

STATE OF SÃO PAULO

ARSESP RESOLUTION 794 of May 9, 2018

Provides on the Final Maximum Average Tariff (Final Maximum Po) and the new Tariff Repositioning Index resulting therefrom, concerning the final stage of SABESP's 2nd Ordinary Tariff Revision and provides other measures

The Board of the Regulatory Agency for Sanitation and Energy of the State of São Paulo (ARSESP - *Agência Reguladora de Saneamento e Energia do Estado de São Paulo*), based on the powers granted to it by Complementary Law 1.025, of December 7, 2007, and:

Whereas the terms of Articles 11 and 47 of Complementary Law 1.025/2007, Articles 22, 23, 29, 30, 38 and 39 of Law 11.445, of January 5, 2007, of the supervening and complementary legislation, as well as the rules and regulations issued by ARSESP;

Whereas the Cooperation Agreements signed between the cities and the State of São Paulo, which delegated to ARSESP the responsibility to regulate, including the tariff, the provision of the services of water supply and sanitary sewage;

Whereas the provisions in the Agreements of the Program to explore the services of basic sanitation signed by Companhia de Saneamento Básico do Estado de São Paulo – SABESP and the said holders of the service;

Whereas the methodology applied to SABESP's 2nd Tariff Revision, established in Technical Note NT.F-0003-2018;

Whereas Public Consultation No. 03/2018, Public Hearing No. 02/2018 and the Detailed Report on the contributions received by ARSESP, approved by the Collegiate Board, as well as the documents made available on ARSESP's website;

Whereas the provisions of ARSESP Resolution 753/2017, which authorizes the application of the tariff adjustment; and

STATE OF SÃO PAULO

Whereas the Final Stage Technical Note No. NT.F-006-2018 which presents the calculation of the Tariff Repositioning Index resulting from the 2nd Ordinary Tariff Revision of Sabesp.

RESOLVES TO:

Article One - Authorize, under SABESP's 2nd Ordinary Tariff Revision, the value of the Final Maximum Average Tariff (Final Po) corresponding to R\$3.7702/m³, resulting in the tariff repositioning index of 3.507% (three point five hundred and seven percentage points), applicable to the tariffs published in ARSESP Resolution 753/2017.

Paragraph One - The current Tariff Structure is maintained for the services of water supply and sanitary sewage provided by SABESP, included in the ATTACHMENTS mentioned in Article 2 of this Resolution, up until the implementation of a new structure that comes to be approved by ARSESP.

Article Two - Publish the values of the following tables:

I – Table of tariffs of the Metropolitan Board, included in ATTACHMENT I of this Resolution.

II – Table of tariffs of the Regional Systems Board, included in ATTACHMENTS II, III and IV of this Resolution.

III – Table of tariffs of the Wholesale Water Supply and Sewage Treatment for Permissionarie Municipalities, included in ATTACHMENT V of this Resolution.

Paragraph One – The values included in the ATTACHMENTS make up the maximum tariffs. Any discounts must preserve the isonomy between users, including all those part of the same category, except in the case established in Paragraph Two.

Paragraph Two – For user units with monthly consumption of over 500 m³/month under the categories of non-residential use, SABESP is allowed, pursuant to an agreement, to charge lower prices, according to the market conditions of this segment.

Paragraph Three – The tariffs charged at a value lower than the maximum tariffs established are characterized as a liberality and may not burden other users or generate a future compensation in favor of SABESP.

STATE OF SÃO PAULO

Paragraph Four – The tariffs charged at a value lower than the ceiling (maximum) tariffs established are subject to audit and verification by the Regulatory Agency, which may request the documents to assess the costs of the services.

Article Three – Upon assessment of SABESP's commercial areas, based on the Company's regulatory instructions, the User will be entitled to pay social tariffs if meeting at least one of the following criteria:

I – has a family income of up to 3 minimum wages, lives in a sub-standard single-family housing with a built area of 60 sqm and has a consumption up to 170 kWh/month of electric energy;

II – is unemployed, with the last salary of up to three (3) minimum wages;

III – lives in a collective housing considered social, such as tenements and those vertical, such as the Verticalized Social Unit, resulting from the urbanization process of slums.

Sole Paragraph – In the hypothesis of item II, the maximum time of concession of the social tariff will be of twelve (12) months.

Article Four – The values included in the Attachments of this Resolution shall be applied as of 30 (thirty) days after their publication.

Article Five – This Resolution shall come into effect on the date of its publication.

Hélio Luiz Castro
Chief Executive Officer
