Report of the Statutory Auditor

To the General Meeting of Agribrasil Global Markets SA, Geneva

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Agribrasil Global Market SA (the Company), which comprise the balance sheet as at 31 December 2022 and the profit and loss account for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements comply with Swiss law and the Company's articles of incorporation.

Basis for Opinion

We conducted our audit in accordance with Swiss law and Swiss Standards on Auditing (SA-CH). Our responsibilities under those provisions and standards are further described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section of our report. We are independent of the Company in accordance with the provisions of Swiss law, and the requirements of the Swiss audit profession, and we have fulfilled our other ethical responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Board of Directors' Responsibilities for the Financial Statements

The Board of Directors is responsible for the preparation of the financial statements in accordance with the provisions of Swiss law and the Company's articles of incorporation, and for such internal control as the Board of Directors determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern, and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with Swiss law and SA-CH will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on EXPERTsuisse's website at: https://www.expertsuisse.ch/en/audit-report. This description forms an integral part of our report.

Report on Other Legal and Regulatory Requirements

In accordance with Art. 728a para. 1 item 3 CO and PS-CH 890, we confirm that an internal control system exists, which has been designed for the preparation of the financial statements according to the instructions of the Board of Directors.

We recommend that the financial statements submitted to you be approved.

We draw attention to the fact that at December 31, 2022 Agribrasil Global Markets SA is overindebted as per article 725b CO. Due to the fact that the company's creditors subordinated their claims amounting to USD 8,050 000 (CHF 7,460,000), the Board of Directors has refrained from notifying the court.

Furthermore, we draw attention to the fact that the annual General Meeting for the year ended 31 December 2022 was not held within six months following the balance sheet date, which is in breach of article 699 paragraph 2 CO.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR 2022 WITH COMPARATIVES FIGURES.

in USD & CHF

1. General information

The company is registered at the Register of Commerce from March 8th, 2018 under federal Nr. CHE-255.520,936, it is based in Geneva, Rue de la Tour-De-L'Ile 1, 1204 Geneva. The main activity is international trade in raw materials, in particular grains, soya and corn, from Brazil to the world destination.

These financial statements were prepared according to the provisions of the Swiss law on accounting and financial reporting (32nd title of the Swiss Code of Obligations). Where not prescribed by law, the significant accounting and valuation principles applied are described below. It should be noted that to ensure the Company going concern, the Company financial statement may be influenced by the creation and release of hidden reserves.

Humberg Agribrasil Comércio e Exportação de Grãos SA controls the Company and prepares consolidated accounts as per IFRS. Therefore, in accordance with article 961d al.1 of Swiss Code of Obligations (CO), the Company is not required to report in its financial statements the additional information required by article 961a CO, namely the cash flow statement and the management report.

2. Accounting policies

Revenue recognition - Sales and cost of sales are recognised in the income statement when the transaction takes place and when the significant risks and rewards have been transferred to the buyer.

Translation of foreign currencies - The functional currency of the Company is the US dollar (USD) as most transactions are denominated in USD. Transactions in foreign currencies are converted into US dollars at the average rate of the month. At the balance sheet date, assets and liabilities expressed in foreign currencies are translated at rates of exchange ruling at the balance sheet date. Exchange differences are recorded in the income statement.

Derivative Financial instruments - A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument

The company conducts transactions involving derivative financial instruments in order to minimize the risks stemming from fluctuations in the market prices of soybean and corn.

The derivatives held as at December 31, 2022 comprise mainly commodity futures.

The commodity futures market unsettled transactions are valued at fair value upt o the expiration of trading contracts. The fair value is computed using market quoted prices in the CBOT (Chicago Board of Trade) plus basis.

Such derivatives financial instruments are initially recognized at market value on the date on which a derivative contract is entered into and are subsenquently measured at market value. Derivatives are carried as financial assets (accrued income - Derivatives) when the fair value is positive and as liabilities when the fair value is negative (accrued expenses- Derivatives). Gains and losses are allocated to profit or loss for the year (other income/(cost).

Accrual principle - The company's financial statements are prepared according to the accrual principle determines that the effects of transactions and other events are recognized in the periods to which they refer, regardless of receipt or payment.

For the presentation of the financial statements in Swiss francs (CHF), assets and liabilities (except for shareholders' equity) are translated into Swiss francs at the year-end rate. Shareholders' equity are translated at historical rates. Income statement items are translated using the period average rate.

Taxes - The Company provides for all taxes, whether legally due or estimated to become payable in future periods, based on profits reported through the balance

Management estimates - The preparation of financial statements requires that the Board of Directors gives estimations and assessments which may influence the significance of capital values and current liabilities and any possible liabilities at the time of preparation of the balance sheet and also of the profit and loss of the period of reference. The Board of Directors has then the sole discretion in the provision of these estimates and assessments, and may take advantage of prevailing legal flexibility allowed in the preparation of the balance sheet and valuations. In the interests of the company, and bearing in mind the principle of prudence, the depreciation of assets, the correction of values, and provisions made can be over and above their fair economic estimates.

The following foreign exchange rates were used to close the foreign currencies of statutory financial statements:

2022	2021
Exchange rate as at December 31 (USD/CHF) 0.925228	0.911141
Exchange rate as at December 31 (EUR/CHF) 0.987450	1.036200

The following foreign exchange rates were used in the preparation of the statutory financial statements:

In US Dollar per Swiss Franc	2022	2021
Exchange rate as at December 31	0.925228	0.911141
Average rate for the 12-month period ending December 31	0.954970	0.914308

	USD	CHF	USD	CHF
Audit fees	43'232	40'000	25'851	23'000

7. Going concern and subsequent event occuring after balance sheet date

The Company is in a situation of overindebtednessas of December 31,2022 due to a significant loss incurred during the year 2022. This negative result comes from by higher cost incurred in its purchase of goods.

The Company's shareholder having issued a subordination letter dated January 30, 2024 for a total amount of USD 8,050,000 (CHF 7,460,000), the Board of Directors has not notified the court. The Board of Directors assessed the amount to be sufficient to cover the negative equity.

Following a review of its purchase process and cost basis and due to an overall better performance of its operations in 2023, the Company is expected to generate an estimated profit of CHF 10mio as at November 30th, 2023. As a result, the Board of Directors have concluded that the overindebtedness situation was only temporary and that the overindebtedness situation of the Company is not anymore present at December 31, 2023.

An agreement dated January 24, 2024 was signed between the company and the shareholder to offset debts and receivables, with retroactive effect to December 31st, 2022.
