## COMPANHIA DE TECIDOS NORTE DE MINAS - COTEMINAS

CNPJ/MF Nº 22.677.520/0001-76

## NIRE 3130003731-2

## Publicly Traded Company

Montes Claros - March 29, 2021 - The Companhia de Tecidos Norte de Minas -COTEMINAS (the "Company") is a Brazilian publicly-held company, based in Montes Claros - MG, engaged in the production and marketing of yarns and fabrics in general, imports and exports, and may hold equity interest in other companies and acquire marketable securities in the capital market. The Company's shares are traded in B3 S.A. - Brasil, Bolsa, Balcão ("B3") (Brazilian Stocks, Commodities and Futures Exchange), under the codes "CTNM3" and "CTNM4".

The Company controls two companies that operate in the textile sector.

Springs Global Participações S.A. ("Springs Global"), which is the parent company of Coteminas S.A. and Springs Global US, Inc. ("SGUS"), companies that focus their manufacturing operations on bed and bath linens.

Companhia Tecidos Santanense is a publicly-traded company, which operates in the textile and related industries, manufacturing and marketing of clothing apparel, including professional uniforms, accessories and personal protective equipment for occupational safety.

## Springs Global Participações S.A.

The year of 2020, in spite of the great uncertainty for the Brazilian and global economies due to the Covid-19 pandemic, and specifically challenging for the retail sector, in which traditionally the majority of sales was made through physical stores, for Springs Global, it was a year of achievements. It leveraged its competitive advantages – strong and traditional brands, and scalable technological solutions for retail – to accelerate its digital transformation and to have a more balanced participation within the wholesale and retail business units in its revenue. Springs Global is motivated and working hard to become the largest, the best and the most digital vertically integrated company in the

Home & Decoration segment in the Americas, accordingly to our strategic objectives.

» Make the most of shareholders' investment

In view of the scenario of uncertainty, it reduced its industrial operations from March to August 2020, reducing its working capital needs. With the recovery of sales of bedding, tabletop and bath products, beginning in August, it started a ramp-up of production and, in the last quarter, it operated with a high utilization rate of our capacity, reaching record production levels in spinning and weaving at the Montes Claros plant, within recent years, which enabled higher absorption of fixed industrial production costs, bringing the gross margin to 32.3% in fourth quarter of 2020 (4Q20).

The exchange rate, despite affecting the price of raw materials and inputs, and consequently margins in the short term, reinforces its business model and increases its competitiveness as a consumer products company, fully integrated, with traditional and leading brands in its market segment.

The new level of the exchange rate favors greater nationalization of its products, which enables a reduction in the operating cycle, and, consequently, greater speed of adjustment in the supply chain, with less need for finished goods inventory and less markdown.

Springs Global believes that the 4Q20 result better demonstrates its operational cash generation and profitability capabilities, which would be, in annualized terms, income from operations of R\$ 195 million, with operational margin of 9.2%.

» Grow the retail share in our revenue

Springs Global's growth has been driven by the Retail business unit, through sales from online channels and expansion of categories, which require less working capital and that are scalable, enabling greater profitability to its shareholders. The retail share in its revenue increased from 23% in 2019 to almost 30% in 2020. It has the target to reach more than 50% in 2022. The revenue from the retail business unit presented a year-over-year (yoy) growth of 34% in 2020.

Since 2017, Springs Global has invested heavily in technology, which has proven to be essential in this period of pandemic, when there was the closure of stores or reduced store hours in the physical commerce, as a result, it was able not only to replace the estimated sales to physical stores with online sales, but also to show a 30% growth in sell-out revenue. Orders received in e-commerce in 2020 were almost 4 times the 2019 figure, with an estimated market share of 23% of its online stores in the e-commerce sales of bedding, tabletop, and bath products, including marketplaces.

Springs Global believes that this result is due to the combination of tradition, value, and leadership of its brands, with recognition for the quality of its products and high level of recall and association with home products, together with proprietary technology, which allows greater flexibility and speed for changes, all aiming to promote the enchantment of its customers.

In order to enhance the high level of recall and association of its brands with products for the home and lengthen its relationship with its customers, Springs Global expanded the offering of new products categories in recent years. Initially, it has expanded its offering of textile products, with its own production, with decorative products, such as curtains, blankets and cushions, the baby and kid lines, as well as the expansion of the utility bedding product line. In 2019, it started the offering of non-textile products in its digital channels, such as decorative, kitchen and table products, through partners. In 2020, it launched mattresses, in the Artex brand, and pet products, in the MMartan brand, among others.

With this strategy of expansion of product categories, it expanded its potential market in Brazil by approximately 7 times, from R\$ 12 billion - bedding, tabletop, and bath products, to R\$ 86 billion - home & decoration products, at retail prices, according to IBOPE.

Springs Global wants to be the largest and most complete "one-stop shop" in the Home & Decoration segment in Brazil, with products that (i) are aligned with the positioning of its brands, and, therefore, with curated products for each brand, (ii) stand out and differentiate it in the Home & Decoration market, (iii) generate cross-selling within its main products, and (iv) increase the recurrence of purchases. In the last two years, it doubled the quantity of SKUs of non-bedding, tabletop, and bath products in its online stores, currently representing around 20% of the products available for sale.

The expanded offering of new product categories enables the growth of its revenue and the strengthening of its brands, increasing the average value and the frequency of purchases by its consumers.

Due to the success of its proprietary technology PIX at the retail market, Springs Global will use it, in an adapted way, named PIX-Pro, to expand our distribution penetration, in a very fast, scalable and inexpensive way, in the wholesale market. It is establishing a remote sales force, supported by the use of artificial intelligence and several online tools, from customer prospecting, purchase recommendation, and the granting of credit, the latter in partnership with a Fintech, focusing on small and medium retailers and institutional customers, with low average ticket.

## » Be a customer-centric company

In 2020, Springs Global had the opportunity to expand its penetration in retail, in which it had more than 1.4 million new customers in its sales channels, mainly in e-commerce. The increase in the number of online sales brought challenges in its logistics services, which were overcome with improvements in processes and investments, including the expansion of the Blumenau distribution center and the opening of a new distribution center in João Pessoa, enabling it to return to its service level in the last quarter of 2020, with a service level above 97%.

Its brands occupied 3 of the 4 first positions of the ReclameAqui award, with Santista brand winning 1st place, for the 8th consecutive year. It is rated RA1000, the highest in terms of satisfaction and customer service, in ReclameAqui, for its main brands - Santista, Artex and MMartan.

Springs Global is committed to its customer. Its goal is to delight its clients, by always offering the best products, excellent services and an experience that exceeds expectations. In this context, it restructured the customer service area in 2020, integrating all channels, with a focus on Customer Experience. It has implemented intelligent FAQ and chat solutions that already represent around

50% of the calls, reducing response times. Additionally, in the "Customer at the Center" program, employees from different areas actively participate in customer service, to stimulate their focus on the customer.

In order to facilitate a revenue stream for franchisees and, at the same time, preserve the proximity of their relationship with the end customers, Springs Global has established distance selling platforms in physical stores. The concept was expanded to digital influencers. It had about 1.5 million new followers in social networks in 2020, with a growth of more than 50%, which will contribute to the growth of its sales through social media channels ("social selling") and, hence, it will be increasingly present in people's daily lives.

