Note 2 – Significant Accounting Policies

This summary of significant accounting policies of the Company is presented to assist in understanding the Company’s financial statements. The financial statements and notes are representations of the Company’s management who are responsible for their integrity and objectivity. The following policies are considered to be significant.

Accounting Method

SFLMaven Corp.
(formerly Sun Kissed Industries, Inc.)
Notes to the Financial Statements (Unaudited)
March 31, 2021

The Company recognizes income and expenses based on the accrual method of accounting. The Company has elected a calendar year-end.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

Cash and cash equivalents consist of cash and short-term highly liquid investments purchased with original maturities of three months or less. Cash and cash equivalents at December, 2019 and December 31, 2018 were \$-0- and \$-0-, respectively.

Revenue Recognition

Product sales were solely derived from the sale of games developed by the Company. The Company recognizes revenue using four basic criteria that must be met before revenue can be recognized: (1) persuasive evidence of an arrangement exists; (2) delivery has occurred; (3) the selling price is fixed and determinable; and (4) collectability is reasonably assured, which is typically after receipt of payment and delivery, net of any credit card charge-backs and refunds. Determination of criteria (3) and (4) are based on management's judgment regarding the fixed nature of the selling prices of the products delivered and the collectability of those amounts. Provisions for discounts and rebates to customers, estimated returns and allowances, and other adjustments are provided for in the same period the related sales are recorded. The Company defers any revenue for which the product has not been delivered or is subject to refund until such time that the Company and the customer jointly determine that the product has been delivered or no refund will be required.

Advertising Costs

Advertising costs, which were not material for the periods presented, are expensed as incurred.

Stock Based Compensation

The Company accounts for its stock based compensation using the fair value based method. Under this method, compensation cost is measured at the grant date based on the value of the award and is recognized over the service period, which is usually the vesting period. This guidance establishes standards for the accounting for transactions in which an entity exchanges its equity instruments for goods or services. It also addresses transactions in which an entity incurs liabilities in exchange for goods or services that are based on the fair value of the entity's equity instruments or that may be settled by the issuance of those equity instruments.

Income Taxes

The Company recognizes deferred tax assets and liabilities based on differences between the financial reporting and tax basis of assets and liabilities using the enacted tax rates and laws that are expected to be in effect when the differences are expected to be recovered. The Company provides a valuation allowance for deferred tax assets for which it does not consider realization of such assets to be more likely than not.

Note 3 - Going Concern

As shown in the accompanying financial statements, the Company has incurred continuous losses from operations, has an accumulated deficit of \$3,108,600, has working capital of \$260,493 and has cash on hand of \$13,624 as of September 30, 2020. These factors raise substantial doubt about the Company's ability to continue as a going concern. Management is currently seeking additional sources of capital to fund short term operations through debt or equity investments. The Company,

SFLMaven Corp.
(formerly Sun Kissed Industries, Inc.)
Notes to the Financial Statements (Unaudited)
March 31, 2021

however, is dependent upon its ability to secure equity and/or debt financing and there are no assurances that the Company will be successful, therefore, without sufficient financing it would be unlikely for the Company to continue as a going concern.

The financial statements do not include any adjustments that might result from the outcome of any uncertainty as to the Company's ability to continue as a going concern. The financial statements also do not include any adjustments relating to the recoverability and classification of recorded asset amounts, or amounts and classifications of liabilities that might be necessary should the Company be unable to continue as a going concern.

Note 4 – Prepaid asset

On November 5, 2018, the Company issued a promissory note in the principal amount of \$45,000. The note contained an original issue discount of \$7,500. Attorney fees of \$10,000 were also paid from the proceeds of the note. The remaining \$27,500 was recorded as a prepaid asset as of December 31, 2018. During the six months ended June 30, 2019, \$25,000 was received and attorney fees of \$2,500 were expensed as part of the promissory note, reducing the prepaid asset amount to \$-0- as of September 30, 2019.

Note 5 – Intangible Assets

Intangible assets consist of intellectual property on the games and technology developed by the Company. These are all games that are released for the Android or the Apple platforms. The original values of the intangible assets of \$896,950 are being amortized at a rate of 15% per year. During the quarter ended September 30, 2020, the Company recorded amortization expense of \$26,629.

Note 6 – Goodwill

On April 12, 2011, the Company acquired Slam Productions Limited ("Slam"). Slam creates games and apps for mobile devices and handheld consoles using a proprietary Rapid Application Development tool. Slam has created over 15 games across 7 platforms in 3 years including some large TV brands and IP. Upon the acquisition of Slam, the Company recorded goodwill in the amount of \$64,629. The Company analyzes goodwill at each reporting period to determine if an adjustment should be made for impairment.

In January 2020, Sun Kissed Industries acquired Products Group Inc., DBA Hakuna Supply. The Company recorded goodwill in the amount of \$1,445,522. The Company analyzes goodwill at each reporting period to determine if an adjustment should be made for impairment.
