**NOTICE TO THE MARKET**

**Minerva S.A.** ("Minerva" or "Company"), the South American leader in beef exports, informs its shareholders and the market in general that signed a partnership/collaboration agreement ("Agreement") with National Agriculture Development Company ("NADEC"), one of the largest agricultural and food-processing companies in the Middle East and North Africa.

Minerva believes that this agreement has the potential of maximizing sales opportunities in the region with great development potential for beef and lamb products, contributing to our strategy of consolidation in the animal protein export market and continue to develop one of the pillars of our business strategy: to be closer to our end customers. The Company seeks to maximize new business opportunities, to meet the growing global demand for animal protein, always respecting our commitment with sustainability.

NADEC was founded in 1981 and it is one of the first food and agricultural industrial companies in the Kingdom, and it is one of the largest upstream companies in the Middle East and North Africa, with activities ranging from dairy products, juices, vegetables, and various foods to more than 200 products with high nutritional value to improve lifestyle. Furthermore, NADEC maintained its leadership in the food processing sector, ensuring to provide product quality and food safety through comprehensive measures in line with the highest authorized local and international codes and requirements.

The Company will keep its shareholders and the market in general informed about this and any other material issue.