It strengthened its investment in digital marketing in 2020. At first, to transfer sales to its digital stores, when physical stores were closed, and, afterwards, to expand its customer base. The acquisition of a new customer has a great return throughout his/her life as a consumer of our products. After his/her first purchase, Springs Global will keep in touch with this customer with the use of lower cost tools, such as email marketing, SMS or WhatsApp, with the use of artificial intelligence, offering products more suited to his/her profile and, consequently, with a greater likelihood of sales conversion. In addition, digital marketing also increases sales in physical stores, since the recall of the brand and the perception of the need to purchase also takes the customer to the physical store.

## » Value our culture

As important as the external customers, are the internal customers, the employees. As always, Springs Global has prioritized the health and well-being of its employees, who have learned to live everyday with preventive measures, social distancing, and care. It has used technology and innovation to deliver information and training remotely and it has offered support to its collaborators, both to ensure their ergonomics and comfort at home office, as well as their physical and mental health, through content and partnerships.

The culture of entrepreneurship, innovation, and audaciousness guide the company in this transformation, with a great emphasis on experimentation, opening room for new markets and opportunities. In this path, it will seek to

exercise its leadership, through example and hard and ethical work, inspiring its peers, customers and society.

Aligned with its mission to "Innovate to deliver experiences that enchant and promote well-being", it has launched Persono brand, with solutions focused on well-being and quality of sleep, with the purpose of making accessible products and services that enable people to better understand and bring discipline to their sleep routine, resulting in a healthier and more productive life. For the development of technology, it has entered into partnerships with renowned polysomnography institutes, in addition to investing in data science to develop high precision and efficient sleep monitoring systems. The Persono brand has become one of the sponsors of the Brazilian Olympic Committee (COB). There will be cooperation between the technical and scientific teams of Persono and COB with a focus on sleep quality and its importance for high performance athletes.

As a corporate citizen, in order to contribute to society to fight the Covid-19 pandemic, Springs Global entered the market of personal protection products for the health care industry, such as surgical masks and gowns, and hair and foot protectors, in order to replace imports and, additionally, bringing export opportunity. It is developing new sales channels for these products in Brazil and abroad through North American distributors and hospital products companies.

Additionally, it has supported the community to get through this pandemic, with donations made especially to the public health sector. It donated thousands of bed and bath items to Santa Casa hospitals. It donated reusable protective masks to the general public and surgical masks to public health institutions of several cities where it has industrial plants. It participated in major private sector initiatives to support healthcare in Brazil.

## Companhia de Tecidos Santanense

Santanense's gross revenue amounted to R\$ 567.7 million in 2020. The 2020 financial highlights are exposed bellow.

» Net revenue

Net revenue totaled R\$ 473.3 million in 2020. Santanense's net revenue increased by 2.5% year-over-year (yoy), due to the stable sales volume.

» Cost of goods sold

Santanense presented gross margin of 15.6% in 2020 and 20.9% in 2019. The costs in 2020 were negatively impacted by higher cotton and dye costs and mainly by the idle cost related to the stoppage of the plants in the second quarter of 2020.

» Selling, general and administrative expenses

Selling, general and administrative expenses increased lower than inflation yoy. The variable selling expenses increased in line with the sales growth.

» Operating income

Operating income was R\$ 13.2 million in 2020, versus R\$ 34.7 million 2019. The 2020 operation income was negatively impacted by the stoppage of the plants in the second quarter and by higher raw material and dye costs.

» Net financial result

In 2020, the net financial result was an expense of R\$ 23.3 million, versus an expense of R\$ 25.3 million in 2019.

## Relationship with independent auditors

In 2020, the Company did not engage its independent auditors for services other than those related to the audit work.

## Capital Markets

The 2020 closing price of ordinary and preferred shares from the Company, traded on the B3 under the ticker CTNM3 and CTNM4, was, respectively, R\$ 12.00 and R\$ 6.01, with an increase of 7.0% and decrease of 40.3%, respectively, in relation to the 2019 closing price, while the IBOVESPA index increased 2.9% and Small Cap index declined by 0.7%, in the same period.

## Shareholder structure

At the beginning and end of 2020, the Company's capital stock was represented by 16,723,657 preferred shares and 13,912,800 common shares.

## Acknowledgment

We would like to express our appreciation to our customers, our employees, our suppliers, our shareholders, financial institutions, government officials, trade and social organizations, and everyone that has contributed directly or indirectly to the achievement of the Company's strategic and social goals.

A Administração.

Individual and Consolidated Financial Statements for the Year ended December 31, 2020 and Independent Auditor's Report on The Financial Statements

Tel.: +55 11 3848 5880 Fax: + 55 11 3045 7363 www.bdo.com.br

# INDEPENDENT AUDITOR'S REPORT ON THE INDIVIDUAL AND CONSOLIDATED FINANCIAL STATEMENTS

To the Shareholders, Board Members and Management of **Companhia de Tecidos Norte de Minas - COTEMINAS** Montes Claros - MG

## Opinion

We have audited the individual and consolidated financial statements of **Companhia de Tecidos Norte de Minas - COTEMINAS (the "Company")**, identified as parent company and consolidated, respectively, which comprise the individual and consolidated statement of financial position as at December 31, 2020 and the respective individual and consolidated statements of income, comprehensive income, changes in equity and cash flows for the year then ended, as well as the corresponding notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying individual and consolidated financial statements present fairly, in all material respects, the individual and consolidated financial position of **Companhia de Tecidos Norte de Minas - COTEMINAS** as at December 31, 2020, its individual and consolidated financial performance and its individual and consolidated cash flows for the year then ended in accordance with Brazilian accounting practices and International Financial Reporting Standards (IFRSs) issued by the International Accounting Standards Board (IASB).

## Basis for opinion

We conducted our audit in accordance with Brazilian and International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the "Auditor's Responsibilities for the Audit of the Individual and Consolidated Financial Statements" section of our report. We are independent of the Company and its controlled companies in accordance with the relevant ethical principles established in the Code of Ethics for Professional Accountants and in the professional standards issued by the Brazilian Federal Association of Accountants (CFC), and we have fulfilled our other ethical responsibilities in accordance with these standards. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

## Key audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current year. These matters were addressed in the context of our audit of the individual and consolidated financial statements as a whole and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Relevant components under the caption investments in the individual financial statements and in the consolidation of the financial statements.

The individual and consolidated financial statements are prepared in accordance with Brazilian accounting practices and the IFRS issued by IASB and some relevant and significant controlled companies are audited by other independent auditors. See Note 8.

We understand that, through the evaluation process of these investments, given their relevance in the breakdown of balances, transactions and disclosures in the individual and consolidated financial statements, they are a key audit matter.

Additionally, the consolidation process has complexities due to the diversified businesses, different functional currencies and elimination of the related parties balances.

## Audit response

Our audit procedures included communication with the significant component auditors in order to discuss the identified audit risks, the emphasis, scope and time of the work.

We issued audit instructions and reviewed the documentation of sufficient and appropriate audit that supported the opinion of other independent auditors of the significant components, as well as discussed the results achieved.

Regarding the identified key audit matters, we discussed with the auditors of the significant components and evaluated their impacts on the accompanying individual and consolidated financial statements.

