Banco Itaú Chile launches Avenue: a new digital, direct, and secure way to invest in global markets

Santiago, September 29, 2025. - In a context where clients increasingly seek autonomy and diversification into global markets, Banco Itaú Chile introduces **Avenue**, a pioneering platform for investing in the U.S. Avenue combines robust technology with the backing of Latin America's largest bank.

Avenue enables direct investment in U.S. dollars, without intermediaries, through a 100% digital and intuitive interface. Users can access a wide range of international financial instruments, including **stocks, ETFs, bonds, global funds, and derivatives**, starting with as little as **5 U.S. dollars**. The service offers competitive pricing and agile execution, reducing the frictions that have historically limited access to global financial products in Chile.

Having transformed international investing in Brazil, Avenue now arrives in Chile as part of Itaú's strategy to lead the digital transformation of the financial ecosystem. In 2022, Itaú Unibanco acquired a significant stake in the company, reinforcing its long-term commitment to strengthening its digital and global investment offerings. This alliance reflects Itaú's mission to bring innovative, customer-centric solutions closer to investors.

Global markets just an app away

Avenue provides investors with access to a wide range of international financial instruments, enabling them to build diversified portfolios aligned with their goals.

Key offerings include:

- **Equities:** Over 8,000 assets listed on NYSE and Nasdaq, including stocks, ETFs, REITs, and ADRs.
- **Fixed Income:** Sovereign and corporate bonds from issuers worldwide.
- **International Funds:** Direct digital access to leading global asset managers.
- **Alternatives and Derivatives:** Options and specialized vehicles for advanced strategies.

The platform also incorporates analytical tools and educational content to empower users with greater control over their investment decisions.

An accessible solution for all

With this launch, Banco Itaú Chile strengthens its leadership in the digital transformation of the financial ecosystem, offering solutions that combine innovation, simplicity, and security.

Onboarding to Avenue will be entirely digital, fast, and self-managed through the app, which will be available to all Itaú clients in the coming months. Through

this partnership, Banco Itaú Chile reaffirms its commitment to delivering global investment solutions that meet the evolving needs of its customers.
