

FATO RELEVANTE

DIAS D'ÁVILA, 29 de julho de 2024. A PARANAPANEMA S.A. – em Recuperação Judicial (“Companhia”, B3: PMAM3), a maior produtora brasileira não-integrada de cobre refinado, vergalhões, fios trefilados, laminados, barras, tubos, conexões e suas ligas, em cumprimento ao que estabelece a Resolução CVM nº. 44/21 e em continuidade ao processo de retomada parcial das atividades produtivas na unidade fabril de Dias D'Ávila (“Unidade de Dias D'Ávila”), objeto dos Fatos Relevantes divulgados ao mercado nos dias 02 de maio de 2024 e 17 de julho de 2024, vem a público informar que, na data de hoje, foi finalizada a primeira produção de catodo a partir da fusão de sucatas de cobre na Unidade de Dias D'Ávila, dando sequência a mais uma fase na retomada operacional das atividades de refino de cobre.

Não obstante, a Companhia ressalta que o retorno da operação de transformação de concentrado de cobre ainda depende da realização de manutenção em equipamentos do forno principal (*smelter*).

A Companhia manterá os seus acionistas e o mercado em geral informados sobre quaisquer outros fatos relevantes relacionados a esse assunto, nos termos da regulamentação aplicável. Maiores informações poderão ser obtidas junto à área de Relações com Investidores da Companhia, pelo e-mail ri@paranapanema.com.br.

MATERIAL FACT

DIAS D'ÁVILA, JULY 29, 2024. PARANAPANEMA S.A. – In Judicial Recovery ("Company", B3: PMAM3), the largest Brazilian non-integrated producer of refined copper, rebar, drawn wires, bars, pipes, fittings and alloys, pursuant the Resolution n. 44/21 of the Brazilian Securities and Exchange Commission (CVM) in continuity with the process of partial resumption of production activities in the unit of Dias D'Ávila ("Dias D'Ávila Unit"), as disclosed to the market through the Material Facts dated May 2nd, 2024 and July 17th, 2024, hereby informs that, on this date, the first cathode production was concluded from the fusion of copper scrap at the Dias D'Ávila Unit, continuing another phase in the operational resumption of copper refining activities.

The return of the copper concentrate transformation operation still depends on the execution of the maintenance on equipment in the main furnace (smelter).

The Company will keep its shareholders and the market in general informed about any update on this matter, pursuant to applicable regulations. Further information can be obtained with the Company's Investor Relations department through the e-mail ri@paranapanema.com.br.