Regarding the consolidation process, we verified whether the balances and information used were reconciled with the financial statements and accounting records of the investees, and whether they are in accordance with the accounting policies.

Our exams did not identify significant exceptions in accounting for the investments and in the consolidation, process carried out by the Company's Management, therefore, the amounts and information disclosed in the financial statements are adequate.

## Other matters

## Statements of value added

The individual and consolidated statements of value added, prepared under the responsibility of the Company's Management and its controlled companies for the year ended December 31, 2020, and presented as supplemental information for IFRS purposes, were submitted to the same audit procedures followed for the audit of the Company's and controlled companies' individual and consolidated financial statements. In order to form an opinion, we have checked whether these individual and consolidated statements are reconciled with the individual and consolidated financial statements are reconciled with the individual and consolidated financial statements and accounting records, as applicable, and whether its form and contents meet the criteria established in Technical Pronouncement CPC 09 - Statement of Value Added. In our opinion, the individual and consolidated statements of value added were properly prepared, in all material respects, in accordance with the criteria established in the mentioned Technical Pronouncement and are consistent with the individual and consolidated financial statements are added financial statements are added by the mentioned Technical Pronouncement and are consistent with the individual and consolidated financial statements taken as a whole.

## Other information accompanying the individual and consolidated financial statements and auditor's report

The Management of the Company's and its controlled companies is responsible for this other information that comprises the Management Report.

Our opinion on the individual and consolidated financial statements does not cover the Management Report and we do not express any form of audit conclusion thereon.

In connection with our audit of the individual and consolidated financial statements, our responsibility is to read the Management Report and, in doing so, consider whether the report is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this Management Report, we are required to report that fact. We have nothing to report in this regard.

## Responsibilities of Management and those charged with governance for the individual and consolidated financial statements

Management is responsible for the preparation and fair presentation of the individual and consolidated financial statements in accordance with Brazilian accounting practices and with the IFRS, issued by IASB, and for such internal control as Management determines is necessary to enable the preparation of individual and consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the individual and consolidated financial statements, Management is responsible for assessing the Company's and its controlled companies' ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless Management either intends to liquidate the Company and its controlled companies or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's and its controlled companies' financial reporting process.

## Auditor's responsibilities for the audit of the individual and consolidated financial statements

Our objectives are to obtain reasonable assurance about whether the individual and consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Brazilian and International Standards on Auditing (ISAs) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these individual and consolidated financial statements.

As part of an audit in accordance with Brazilian standards and ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

 Identify and assess the risks of material misstatement of the individual and consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;

- Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's and its controlled companies' internal controls;
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Management;
- Conclude on the appropriateness of Management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's and its controlled companies' ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the individual and consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company and its controlled companies to cease to continue as a going concern;
- Evaluate the overall presentation, structure and content of the individual and consolidated financial statements, including the disclosures, and whether the individual and consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation; and
- Obtain sufficient and appropriate audit evidence regarding the financial information of the entities
  or business activities within the group to express an opinion on the consolidated financial
  statements. We are responsible for the direction, supervision and performance of the group audit.
  We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal controls that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the individual and consolidated financial statements of the current year and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The accompanying financial statements have been translated into English for the convenience of readers outside Brazil.

## COMPANHIA DE TECIDOS NORTE DE MINAS - COTEMINAS

## NOTES TO THE FINANCIAL STATEMENTS

## AS OF DECEMBER 31, 2020

## (Amounts in thousands of Brazilian Reais)

## 1. OPERATIONS

Companhia de Tecidos Norte de Minas – COTEMINAS (the "Company") is a Brazilian publicly-held company, a subsidiary of Wembley S.A., headquartered at Avenida Lincoln Alves dos Santos, 955, in Montes Claros – MG, engaged in the production and marketing of yarns and fabrics in general, imports and exports, and may hold equity interest in other companies and acquire marketable securities in the capital market. The Company's shares are traded on the B3 S.A. – Brazilian Stocks, Commodities and Futures Exchange ("B3"), under the codes "CTNM3" and "CTNM4".

The Company is the parent company of Springs Global Participações S.A. ("SGPSA"), which is the parent company of Coteminas S.A. ("CSA") and Springs Global US, Inc. ("SGUS"), companies that focus their manufacturing operations on bed and bath linens previously carried out by the Company and by Springs Industries, Inc. ("SI"), respectively.

In April 2009, subsidiary SGPSA started its bed, tabletop and bath retail operations under the brand MMartan, and later, in October 2011, under the brand Artex. The retail operations, under these two brands, are operated by the indirect subsidiary AMMO Varejo Ltda. ("AMMO").

As disclosed in note 29 of the financial statements, on March 15, 2019, the sale of the operating assets and liabilities of the North American indirect subsidiary SGUS was concluded. As of that date, the indirect subsidiary SGUS holds an ownership interest in Keeco Holdings, LLC, which combined the operations of the two companies. In the fourth quarter of 2020, the subsidiary SGUS made this investment available for sale with the expectation of completion in 2021.

The Company is the parent company of Oxford Comércio e Participações S.A., which is the parent company of Companhia Tecidos Santanense ("CTS"), a publicly-held company, which operates in the textile and related industries, manufacturing and marketing of clothing apparel, including professional uniforms, accessories and personal protective equipment for occupational safety.

## 2. PRESENTATION OF FINANCIAL STATEMENTS

The financial statements were approved by the Company's Board of Directors on March 29, 2021.

The Company presents its individual ("Company") and consolidated ("Consolidated") financial statements, prepared, simultaneously, in accordance with International Financial Reporting Standards ("IFRS") issued by the International Accounting Standards Board ("IASB"), and accounting practices adopted in Brazil, which include the standards in the Brazilian Corporate Law and the pronouncements, orientations and interpretations issued by Brazilian Committee of Accounting Pronouncements ("CPC"), approved by the CVM (Brazilian Securities and Exchanges Commission) and the CFC (Federal Accounting Council).

The Company adopted all standards, review of standards and interpretations issued by the IASB and the CPC which were effective on December 31, 2020. All relevant information relating to the financial statements is included herein and corresponds to those used by Company's management in its administration.

- 2.1 Translation of balances in foreign currency
  - a) Functional and presentation currency

The financial statements of each subsidiary included in the consolidation of the Company and used as a basis for valuation of investments under the equity method are prepared using the functional currency of each entity. The functional currency of an entity is the currency of the primary economic environment in which it operates. To determine the functional currency of each of its subsidiaries, management considered which currency significantly influences the selling price of their products and services, and the currency in which most of the production cost inputs are paid or incurred. The consolidated financial statements are presented in Reais (R\$), which is the functional and presentation currency of the Company.

b) Conversion of balances

The results and financial position of all subsidiaries included in the consolidation that have functional currencies different from the presentation currency are translated to the presentation currency as follows:

i) assets and liabilities are translated at the exchange rate prevailing on the date of the consolidated financial statements;

ii) income and expenses are translated at the monthly exchange rate; and

iii) all differences resulting from the translation are recognized in equity under the caption "Cumulative translation adjustments" and are presented as other comprehensive income in the statement of comprehensive income.

