Publicly Held Company

Corporate Taxpayer ID (CNPJ): 28.594.234/0001-23

Company Registry (NIRE): 35300508271 | CVM Code: 026620

NOTICE TO THE MARKET

Acquisition of Startup Aquarela

AUREN ENERGIA S.A. ("Company"), in compliance with CVM Resolution 44/21, hereby informs its shareholders and the market that on June 06, 2022, it signed a share purchase and subscription agreement ("Agreement") with Aquarela Inovação Tecnológica do Brasil ("Aquarela") and with Fundo de Investimento em Participações Aeroespacial Multiestratégia to acquire 28.3% of its total capital ("Transaction" or "Acquisition").

Aquarela is a Brazilian scale up founded by Marcos Santos and Joni Hopen, which is a benchmark in advanced analytics and the application of Artificial Intelligence in large Brazilian and international companies across diverse sectors. Driven by high standards of governance and management excellence, its mission is to simplify complex data in an innovative manner to augment intelligence around the world.

The Acquisition is another important step in preparing Auren for the dominant trends in the energy trading market by making it more competitive in this new environment. The Transaction will enable Auren to expand the use of analytics / big data in developing new energy products, services and solutions for free market clients.

This is Auren's second investment aimed in technology and data intelligence associated to the trading of products and solutions in energy. In October 2021, it announced the acquisition of 50% interest in Way2 Technology, a company focused on telemetering technology and energy management software.

Total investments will be R\$10 million, which include the primary investment in Aquarela and the acquisition of interests of other partners. Moreover, to be concluded, the Transaction needs approval of the Administrative Council for Economic Defense - CADE and the consummation of the pre established conditions established in the Contract.

São Paulo, June 07, 2022.

Mario Bertoncini
