MATERIAL FACT

UNIPAR CARBOCLORO S.A. (B3: UNIP3, UNIP5, and UNIP6) (Fitch Ratings: AA+ (bra)) (“**Company**”), under the regulation in force, hereby informs its shareholders and the market in general that, today, it concluded the creation of a joint venture with Atlas Lar do Sol Holding S.A. (“**Atlas Renewable Energy**”) through the acquisition of the part of the shares issued by Special Purpose Entities (“**SPEs**”) held by Atlas Renewable Energy after compliance with conditions established in the Purchase Agreement (as defined below).

The Company and Atlas Renewable Energy signed, on this date, shareholder agreements for each of the SPEs with the objective of establishing, in particular, the political rights, voting rights, and rules for transferring shares issued by the SPEs.

Pursuant to the Material Fact disclosed on July 16, 2021, a Purchase Option Agreement (“**Purchase Agreement**”) was executed on that date for the implementation of the solar energy generation project in the city of Pirapora, State of Minas Gerais, whose construction is in progress, therefore enabling energy self-production by equalization (“**Project**”). The Project has an installed solar capacity of 239 MWp, of which an average of 49 MW will be traded through a Long-term Electricity Purchase and Sale Agreement between the SPEs and the Company, with the supply period estimated to begin in 2024 (“**PPA**”).
