NOTICE TO THE MARKET

Acquisition of Shareholding Control – CRDC

B3 S.A. – Brasil, Bolsa, Balcão (**"B3"** or **"Company"**) informs that, on today's date, it has signed a Share Purchase Agreement for the acquisition of 60% of the share capital of Central de Registro de Direitos Creditórios S.A. ("CRDC"), a company specialized in providing technology services for agents in the credit concession sector, in addition to operating as a market infrastructure ("Transaction"). The acquisition stipulates a disbursement of R$15 million at the closing date of the Transaction, with the possibility of acquiring the remaining percentage of CRDC's share capital through the exercise of a call option starting in 2030, the value of which will be subject to the achievement of certain targets. Additionally, the Transaction also involves a long-term partnership between B3, CRDC, and ACSP (São Paulo Commercial Association), which will continue to hold a stake in CRDC, aiming to strengthen the products and services offered by CRDC and B3.

The closing of the Transaction is subject to the fulfillment of certain customary conditions precedent for transactions of this nature, including approval from Administrative Council for Economic Defense (CADE) and compliance with the regulatory requirement to notify the Securities and Exchange Commission (CVM).

The Company also informs that (i) the acquisition does not represent a significant investment for the purposes of item I of Article 256 of Law 6,404/76 ("Corporate Law"); and (ii) the terms of the acquisition do not fit any of the criteria established in items "a," "b," or "c" of item II of Article 256 of the Corporate Law. Therefore, the transaction will not require ratification by a Company's General Meeting and will not grant shareholders the right of withdrawal, considering the provisions of §2 of Article 256 of the Corporate Law and the terms of the Transaction.

Strategy

The acquisition of CRDC is part of B3's strategy to position itself as an infrastructure solution in the credit journey, focusing on the development of products and services for the new market of trade receivables, leveraging CRDC's role as a technology provider in the market of Investment Funds in Credit Rights (FIDCs) and in the real economy.

About CRDC

CRDC was founded in 2014 with the purpose of centralizing information on receivables and facilitating access to credit for small and medium-sized enterprises in Brazil. CRDC provides systems for the formalization and issuance of instruments for the anticipation of receivables and credit collateral. Additionally, it serves as a market infrastructure authorized to act as an asset registrar and, in this context, is a regulated entity supervised by the Central Bank of Brazil.
