CerradinhoBio is 1st place in Agricultural Productivity in Goiás for the 7th consecutive crop

For the 7th consecutive year, CerradinhoBio receives the Champion of Agricultural Productivity in Goiás. Organized by the IDEA and CTC Group, the award highlighted the top 10 sugarcane producing companies in the South Center of Brazil in the 2018/19 harvest.

The awards took place during the 21st Sugarcane Mechanization and Production Seminar, on March 28, in Ribeirão Preto/SP. Part of our Agrícola team was present at the event representing the company and received this important recognition that fills us with pride!

"This recognition is the result of much work and dedication of the whole team. I congratulate everyone for this achievement."

Murilo Ferreira – Agricultural Manager
