Company Registry (NIRE): 35.300.344.022 – CVM Code: 02093-1

NOTICE TO THE MARKET

Minerva S.A. ("Minerva" or "Company"), the South American leader in beef exports, hereby informs its shareholders and the market in general that the **first shipment** of fresh beef has been made to **Canada** from the Palmeiras de Goiás unit.

Canada is the **ninth largest** global beef importer. In 2021, it imported around **US\$1 billion** in fresh beef, with the United States being one of the main suppliers and accounting for 63% of the total beef exported to Canada, followed by Mexico and Australia.

The approval of fresh beef exported from Brazil to the Canadian market is another **important achievement** for Brazilian producers. In addition to being a **high-income** market with a strong **consumption** capacity, Canada also has one of the most demanding and strictest sanitary and quality controls in the global beef protein market, thus attesting to the **healthiness** of Brazilian **beef production**.

Minerva Foods will access the Canadian market through **all its Brazilian plants**, with a slaughtering capacity of approximately **12,000 head/day**. It is also worth noting that we access North American consumers through our operations in Argentina and Uruguay.

The Company reiterates its commitment to keep shareholders and the market in general informed on the development of this and any other relevant matter.
