CerradinhoBio stands out among the 500 Largest Agribusiness Companies

Globo Rural magazine, in partnership with Serasa Experian Consulting, elaborates the "Best of Agribusiness" yearbook, which reveals the 500 largest companies operating in the agribusiness segment in Brazil in twenty categories.

In order to elect the 500 largest companies, they consider the financial statements and a research questionnaire answered by the competitors.

In the General Ranking 2018 (considering the 2017 data), CerradinhoBio was classified in **position 164**. Among the more than 80 companies that competed in the Bioenergy category, we are in **24th position**.
