

NOTICE TO THE MARKET

Completion of repair of production line of Atlanta Field production unit

Rio de Janeiro, January 20th, 2022.

Enauta Participações S.A. ("Company", B3:ENAT3) hereby informs its shareholders and the market in general that, further to the Material Fact disclosed on January 13, 2022, the repair of the production line of FPSO Petrojarl I of the Atlanta Field was completed on January 19, 2022. However, the occurrence of a COVID-19 outbreak in the unit led to a lockdown and a crew change. The company is following all protocols and taking all measures to keep people healthy and safe; it expects to resume production next week. During this period, the Company anticipated maintenance activities that would be carried out in a mandatory stoppage that will take place sometime this year.

Located in the Santos Basin, the Atlanta Field is operated by Enauta Energia S.A., a wholly owned subsidiary of the Company, which also has a 100% interest in this asset.
