

Institutional and Governmental Relations

2023

The Institutional and Governmental Relations (IGR) team at Dexco operates with the goal of conducting strategic actions in public policies aligned with business interests, creating monitoring mechanisms and contributing to ensuring that the political entity has sufficient elements for legislative action.

Our conduct is guided by the highest standards of ethics, transparency, and morality, in accordance with the Company's Anti-Corruption Laws and Policies. Thus, in compliance with applicable legislation and current internal policies (Anti-Corruption Policy and Internal Donation Standards), **we do not make political contributions.**

In line with the strategies established for the Company, **Dexco actively participates in 32 Institutions and Associations**, collaborating with these entities to represent their respective sectors on topics of interest to the Company. The complete list is aligned with the Global Reporting Initiative publications – GRI 2-28 Membership associations and is available in the [Company's 2023 Integrated Report](#).

In the year 2023, Dexco's Institutional and Governmental Relations team stood out for its strategic engagement on various key fronts. **Among the main ones were discussions regarding the regulated Carbon market in Brazil, aligned with the environmental policies of the Paris Agreement, tax reforms and changes, and environmental and labor regulations.**

Largest Contributions & Expenditures 2023

Institution	Contributions (R\$)	Rational
Brazilian Tree Industry (<i>Indústria Brasileira de Árvores – IBÁ</i>)	534,408.0	Engagement in topics related to biodiversity, water resource management, forest protection, climate change, carbon markets, among others that are of interest to the Company.
Brazilian Association of Sanitation Materials (<i>Associação Brasileira de Materiais para Saneamento - ASFAMAS</i>)	92,979.5	We primarily operate with the objective of ensuring a technical standardization that guarantees the quality of sanitation products sold in the national market.
Brazilian Electrical and Electronics Industry Association (<i>Associação Brasileira da Indústria Elétrica Eletrônica – ABINEE</i>)	84,715.6	We participate in discussions to address topics that may impact Dexco's business (especially Hydra brand products). The sectorial entity's scope of action is broad and addresses political and economic issues such as Tax Reform and environmental issues like reverse logistics.

Total contributions and other spending (R\$)

2020	2021	2022	2023
985,193.7	1,064,436.7	1,232,567.2	1,225,436.9
