MATERIAL FACT

Votorantim Cimentos S.A. (the “Company”), a privately held company, issuer of securities admitted to trading under the terms of article 14 of CVM Instruction No. 476/09, in compliance with the provisions of item VI of article 17 of the same Instruction, informs, pursuant to Resolution CVM 44/2021, that it became aware, through the media, of a public civil action filed by the Federal Prosecutors’ Office of São Paulo (“MPF-SP”), related to the decision issued by the Brazilian Administrative Council for Economic Defense (“CADE”) for alleged anticompetitive practices in the scope of the administrative proceeding that was closed in October 2015. In this public civil action, MPF-SP would require the conviction of entities and cement companies, including the Company, for alleged material damages of R\$28.9 billion due to the alleged existence of a cartel and alleged collective moral damages of R\$10 billion. The Company reinforces that it has not been summoned of this lawsuit.

Votorantim Cimentos clarifies that it has appealed to the Judicial Courts against CADE's decision, through an annulment action and has obtained an injunction to suspend its effects, which was confirmed by the Brazilian Superior Court of Justice (“STJ”). Until a final decision is reached in the judicial level, there is the possibility that CADE's conviction may be reversed.

Votorantim Cimentos will continue to take the necessary legal measures for its defense in connection with CADE's decision and this new public civil action filed by MPF-SP.
