

INFORMATION TO THE MARKET

O Banco do Brasil (BB) hereby informs that has been selected to be part of the New York Stock Exchange's Dow Jones Sustainability Index (DJSI) in the categories World portfolio and Emerging Markets portfolio.

2. BB has participated in the Emerging Markets category, continuously, since its creation in 2013, and has been listed in the World category for the seventh time, since 2012.

3. The index assesses publicly traded companies in relation to their financial performance and management, integrated with transparency, corporate governance and socio-environmental responsibility. BB was considered a global benchmark, in the banking sector, in seven of the 23 themes evaluated.

Brasília (DF), November 16th, 2020.
