

## Vale enters into binding agreement to sell stake in MRN

Rio de Janeiro, April 27, 2023 - Vale S.A. (“Vale”) has signed a binding agreement with Ananke Alumina S.A., a company affiliated with Norsk Hydro ASA (“Hydro”), to sell its 40% stake in Mineração Rio do Norte S.A. (“MRN”), including all associated obligations and rights. The transaction is subject to regulatory approvals.

This transaction marks the completion of Vale's major divestment program, which involved selling more than 10 non-core assets across several continents since 2019. Through this program, Vale has been able to simplify and de-risk its business exposure, resulting in the elimination of expenditures of up to US\$ 2.0 billion per year. This reinforces Vale's strategy of portfolio simplification and enables the company to focus on its core businesses and growth opportunities through a disciplined capital allocation.

### About MRN

MRN is the largest producer and exporter of bauxite in Brazil, founded in 1979, located in the district of Porto Trombetas in western Pará State. The company is a joint venture between Vale (40%), South32 (33%), Rio Tinto (12%), CBA (10%), and Hydro (5%).
