dividends, interest on equity, redemption, capital reduction or other events defined by the Board of Directors.

The maximum number of shares available for the exercise of options under this plan is limited to 5% of the total share capital of the Company at any time, on a fully diluted basis, taking into account also the options granted under this Plan.

As of June 30, 2023, there are stock options outstanding with respect to 1,482,753 Class A common shares.

The total expense recognized for the programs for the six-month period ended June 30, 2023 was R$ 460 (June 30, 2022 was R$ 1,338).

February, 2023

In February 2023, the Board of Directors approved a second Stock Option Plan, which aims to grant up to 1,150,000 options, each entitling the beneficiary to purchase one Class A common share. Such options have an exercise price per share equal to US$9.96; provided that, unless otherwise provided for in an option agreement, this exercise price will be reduced by the amount per share distributed to our shareholders from the date of the grant of the option, whether as dividends, interest on capital, redemption, capital reduction or others. Options will become eligible to be exercised in May 2026. During the second quarter of 2023 the Entity and its subsidiaries issued stock option in connection to the related Plan.

As of June 30, 2023, there are stock options outstanding with respect to 1,116,884 Class A common shares.

The total expense recognized for the programs for the period ended June 30, 2023 was R$ 494.

Restricted Share Unit (RSU)

a) Restricted Shares Units Plan

On April 04, 2022, the Entity announced its Restricted Share Unit Award Plan ("Plan"). The purpose of this Plan is to provide the opportunity for officers and employees of Vinci and its Subsidiaries, as elected by the Executive Compensation Committee, to receive restricted Shares ("RSU"). Shares representing up to 1.65% of the total amount of the capital stock of the Company, which equals, on this date, approximately 950.000 shares.

Under the Plan, stocks are awarded to the recipient upon their grant date. Subject to the terms of the Plan, each RSU shall grant the beneficiary the right to receive one (1) share, subject to the satisfaction of the conditions for acquisition of the shares. The RSUs awarded to the beneficiary shall be vested in different tranches, as long as the service condition is fulfilled and verified. The vesting dates may vary from 1 to 6 years after the granted date, accordingly to the dates defined in each Restricted Share Unit Award Agreement.

If an eligible participant ceases its relationship with the Group, within the vesting period, the rights will be forfeited, except in limited circumstances.

b) Fair value of shares granted

Estimating fair value for share-based payment transactions requires determination of the most appropriate valuation model and underlying assumptions, which depends on the terms and conditions of the grant and the information available at the grant date.

The Company uses certain assumptions to determine the RSUs fair value at the granted date, including the following:

• Market value of the shares at the granted date.
• Estimative of dividend yield and the US interest rate for the years comprised from the granted date until the vesting dates.

These estimates also require determination of the most appropriate inputs to the valuation models including assumptions regarding the expected life of a share-based payment.

c) Outstanding shares granted and valuation inputs

During the second quarter of 2023 57,413 RSUs were vested, remaining outstanding 690,557 RSUs as of June 30, 2023. Total compensation expense of the plans for the six-month period ended June 30,2023 was R$ 4,645, including R$ 806 of social charges provisions (R$ 1,865 for the six-month period ended June 30, 2022, including R$ 476 of social charges).

25 Subsequent Events

According to the Repurchase Program (Note 16(f)), from July 01, 2023 to July 27, 2023, 205,612 Class A common shares were repurchased by the Entity, in the amount of R$ 9,860.
