NOTICE TO THE MARKET

WEG announces investments for capacity expansion transformer production in Brazil

WEG S.A. (B3: WEGE3 / OTC: WEGZY) announces to its shareholders and the general market that will invest approximately R\$ 543 million to increase transformer production capacity in Brazil. The investments will be made over the next two years in manufacturing units in the states of Minas Gerais and Rio Grande do Sul.

In Minas Gerais, the Company will invest approximately R\$ 370 million to expand its power transformer factory located in the city of Betim by almost 24,000 m² (258,000 ft²). After the completion of this investment, with conclusion scheduled for the second half of 2026, the Betim industrial site will have 75,000 m² (807,000 ft²) of built area.

In Rio Grande do Sul, the factory located in the city of Gravataí will receive investments of approximately R\$ 128 million to increase the production capacity of power transformers for voltage classes up to 230 kV. The conclusion is scheduled for the last quarter of 2026, with an increase in manufacturing capacity and an addition of 7,300 m² (79,000 ft²) in the built area. This expansion aims to meet the demand of electricity concessionaires in Brazil and neighboring countries.

In December 2023, WEG announced investments of R\$1.2 billion for the expansion of transformer production capacity in Brazil, Mexico and Colombia. These investments are ongoing and will be added to the new investments, which in total will double the Company's global transformer production capacity by the end of this cycle.
