

# CERRADINHO EM FOCO

## CerradinhoBio is featured among the 1.000 Largest Companies in Brazil

Exame magazine annually evaluates data from more than 3,000 companies, as well as the largest private groups in the country. The criterion for assessing success is basically a comparison of the results obtained in terms of growth, profitability, financial health, market share and productivity per employee.

Also included are the limited companies that submitted their results for MELHORES E MAIORES analysis and answered the questionnaires.

In 2018, Cerradinho Bioenergia was a highlight in the sector, achieving the highest score in sustainable growth.

Check below the positions reached in the ranking by CerradinhoBio:
