## **NOTICE TO THE MARKET**

### **Eneva releases its 2022 Integrated Report**

**Rio de Janeiro, June 5, 2023 - ENEVA S.A. ("Eneva" or "Company") (B3: ENEV3)**, hereby announces its shareholders and the market in general that, on this date, the Company published its 2022 Integrated Report and ESG Disclosures Supplement, which can be accessed through the link: <https://eneva.com.br/en/sustainability/ir2022/>.

After publishing three annual Sustainability Reports, for the first time we have disclosed our 2022 Integrated Report, following the principles and guidelines of the International Integrated Reporting Council (IIRC). The document offers all the Company's stakeholders a comprehensive and cohesive overview of our business model and a holistic perspective of the Company's performance over time in terms of both financial and sustainability criteria.

In addition to the Integrated Report, we released the 2022 ESG Disclosures Supplement, which includes indicators from the guidelines of the Global Reporting Initiative (GRI), the Sustainability Accounting Standards Board (SASB) and the Task Force on Climate-Related Financial Disclosures ("TCFD"), maintaining our commitment to transparency, results and impacts over the past three years.

We have also updated our materiality assessment to align with emerging trends, which consider the impacts on the financial, social, environmental and governance perspectives, through the dual materiality methodology, resulting in the inclusion of three new material themes that reflect the Company's growth, portfolio diversification and expansion of operations into new Brazilian states.

Furthermore, understanding the relevance of the subject for our Company, we have adhered to the TCFD recommendations, disclosing our governance, strategy, risks and opportunities, metrics and targets for climate issues.