## 2.2 – Accounting policies

The significant accounting policies used in the preparation of the financial statements are as follows:

(a) Results of operations--Results of operations are calculated in accordance with the accrual basis of accounting. Revenue is not recognized if there is significant uncertainty regarding its realization. Interest income and expense are recognized using the effective interest rate as financial income and expenses in the statements of operations. The extraordinary gains and losses and the transactions and provisions involving property, plant and equipment are recorded in the statements of operations as "Others, net ".

(b) Financial instruments--The Company classifies financial assets and liabilities in the following categories: at fair value through profit or loss ("FVTPL"), at fair value through other comprehensive income ("FVOCI") and at amortized cost.

i) Non-derivative financial assets and liabilities - recognition and derecognition

The Company recognizes financial assets and liabilities when, and only when, it becomes part of the contractual provisions of the instruments. The Company derecognizes a financial asset when the contractual rights to the asset's cash flows benefits expire, or when the Company transfers the rights to the receipt of contractual cash flows on a financial asset in a transaction in which substantially all the risks and benefits of ownership of the financial asset are transferred. Any participation that is created or retained by the Company in such transferred financial assets is recognized as a separate asset or liability. The Company derecognizes a financial liability when its contractual obligation is withdrawn, canceled or expired.

The financial assets and liabilities are offset and the net amount presented in the balance sheet when, and only when, the Company currently has a legally enforceable right to offset the amounts and intends to liquidate them on a net basis or to realize the asset and settle the liability simultaneously.

ii) Non-derivative financial assets - measurement

A financial asset is measured at amortized cost if it meets both of the following conditions:

- the asset is kept within a business model with the purpose of collecting contractual cash flows; and

the contractual terms of the financial asset give rise, on specific dates, to the cash flows that are only
payments of principal and interest on the outstanding principal amount.
 A debt instrument is measured at fair value through other comprehensive income only if it satisfies both of the

A debt instrument is measured at fair value through other comprehensive income only if it satisfies both of the following conditions:

- the asset is kept within a business model which the purpose is achieved by collecting contractual cash flows and selling financial assets; and

- the contractual terms of the financial asset give rise, on specific dates, to the cash flows that are only payments of principal and interest on the outstanding principal amount.

All other financial assets are classified as measured at fair value through profit or loss.

In addition, at initial recognition, the Company may irrevocably designate a financial asset or liability as measured at fair value through profit or loss in order to eliminate or significantly reduce a possible accounting mismatch resulting from the result of the respective asset or liability.

iii) Non-derivative financial liabilities - measurement

Financial instruments classified as liabilities, after their initial recognition at fair value, are measured based on the amortized cost method based on the effective interest rate. Interest, monetary restatement and exchange variation are recognized in income, as financial income or expenses, when incurred.

iv) Derivatives measured at fair value through profit or loss

Contracted derivative instruments are not designated for hedge accounting. Changes in the fair value of any of these derivative instruments are recognized immediately in the statement of operations.

(c) Impairment of financial instruments--Financial assets not classified as financial assets at fair value through profit or loss, are valued at each balance sheet date to determine whether there is objective evidence of impairment loss. Objective evidence that financial assets had a loss of value includes:

- default or delays by the debtor;

- restructuring of a value due to the Company under conditions that would not be accepted under normal conditions;

- indications that the debtor or issuer will go into bankruptcy or judicial recovery;

- negative changes in the payment situation of debtors or issuers;

- the disappearance of an active market for the instrument due to financial difficulties; or

- observable data indicating that there was a decline in the measurement of the expected cash flows of a group of financial assets.

The Company considers evidence of impairment of assets measured at amortized cost both individually and collectively. All individually significant assets are evaluated for impairment. Those that have not individually suffered a loss of value are then evaluated collectively for any loss of value that may have occurred, but has not yet been identified, which includes the expected credit losses. Assets that are not individually significant are evaluated collectively as to the loss of value based on the grouping of assets with similar risk characteristics.

In evaluating the impairment loss on a collective basis, the Company uses historical trends of the recovery period and the amounts of loss incurred, adjusted to reflect management's judgment as to whether current economic and credit conditions are such that losses are likely to be higher or lower than those suggested by

historical trends.

An impairment loss is calculated as the difference between the book value and the present value of the estimated future cash flows discounted at the original effective interest rate of the asset. Losses are recognized in the statement of operations and reflected in the impairment provision account. When the Company considers that there are no reasonable expectations of recovery, the amounts are written off. When a subsequent event indicates a reduction of the impairment loss, the reduction of the impairment provision is reversed through the statement of operations.

An impairment loss relating to an investment accounted for under the equity method is measured by comparing the recoverable value of the investment with its carrying amount. An impairment loss is recognized in profit or loss and reversed if there was a favorable change in the estimates used to determine recoverable value.

(d) Cash and cash equivalents--Includes cash, deposits, cash in transit and short-term investments with immediate liquidity and original maturities of 90 days or less (or without fixed maturity), which are subject to an insignificant risk of change in its value. Cash and cash equivalents are classified as non-derivative financial assets, measured at amortized cost, and interest earned is recognized in the statements of operations of the year.

(e) Marketable securities--Represented by amounts of immediate liquidity with maturities of more than 90 days and are subject to an insignificant risk of change in their value. The marketable securities relating to investment funds in equity instruments are classified as non-derivative financial assets, and are measured at fair value through the statement of operations. All other marketable securities are classified as non-derivative financial assets measured at amortized cost and interest earned is recognized in the statements of operations of the year.

(f) Accounts receivable and allowance for expected losses on doubtful debt accounts-- Accounts receivable from customers are initially recognized at transaction value and subsequently measured at amortized cost using the effective interest rate method less the estimated loss with doubtful accounts.

The Company adopted the measurement of the estimated loss with doubtful accounts based on the entire life of the instruments, using the simplified approach, taking into account the history of movements and historical losses. As a general rule, accounts overdue at more than 180 days represent a relevant indicator of expected loss, and are evaluated individually.

(g) Inventories--Valued at average acquisition or production cost, which is lower than net realizable value and are stated at net of provision for losses on discontinued and/or obsolete items. The net realizable value is the estimated selling price in the ordinary course of business less the estimated costs of completion of manufacturing and directly related selling expenses.

(h) Property, plant and equipment held for sale--Includes out-of-use machinery and equipment measured at fair value less selling expenses, when this amount is lower than net book value.

(i) Investments--Investments in subsidiaries and affiliated companies are accounted for using the equity method based on the balance sheet of the respective subsidiaries and affiliated companies as of the same date as the Company's balance sheet. The value of the equity of foreign subsidiaries and affiliated companies is converted into Reais based on the current rate of its functional currency and the foreign exchange rate variation is recorded in "Cumulative translation adjustments" in equity and presented as other comprehensive income.

(j) Business combinations--The cost of the acquired entity is allocated to the acquired assets and liabilities, based on their estimated fair value at the acquisition date. Any difference between the entity's cost and the fair value of the acquired assets and liabilities is recognized as goodwill.

(k) Research and development expenses -- Are recognized as expenses when incurred.

(I) Investment properties--Are held for income or capital appreciation. Investment properties are initially recorded at cost and include transaction costs. After initial recognition, investment properties are measured at fair value against comprehensive income (loss) net of taxes, and thereafter, are measured annually at fair value and the variations arising from this valuation and tax effects are recognized in the statements of operations.

