NOTICE TO THE MARKET

HAPVIDA PARTICIPAÇÕES E INVESTIMENTOS S.A. (B3: HAPV3) (Company), in compliance with current rules and regulations, hereby informs its shareholders and the market in general that:

(i) in continuity with the material fact disclosed on September 8, 2020 and after the fulfillment of all conditions precedent provided for in the contract, the Company, through its wholly owned subsidiary Ultra Som Serviços Médicos S.A., concluded on this date the acquisition of Grupo Promed, which has its operations concentrated in the metropolitan region of Belo Horizonte/MG.

The Promed Group is composed of two hospitals, including the Vera Cruz Hospital, with a total of 240 hospital beds, in addition to 7 primary care clinics and three health operators that, combined, have a total portfolio of approximately 280 thousand beneficiaries. It has about 11% market share and is the second largest player in the region, in a market that currently has more than 2 million beneficiaries in health care plans and more than 1 million beneficiaries in dental care plans. With the conclusion of this operation, the Company expands its growth strategy by means of a platform that allows a vertical and integrated operation in one of the main Brazilian regions, reinforcing our commitment to expansion, consolidation and, consequently, value creation for our shareholders.

(ii) in continuation to the notice to the market released on September 28, 2020, the Company cancelled the Memorandum of Understanding (Proposal) involving the acquisition of the Santa Filomena Group. In light of the impossibility of concluding all the conditions precedent in the Proposal within the deadline, we cancelled the acquisition of the Santa Filomena Group, composed of a portfolio of around 6 thousand beneficiaries of health plans in the region of Rio Claro (SP) and the Hospital Santa Filomena, with 73 beds.
