This acquisition marks the Company's entry into Chile, the third country in which it operates internationally (in addition to Argentina and Colombia).

Considering that the acquisition prices do not constitute a relevant investment for the Company, nor do they fall within the situations provided for in art. 256, inc. II, of Law No. 6,404/76, the procedures listed in that article are dispensed with.

Finally, the Company reiterates its commitment to keeping its shareholders and the market in general informed about any relevant matters of interest to the market.