(m) Property, plant and equipment--Recorded at acquisition or construction cost. Depreciation is calculated using the straight-line method based on the estimated useful lives of the assets. Expenses incurred that increase the value and extend the estimated useful lives of the assets are capitalized; maintenance and repairs are recorded as expenses when incurred.

The estimated useful life of property, plant and equipment is as follows:

|                                | Useful life    |
|--------------------------------|----------------|
|                                |                |
| Buildings                      | 40 years       |
| Installations                  | 15 years       |
| Machinery and equipment        | 15 years       |
| Hydroelectric plants           | 15 to 35 years |
| Furniture, fixtures and others | 5 to 10 years  |

The residual value and useful life of the assets are assessed by management at least at the end of each year.

(n) Right-of-use assets--The measurement of the right-of-use asset corresponds to the beginning balance of the lease liability plus the initial direct costs incurred. Amortization is calculated using the straight-line method according to the remaining term of the contracts.

(o) Intangible assets--Represented by trademarks acquired, store locations, intellectual property and goodwill on companies acquired. Intangible assets with finite useful lives are amortized using the straight line method, over their estimated useful lives. Intangible assets with indefinite useful lives are tested for impairment annually, or as deemed necessary, in order to determine the recoverability of their net book values.

(p) Impairment of non-financial assets--Assets included in property, plant and equipment, intangible assets, inventories and other current and noncurrent assets are tested for impairment annually, or when circumstances indicate that the net book value may not be recoverable. When impairment is required, it is recognized in the statements of operations. Previous period impairment losses on these assets may be reversed whenever there is an assessment or reliable evidence that the value of the asset has recovered (except for goodwill from investments). The reversal is recognized in the statement of operations to the extent it does not exceed the previously recognized impairment losses.

(q) Income and social contribution taxes--The provision for income and social contribution taxes is calculated at the rate of approximately 34% on taxable income and is recognized net of the portion related to the income tax exemption. The accrual balance is net of prepayments made during the year, if applicable. For foreign subsidiaries, the tax rate ranges from 24% to 35%, according to the tax legislation of each country.

<u>(r) Deferred income and social contribution taxes</u>--Deferred income and social contribution taxes are recognized on net operating losses and temporary differences arising from provisions stated in the accounting records, which, according to the tax rules, will only be considered deductible or taxable when realized. A deferred tax asset is recognized only when there is an expectation of future taxable income.

(s) Leases payable--The measurement of lease liabilities correspond to total future rent payments. These payment flows are adjusted to present value, considering the incremental borrowing rate, and when applicable, are adjusted by changes and updates provided for in the contracts. The offset entry is accounted for as a right-of-use asset and amortized over the period of the lease under the straight-line method. Financial charges are recognized as financial expense and are appropriated according to the remaining term of the contracts. The incremental borrowing rate corresponds to the interest rate that the Company would have to pay to borrow over a similar term, and with a similar security, the funds necessary to obtain an asset of a similar value to the right-of-use asset in a similar economic environment.

(t) <u>Miscellaneous accruals</u>--Recorded at an amount considered sufficient by management to cover probable losses. The escrow deposits related to the accruals are presented in noncurrent assets.

(u) Employee benefit plans--Pension plans and postretirement benefit costs are recognized on an accrual basis, based on actuarial calculations. Actuarial gains and losses are recognized in "Assets and liabilities valuation adjustment" when incurred.

(v) Basic and diluted earnings (loss) per share--Basic earnings (loss) per share is calculated by dividing the income or loss for the year attributable to the Company's shareholders by the weighted average number of outstanding shares. Diluted earnings (loss) per share is calculated by adjusting the weighted average number of outstanding shares assuming conversion of potential shares to be issued. The Company did not identify any potential issuance of new shares and, therefore, a potential dilution in earnings (loss) per share.

(w) Monetary and exchange rate variations--Assets and liabilities subject to monetary or exchange rate variations are restated on the balance sheet dates, in accordance with the Brazilian Central Bank (BACEN) published rates or other contractual indices. Exchange gains and losses and monetary variations are recognized in the statements of operations for the year, except for the exchange gains and losses on investments in foreign subsidiaries, which are recognized in "Cumulative translation adjustments" in equity.

(x) Revenue recognition--Revenue is measured at value of the consideration received or receivable, less any estimates of returns, cash discounts and/or trade discounts given to the buyer and other similar deductions. Revenue from operations is recognized when control is transferred, which is at the time of delivery to the customer.

(y) Statements of Value Added ("DVA")--The purpose of these statements is to highlight the wealth created by the Company and its distribution over a given year. They are presented by the Company as required by the Brazilian Corporate Law, as part of its individual financial statements and as supplemental information for the consolidated financial statements, since it is not a statement provided nor required by IFRS standards. The DVAs have been prepared based on information obtained from accounting records that are the basis for the preparation of the financial statements.

(z) Owners of the Company and non-controlling interests--In the financial statements, "owners of the Company" represents all the shareholders of the Company and "non-controlling interests" represents the minority interest of the Company's subsidiaries.

## 2.3 – Accounting estimates

The preparation of financial statements makes use of estimates in order to record certain assets, liabilities and other transactions. To make these estimates, management used the best information available at the time of preparation of the financial statements, as well as the experience of past and/or current events, also considering estimates regarding future events. Therefore, the financial statements mainly include estimates related to the recovery value of financial assets (notes 2.2.c, No. 5, No. 7 and No. 8), determination of useful lives of property, plant and equipment (notes 2.2.m and No. 11), estimated recoverable value of non-financial assets (notes 2.2.p, No. 6, No. 11, No. 12 and No. 13), fair value of investment properties (notes 2.2.l and No. 10), provisions necessary for tax, civil and labor liabilities (notes 2.2.t and No. 22), determination of provisions for income tax

(notes 2.2.q and No. 21), determination of fair value of financial instruments (assets and liabilities) (notes 2.2.b and No. 24) and other similar instruments, estimates related to the selection of interest rate (note 24.d.5), expected return on assets and the choice of mortality table and expected wage increases applied to the actuarial calculations (notes 2.2.u and No. 23). Actual results of transactions and information could differ from the estimates.

In accordance with Circular Letters Instructions issued by CVM, as well as taking into account the economic scenario and the risks and uncertainties arising from the impacts of COVID-19, we reviewed our accounting estimates listed above and mentioned our assessments in the respective notes, if applicable. In addition, we listed the impacts identified during 2020 due to this new economic reality in note 31.

## 2.4 - Consolidation criteria

The consolidated financial statements include the accounts of the Company and the following subsidiaries:

|                                      | Direct and indirect interest in total capital - % |        |  |  |
|--------------------------------------|---|--------|--|--|
|                                      | 2020 2019   |        |  |  |
|                                      |   |        |  |  |
| Coteminas International Ltd.         | 100.00  | 100.00 |  |  |
| Coteminas (Argentina Branch)         | 100.00  | 100.00 |  |  |
| Springs Global Participações S.A.    | 52.92   | 52.92  |  |  |
| Oxford Comércio e Participações S.A. | 63.37   | 63.37  |  |  |
| O4D Comércio e Participações S.A.    | 63.37   | -      |  |  |
| Companhia Tecidos Santanense         | 56.51   | 56.51  |  |  |

The consolidation of the balance sheets and statement of operations accounts corresponds to the sum of assets, liabilities, revenues and expenses, according to their nature, after eliminating investments in subsidiaries, unrealized profits or losses and intercompany balances and transactions. The effect of the exchange rate variations on foreign investments is disclosed in a separate caption in the statement of changes in equity, "Cumulative translation adjustments". The accounting practices of the foreign subsidiaries were adjusted to comply with the Company's accounting practices. Non-controlling interests were presented separately in the statements of operations and equity.

