1 – RioSP: start of the new concession on 03/01/2022, end of operation of the Viúva Graça and Viuvinha plazas on 02/28/2023, and start of operation in the Paraty, Itaguaí, and Mangaratiba plazas on 03/31/2023. These changes will impact the monthly and year-to-date comparisons throughout 2023.

2 – In CCR's consolidated figures, traffic volume for ViaOeste, which only collects one-way tolls, is doubled to adjust it according to the concessionaires that have bidirectional toll collections. This procedure is based on the fact that one-way tolls already include round-trip costs.

3 – NovaDutra: Not individually shown due to the termination of the concession agreement on 02/28/2022. However, in 2022, it contributed with 26.5M equivalent vehicles that are included in the calculation in CCR Rodovias.
