**Traded Company****NOTICE TO THE MARKET**

**C&A MODAS S.A.** (the "Company") hereby informs its shareholders and the market in general that, as stated in its expansion plan, it continues to open new units. With the opening of **C&A Shopping Park Sul** in Volta Redonda, Rio de Janeiro last Thursday, April 22, it reached the milestone of **300** B&M stores in the country. This store has modern, "clean" and intuitive environments and a broad range of fashion goods, including several options for "looks" and fashiontronics. Not only is it connected to a broad range of services and all available omnichannel options such as click-and-collect, ship-from-store, endless aisles, and WhatsApp sales, providing a special buying experience and journey for the customer all along the way. Furthermore, to promote fashion with a positive impact, the unit is part of "Movimento ReCiclo" [Recycle Movement], an initiative that offers alternatives for customers to get rid of clothes they no longer use and are sent to partner institutions for reuse or recycling.

In all, C&A has already opened 5 stores this year, focusing on the concept of being omnichannel and increasingly offering new elements and a broader assortment to give its customers the largest and best platform they can use to express themselves via the universe of fashion and beauty.