The subsidiary SGPSA, parent company of CSA and SGUS, with ownership interest of 100%, was included in consolidation based on its consolidated financial statements.

The subsidiary Oxford Comércio e Participações S.A., parent company of CTS, with ownership interest of 85.9%, was included in consolidation based on its consolidated financial statements.

The financial statements of foreign subsidiaries have been translated into Brazilian Reais based on the US Dollar exchange rate as of December 31, 2020 and 2019, for balance sheet accounts and the average monthly exchange rate for statement of operations accounts, as follows:

|   | 2020   | 2019   | Variance % |
|---|--------|--------|------------|
| Exchange rate as of:<br>December 31               | 5.1967 | 4.0307 | 28.9%      |
| Average exchange rate:<br>December 31 (12 months) | 5.2426 | 3.9443 | 32.9%      |

2.5 – New IFRS, revised IFRS and IFRIC interpretations (IASB International Financial Reporting Interpretations Committee).

a) The IASB accounting pronouncements listed below were published and/or revised and are applicable for the annual periods beginning on or after January 1, 2019.

AMENDMENT CPC 06 R2 (IFRS 16) - Leasing operations

In May 2020, the IASB approved an amendment to the IFRS 16 standard, which allows rent concessions for lessees to be recognized directly in the statement of operations, during the period impacted by the Covid-19 pandemic, without treating such concessions as lease modifications. On July 7, 2020, the CVM published Resolution No. 859/2020 that approves the revision of CPC 06 (R2) / IFRS 16 that came into effect as of January 1, 2020.

See note 18.

## 3.CASH AND CASH EQUIVALENTS

|                               | Company |        | Consolidated |         |

|   |          |          |
|   | 622,027  | 604,592  |
|   | ======   | ======   |

Accounts receivable from customers consist of receivables with an average collection period of approximately 97 days (98 days as of December 31, 2019). Past due amounts are presented below and the allowance for expected losses on doubtful debts accounts is considered by Management sufficient to cover expected losses from these receivables.

(Convenience Translation into English from the Original Previously Issued in Portuguese) The aging list of the consolidated accounts receivable is as follows:

|                                | 2020    | 2019    |
|--------------------------------|---------|---------|
|                                |         |         |
| Current                        | 574,638 | 550,426 |
| Past due up to 30 days         | 12,182  | 17,163  |
| Past due from 31 to 60 days    | 3,665   | 4,949   |
| Past due from 61 to 90 days    | 1,535   | 2,874   |
| Past due from 91 to 180 days   | 4,258   | 3,354   |
| Past due greater than 180 days | 72,691  | 70,197  |
|                                |         |         |
|                                | 668,969 | 648,963 |
|                                | ======  | ======= |

Changes in the consolidated allowance for doubtful accounts are as follows:

|                                      | 2020     | 2019     |  |
|--------------------------------------|----------|----------|--|
| Balance at the beginning of the year | (44,371) | (42,216) |  |
| Additions                            | (1,476)  | (2,302)  |  |
| Exchange rate variation              | (1,095)  | 147      |  |
|                                      |          |          |  |
| Balance at the end of the year       | (46,942) | (44,371) |  |
|                                      | ======   | =======  |  |

## 6. INVENTORIES

## a. Inventories

|                            | Consolidated |         |  |
|----------------------------|--------------|---------|--|
|                            | 2020         | 2019    |  |
| Raw materials and supplies | 119,698      | 104,767 |  |
| Work in process            | 157,360      | 114,425 |  |
| Finished products          | 169,436      | 219,190 |  |
| Repair parts               | 57,515       | 63,568  |  |
|                            |              |         |  |
|                            | 504,009      | 501,950 |  |
|                            | ======       | ======  |  |

Inventories are presented net of the provision for losses. Operating indirect subsidiaries assess the realization of inventories annually or whenever there are indications of probable losses.

The inventory groups of raw materials and supplies and work in process have a low risk of loss, since the conversion into finished products can be managed. The finished products inventory group is evaluated based on its profitability, especially inventories considered to be discontinued and obsolete.

As of December 31, 2020, no additional potential losses were identified in realizing these inventories. Idle costs (including losses resulting from COVID-19) are recognized directly in the income statement for the year and are not considered in the production cost of the finished goods produced.

Changes in the consolidated provision are as follows:

|   | Raw<br>materials and<br>supplies | Work in process | Finished products | Repair<br>parts  | Total      |
|---|----------------------------------|-----------------|-------------------|------------------|------------|
| Balance as of December 31, 2018                   | (2,446)                          | (186)           | (5)               | (1,892)          | (4,529)    |
| (Additions) disposals<br>Exchange rate variations | 50<br>729                        | 29<br>55        | - 2               | 27               | 106<br>786 |
| Balance as of December 31, 2018                   | (1,667)                          | (102)           | (3)               | (1,865)          | (3,637)    |
| (Additions) disposals<br>Exchange rate variations | (795)<br>211                     | 107<br>(5)      | (22)<br>2         | 703<br>-         | (7)<br>208 |
| Balance as of December 31, 2018                   | (2,251)<br>=====                 | <br>-<br>====== | (23)              | (1,162)<br>===== | (3,436)    |

#### b. Advances to suppliers

Refers substantially to payments made by indirect parent company to cotton suppliers, transferred to operating subsidiaries at market price, among other advances, and will be delivered as follows:

|                                      | Compay and consolidated |          |  |  |

|  | =======  | ======   |

(\*) Included in "Other Receivables" in current assets.

(a) Lojas Leader S.A. filed for Judicial Reorganization (RJ) on March 3, 2020, which was deferred on March 6, 2020. Leader recognized all credits with indirect subsidiary CSA. The management of indirect subsidiary CSA is awaiting approval by RJ and expects to recover all credits. As of December 31, 2019, there was an extrajudicial recovery agreement with payment in 48 equal monthly installments, and a rate equivalent to 80% of the interbank deposit certificate index – CDI, and it was complied with regularly.

(b) Increasing semi-annual payments with interest from 0.5% to 3% per year with final maturity in December 2027. On December 31, 2020 a provision for loss in the amount of R\$2,127 was recognized.

(c) Payment up to 47 fixed installments, with monthly interest from 1.56% to 1.97% per month.

(d) Financing on store transfers to franchisees, with payment in equal monthly installments, and adjusted based on the IGP-M (general market price index).

(e) Payment up to 50 monthly installments with interest from 0.5% to 0.7% per month, and adjusted based on the IGP-M (general market price index).

Considering the information subsequent to December 31, 2020, up to the issuance date of the financial statements, no additional losses were identified.

## 8. RECEIVABLE - SALE OF INVESTMENT

In 2019, the Company and its subsidiary Oxford Comércio e Participações S.A. sold their total capital shares of Tropical Agroparticipações S.A.

