**NOTICE TO THE MARKET**

Companhia Brasileira de Distribuição ("GPA" or "Company") informs its shareholders and the market in general that it has been chosen, for the second consecutive year, to join the ISE B3 Portfolio (Corporate Sustainability Index). The portfolio includes 34 companies that have distinguished themselves by their performance in environmental, social, and corporate governance issues, and will be in force from January 3 to December 30, 2022.

Launched in 2005, the B3 ISE is a tool for comparative analysis of the performance of companies listed on B3 in terms of corporate sustainability, based on economic efficiency, environmental balance, social justice and corporate governance. Thus, it aims to support investors in making investment decisions and encourage companies to adopt best practices.

GPA was the first company and is currently the only company in the supermarket sector to be included in the index. Being recognized for this is a sign of great honor and reinforces the company's purpose to be a transformational agent, improving and innovating our methods of doing business in order to build a more sustainable and inclusive society.
