NOTICE TO THE MARKET

Energisa Transmissão acquired lot in Tocantins at Aneel auction

ENERGISA S.A. ("Energisa" or "Company"), a publicly held company, corporate taxpayer registration number (CNPJ/MF) 00.864.214/0001-06, pursuant to CVM Directive 358 issued January 3, 2002, hereby announces to its shareholders and the Market in general that, on June 30, 2021, the Energisa Transmissão de Energisa S/A acquired lot 4 in the transmission auction held by the National Electric Energy Agency (ANEEL), at stock Exchange B3. The amount of allowed annual revenue (RAP) was defined at R\$ 4,094,777.

Energisa is already present in Tocantins State, where it has operated in the distribution area since 2014. Lot 4 includes expanding the Gurupi substation, which also has new facilities under construction by Energisa Tocantins Transmissora, with implementation synergies between them. In addition, there will be fully operational synergy, given that Energisa Soluções has an O&M structure to service the Gurupi substation. The scope of lot 4 includes the implementation of 230/138 kV 200 MVA transformation units and a new 138 kV yard where Energisa Tocantins Distribuidora will be connected, bringing more safety and reliability to the electrical system in the region.

This is the sixth transmission lot acquired by Energisa Group since 2017, which aims to expand its operations in the Transmission segment, with a commitment to improving the infrastructure of the electricity sector in the country.

Cataguases, June 30, 2021.
