NOTICE TO THE MARKET

Launch of L4 Venture Builder

B3 S.A. – Brasil, Bolsa, Balcão (“Company” or “B3”) informs its shareholders and the market the launch of L4 Venture Builder, a fund with capital of R\$600 million for investments in the ecosystem of innovation in entrepreneurship over the next 5 years, subject to the applicable regulatory approvals.

The creation of the L4 Venture Builder continues B3’s strategy of innovation in its core business and of growth in other fronts and adds up to the New Businesses portfolio that is being built and already includes the Digital Assets and the Development of Products and Services for Middle and Backoffice initiatives.

L4 Venture Builder will work with an independent structure, led by Pedro Meduna, an executive with experience in strategic consulting, private equity and, more recently, in entrepreneurship in different businesses. The fund will select business projects with high growth potential in sectors such as energy, carbon, decentralized finance, asset tokenization, solutions for fintechs, neobanks, crowdfunding, payments among others.

It is important to highlight that the investments via L4 Venture Builder are not part of the Company’s projections disclosed in the [Material Fact of May 12, 2022](#).
