Notice to the Market

BRK Ambiental Participações S.A. (“BRK” or the “Company”), for the purposes of the Instruction no. 44, dated August 23rd, 2021 of the Brazilian Securities and Exchange Commission (Comissão de Valores Mobiliários – “CVM”), as amended, hereby informs its shareholders and the market in general that its subsidiary, BRK Ambiental - Maranhão S.A. (“BRK Maranhão”), has signed, during last December, a financing agreement with the Inter-American Investment Corporation (“IDB Invest”), backed by a guarantee from the Société de Promotion et de Participation pour la Coopération Économique (“Proparco”), the financing arm of the French Development Agency focused on investments in the private sector (“Financing”).

The total amount of the Financing is R\$ 500 million, which includes an incentivized credit line of US\$ 10 million, with a total term of 20 years. Additionally, it includes grant money of up to US\$ 4 million, tied to the achievement of sustainability-linked key performance indicators (“KPIs”). The KPIs include reducing GHG emissions, using renewable energy sources, agricultural reuse of sludge, and promoting small and medium-sized local suppliers, in addition to an agenda to encourage the inclusion of gender and racial diversity. The disbursement is contingent upon meeting the usual precedent conditions for this type of operation.

The Financing is intended for investment execution by BRK Maranhão, benefiting approximately 370,000 inhabitants, and aims to achieve water and wastewater coverage extension in the municipalities served.

Furthermore, it demonstrates BRK’s financing capacity, providing access to credit lines aligned with the Company’s investment profile, characterized by long terms, and attests the qualification of projects that adhere to the Sustainable Development Goals (SDGs), in line with the Company’s purpose.
