Infracommerce is now **WOB (Women on Board)** certified

The certification's purpose is to recognize, value and promote corporate environments in which women are part of the Board of Directors or at advisory councils

São Paulo, January 27, 2022: Infracommerce CXaaS S.A., "Infracommerce" or "Company" (B3: IFCM3), elected in 2020 the best digital solutions company for e-commerce in Brazil in terms of service level, hereby notifies its shareholders and the market in general that Infracommerce is now WOB certified. This certification is awarded to companies that have at least two women on the Board of Directors.

Infracommerce aims to create opportunities for women to assume leadership positions, ensuring that the company's organizational structure reflects the society's demography. With two of the seven seats on its Board of Directors occupied by women, Infracommerce was recognized with the WOB certification.

Infracommerce's Board of Directors has two women with extensive expertise - Claudia Worms Sciama and Estela Vieira – whose professional experiences are of meaningful relevance to the Company and its sector.

According to Paula Traldi, HR VP at Infracommerce, "as board members, they have contributed to driving the business strategy and maximizing returns for all stakeholders. Since the first board meetings, it was clear that they would deliver exactly what we were looking for: a diversified view of the business and innovation, as well as being an inspiration to other professionals".
