MATERIAL FACT

TIM ends disputes with C6 Group and monetizes its stake

TIM S.A. ("TIM" or "Company") (B3: TIMS3 and NYSE: TIMB), in compliance with Section 157 of Law No. 6,404/76 and the provisions of CVM Resolution No. 44/21, hereby informs its shareholders, the market in general and other interested parties as follows:

The Company and Banco C6 S.A ("C6" or "Bank"), together referred to as the "Companies" or "Companies", have entered into an agreement ("Agreement") that will end all disputes related to the partnership between the two Companies ("Partnership") and, consequently, extinguish the four arbitration proceedings currently in progress.

Throughout the Partnership period, TIM obtained the right to a minority stake in the bank's capital and, with the termination of the Partnership, TIM will have earned a total gross revenue of approximately R\$280 million. In addition, the combination of financial services with mobile telephony has produced positive effects in other areas of TIM's business, such as increasing customer loyalty, increasing digitalization in the purchase of recharges and in the payment of invoices.

The Agreement, signed today, provides for the termination of the Partnership, in addition to the transfer of all shares held by TIM to C6, as well as all outstanding subscription bonuses, in the amount of R\$ 520 million (pre-tax). The transfer of shares is subject to approval by the Cayman Islands Monetary Authority (CIMA). Once such approval is obtained, the Agreement will be concluded and the Partnership will be terminated. Other details are protected by confidentiality clauses.

TIM believes in the importance of the Customer Platform strategy in generating value for the Company, so it will continue to build its ecosystem of digital services.

The Company will keep its shareholders and the market informed about its projects and commercial partnerships, under the terms of the applicable regulations.
