

NOTICE TO THE MARKET

Ambipar Participações e Empreendimentos S.A. (“Ambipar” or “Company”) (B3: AMBP3), hereby inform that it has acquired 55% of the company **Drypol Indústria e Comércio de Polímeros Ltda.** (“Drypol”), through its subsidiaries Environmental ESG Participações S.A. (direct) and Boomera Ambipar Gestão Ambiental S/A (indirect).

DryPol has been operating in the plastic market for 20 years. **DryPol** started its activities recycling Polyethylene terephthalate (PET) and today, it **transforms PET into preforms for hygiene and cleaning packaging** in general, using state-of-the-art technology throughout its production process.

DryPol, at this moment, becomes **Drypol Ambipar Environmental Pet Solution S.A.**, increasing the potential of the group in the recovery of its waste by recycling it in packaging. The acquisition adds value to the PET waste collected by **Ambipar** and implements and enhances the **Circular Economy**.

Aligned with **Ambipar**'s verticalization plan, through its subsidiary Boomera Ambipar, with **DryPol** and its expertise, the group now offers solutions for total closing of the cycle in PET products, operating in industrial waste management, valuation of waste, **transformation into new recycled products**, giving a new start to what was previously considered waste.

The founders will continue operating **DryPol**, which is now strengthened by the management and structure of **Ambipar** to drive growth in Brazil and in the countries where **Ambipar** operates.

The Company clarifies that this acquisition will not be submitted to the approval of its shareholders, nor will it be entitled to withdrawal, considering that (i) it was carried out through its subsidiary, a closed corporation; and (ii) the price paid in the acquisition does not exceed one and a half times the highest of the three values provided for in article 256, II of Law No. 6,404/76.

São Paulo, August 2nd 2021

Ambipar Participações e Empreendimentos S.A.