The receivable balances are as follows:

|                              | Company and c | onsolidated |
|------------------------------|---------------|-------------|
|                              | 2020          | 2019        |

| Cantagalo General Grains S.A. (4)               | 89,808    | 1.68         | 602,155    | 1,512      | -       | 288                             | -        |
| Keeco Holdings, LLC (5)                         | 29,667    | 14.27        | (127,878)  | -          | 137,946 | -                               | -        |
| Total affiliated companies - Consolidated       |           |              |            | 66,078     | 190,427 | (7,605)                         | (5,336)  |

(1) The net loss for the year does not include the discontinued portion of the equity in the subsidiary in the statement of operations of R\$35,450 (R\$99,068 in 2019). See note 29.

(2) On August 28, 2020, the assets of Oxford Comércio e Participações S.A. were divided, creating O4D Comércio e Participações S.A. ("O4D"). O4D is engaged in the production and marketing, import and export yarns and fabrics and may hold equity interest in other companies as a shareholder, member or associate.

(3) In 2018, the Company and its subsidiary Oxford sold their total capital shares of Tropical Agroparticipações S.A. In May 2019, the Company and the buyer, by mutual agreement, decided to undo the transaction at no cost to both parties. The Company reestablished its investment from the subsidiary's shareholders' equity as of May 31, 2019 and reversed the previously determined gain on sale, in the amount of R\$31,416 (Company) and R\$46,387 (consolidated). In September 2019, the Company sold again the subsidiary Tropical Agroparticipações S.A. determining a loss of R\$21,324 (Company) and R\$45,524 (consolidated). This loss is substantially the adjustment to present value using the rates of loans made with SP Investidor IV, LLC (see notes 8 and 14).

(4) In 2019, the affiliate Cantagalo General Grains S.A. had a deficit of R\$288,328, therefore the Company presented the investment reduced to zero.

(5) On March 15, 2019, the indirect subsidiary SGUS now holds 17.5% of Keeco Holdings, LLC, which combines its operations with the operations sold by SGUS. In the first quarter of 2020, the purchase price allocation of this investment was determined, allowing the indirect subsidiary SGUS to calculate the goodwill paid for the investment. See note 13.2. In May 2020, a new capital contribution was made to affiliate Keeco, with the entry of a new shareholder. Accordingly, as of that date, the subsidiary holds 14.27% of that affiliate.

In the fourth quarter of 2020, the indirect subsidiary SGUS made this investment available for sale with the expectation of completion in 2021, and therefore reclassified the investment to the line "Assets held for sale". The equity losses of this investment in the years 2020 and 2019 were reclassified to the line "Net income (loss) from indirect subsidiary - discontinued operations". See note 29.

#### b. Non-controlling interests of the Company's subsidiaries:

(a) Balances held by the Company R\$138,917 (R\$133,960 as of December 31, 2019) including Vinhedo building in the amount of R\$49,691 (R\$47,850 as of December 31, 2019) presented under Property, plant and equipment. See note 11.

(b) Amounts recorded in assets and liabilities valuation adjustments in shareholders' equity, net of taxes.

(c) Amounts recognized in the statement of operations in the respective year.

#### (d) Amounts reclassified to the consolidate balance sheet. See note 11.

Assessments made by specialists in real estate appraisals to determine the fair value of all properties, and the positive difference between the residual cost of the property and the fair value calculated, net of tax effects, was recorded under "Other comprehensive income", in the category of items that will not affect the statements of operations in the case of an initial evaluation at fair value, and in the statements of operations when the change in fair value variation is determined from the second measurement.

<u>1) Commercial complex SGA:</u> It is a commercial complex of 319.7 thousand m<sup>2</sup>, from the indirect subsidiary CSA, known as Centro Comercial Seridó, where 122.2 thousand m<sup>2</sup> have already been developed and leased. During 2020, rental income was R\$8,908 (R\$7,676 in 2019).

With the designation of this property for rental activity and with specific returns different from the Company's textile operations, its residual value, previously recorded as property, plant and equipment at cost, was transferred to the investment properties, during their respective vacancy years.

The calculated values were as follows:

|  | 2020                  | 2019                  |
|--|-----------------------|-----------------------|
| Residual cost of the property<br>Surplus/added value (a) | 110,562<br>195,674    | 109,707<br>191,843    |
| Fair value (b)   | <br>306,236<br>====== | <br>301,550<br>====== |

(a) Calculated deferred tax liability of R\$66,529 (R\$65,227 on December 31, 2019). See note 21.b.1.

(b) Fair value based on the valuation report from Mercato Assessoria e Avaliações Ltda., Independent appraisers, in accordance with the valuation standard of assets NBR 14,653 issued by ABNT - Brazilian Association of Technical Standards for the respective years. For the measurement of fair value, the "market approach" (classification level 2) was applied, the main information being used were the comparable prices per m<sup>2</sup> of similar properties in the region and area of the real estate.

2) Residential complex SGA: In 2018, the indirect subsidiary CSA made available a new area in the municipality of São Gonçalo do Amarante - RN containing 520 thousand m<sup>2</sup> to start a housing development.

|  | 2020         | 2019         |
|--|--------------|--------------|
| Residual cost of the property<br>Surplus/added value (a) | 93<br>44,941 | 93<br>44,881 |
| Fair value (b)   | 45,034       | 44,974       |
|  | ======       | =======      |

(a) Deferred tax liability of R\$15,280 (R\$15,259 on December 31, 2019). See note 21.b.1.

(b) Fair value based on the valuation report from Mercato Assessoria e Avaliações Ltda., Independent appraisers, in accordance with the valuation standard of assets NBR 14,653 issued by ABNT - Brazilian Association of Technical Standards for the respective years. For the measurement of fair value, the "market approach" (classification level 2) was applied, the main information being used were the comparable prices per m<sup>2</sup> of similar properties in the region and area of real estate.

<u>3) Land for subdivision:</u> In 2018, the indirect subsidiary Santanense Empreendimentos Imobiliários Ltda. began the preparation of a joint project with a partner company for the subdivision of the lots in the land located in the region of Itaúna in Minas Gerais. The subsidiary will cede its land to the installation of the subdivisions, in exchange for approximately 36.5% interest in the total sales value of this subdivision, net of taxes and sales commissions.

With the targeting of these properties for this new project, the land values were transferred to the caption "Investment properties", measured at fair value.

The calculated values were as follows:

|  | 2020                 | 2019                 |
|--|----------------------|----------------------|
| Residual cost of the property<br>Surplus/added value (a) | 1,272<br>34,840      | 1,272<br>34,794      |
| Fair value (b)   | <br>36,112<br>====== | <br>36,066<br>====== |

(a) Deferred tax liability of R\$2,341 (R\$2,341 on December 31, 2019). See note 21.b.

(b) Fair value based on the valuation report from Mercato Assessoria e Avaliações Ltda., Independent appraisers, in accordance with the valuation standard of assets NBR 14,653 issued by ABNT - Brazilian Association of Technical Standards for the respective years. For the measurement of fair value, the "market approach" (classification level 2) was applied, the main information being used were the comparable prices per m<sup>2</sup> of similar properties in the region and area of real estate.

<u>4) Vinhedo Building:</u> In 2018, the Company purchased a property in the city of Vinhedo - SP, with 51 thousand square meters, where the distribution center and administrative office of the indirect subsidiary AMMO Varejo are located.

The calculated values were as follows:

|  | 2020             | 2019             |
|--|------------------|------------------|
| Residual cost of the property<br>Surplus/added value (a) | 25,137<br>24,554 | 25,137<br>22,713 |
| Fair value (b)   | 49,691           | 47,850           |
|  | ======           | ======           |

(a) Calculated deferred tax liability of R\$8,349 (R\$7,723 on December 31, 2019). See note 21.b.

(b) Fair value based on the valuation report from Mercato Assessoria e Avaliações Ltda., Independent appraisers, in accordance with the valuation standard of assets NBR 14,653 issued by ABNT - Brazilian Association of Technical Standards for the respective years. For the measurement of fair value, the "market approach" (classification level 2) was applied, the main information being used were the comparable prices per m<sup>2</sup> of similar properties in the region and area of real estate.

5) Investment properties Montes Claros: These properties are classified as investment properties by the indirect subsidiary CSA and are comprised as follows:

|   | 2020   | 2019   |
|---|--------|--------|
| Land and installations (old MECA ) (44,402 m²)            | 30,304 | 30,270 |
| Land of the ESURB behind CODEVASF (2,770 m <sup>2</sup> ) | 4,240  | 3,750  |
| Land of the ESURB Santa Rita II neighborhood (11,700 m²)  | 4,752  | 4,200  |
| Land in Ibituruna (11,842 m²)                             | -      | 7,900  |
| Land new municipality region (72,491 m²)                  | 14,480 | 14,120 |
|   |        |        |
| Total   | 53,776 | 60,240 |
|   | ====== | ====== |
| Residual cost of the property                             | 39.860 | 51.702 |
| Surplus/added value (a)                                   | 13.916 | 8.538  |
| Sulpius/added value (a)                                   |        | 0,000  |
| Fair value (b)  | 53,776 | 60,240 |
|   | ====== | ====== |

(a) Calculated deferred tax liability of R\$4,731 (R\$2,903 on December 31, 2019). See note 21.b.

(b) Fair value based on the valuation report from Mercato Assessoria e Avaliações Ltda., Independent appraisers, in accordance with the valuation standard of assets NBR 14,653 issued by ABNT - Brazilian Association of Technical Standards for the respective years. For the measurement of fair value, the "market approach" (classification level 2) was applied, the main information being used were the comparable prices per m<sup>2</sup> of similar properties in the region and area of real estate.

<u>6) Montes Claros land:</u> In 2016 the Company invested in land in the city of Montes Claros - MG, with 214 thousand square meters from its indirect affiliate Encorpar Empreendimentos Imobiliários. This land completes a contiguous area already owned by the Company, totaling 549 thousand square meters. With the targeting of these properties for income, the land was recorded under the caption "Investment properties" on that date, at fair value.

The calculated values were as follows:

|  | 2020             | 2019             |
|--|------------------|------------------|
| Residual cost of the property<br>Surplus/added value (a) | 50,310<br>38,916 | 50,310<br>35,800 |
| Fair value (b)   | 89,226           | 86,110           |
|  | ======           | ======           |

Fair value was based on the valuation report from Mercato Assessoria e Avaliações Ltda., Independent appraisers, in accordance with the valuation standard of assets NBR 14,653 issued by ABNT - Brazilian Association of Technical Standards for the respective years. For the measurement of fair value, the "market approach" (classification level 2) was applied, the main information being used were the comparable prices per m<sup>2</sup> of similar properties in the region and area of real estate. The tax effects in the amount of R\$10,268 (R\$9,209 on December 31, 2019) were recorded under deferred income taxes. See note 21.b.

<u>7) Fazenda Tropical:</u> In 2018 the Company sold its subsidiary Tropical Agroparticipações S.A., owner of Fazenda Tropical. In 2019, the Company and the buyer, by mutual agreement, decided to undo the transaction at no cost to both parties (see notes 8 and 9).

In June 2019, a new evaluation was performed by the subsidiary Tropical Agroparticipações. The fair value was based on an appraisal report issued by Mercato Assessoria e Avaliações Ltda., Independent appraisers, in accordance with the valuation standard of assets NBR 14,653 issued by ABNT - Brazilian Association of Technical Standards. For the measurement of fair value, the "market approach" (classification level 2) was applied, the main information used were the comparable prices per m<sup>2</sup> of similar properties in the region and area of the real estate. In the fair value evaluation, a deferred tax liability of R\$5,935 was calculated.

In September 2019, the Company sold again its subsidiary Tropical Agroparticipações S.A., (see notes 8 and 9).

#### 11. PROPERTY, PLANT AND EQUIPMENT AND PROPERTY, PLANT AND EQUIPMENT HELD FOR SALE

#### a. Property, plant and equipment

Consolidated balances of property, plant and equipment are as follows:

|  |               |                     | 2020                     |                   | 2019              |
|--|---------------|---------------------|--------------------------|-------------------|-------------------|
|  | Rate (*)<br>% | Cost                | Accumulated depreciation | Net<br>book value | Net<br>book value |
| Land and improvements                          | 2.9           | 56,537              | (22,242)                 | 34,295            | 33,073            |
| Buildings                                      | 2.5           | 408,472             | (194,537)                | 213,935           | 219,017           |
| Installations                                  | 6.7           | 262,664             | (199,634)                | 63,030            | 64,476            |
| Machinery and equipment                        | 7.4           | 1,359,375           | (1,037,020)              | 322,355           | 307,599           |
| Hydroelectric plants                           | 3.8           | 57,842              | (32,145)                 | 25,697            | 27,640            |
| Furniture, fixtures and others                 | 5.9           | 199,133             | (111,453)                | 87,680            | 21,874            |
| Construction in progress                       | -             | 141,168             | -                        | 141,168           | 114,487           |
|  |               | 2,485,191           | (1,597,031)              | 888,160           | 788,166           |
| Properties for indirect<br>subsidiary use (**) |               | 49,691              | -                        | 49,691            | 47,850            |
|  |               | 2,534,882<br>====== | (1,597,031)<br>=======   | 937,851<br>====== | 836,016<br>====== |

(\*) Weighted average annual depreciation rate, excluding fully depreciated items.

(\*\*) See note 10.4.

Considering the operating profitability and cash generation, including the impacts of COVID-19, the Company and its subsidiaries did not identify evidence of deterioration or non-recovery of balances held as property, plant and equipment.

The changes in consolidated property, plant and equipment are as follows:

|                                 | Land and improvements | Buildings   | Installations | Machinery<br>and<br>equipment | Hydroelectric<br>plants | Furniture,<br>fixtures<br>and others<br>(1) | Construction<br>in progress<br>(2) | Total       |
|---------------------------------|-----------------------|-------------|---------------|-------------------------------|-------------------------|---|------------------------------------|-------------|
| Balance as of December 31, 2018 | 33,430                | 243,938     | 76,162        | 351,669                       | 28,744                  | 26,024                                      | 30,707                             | 790,674     |

| Impairment adjustment (3)       | 323                   | -           | 37            | 5                             | -                       | 145   | -                                  | 510         |
| Balance as of December 31, 2020 | 34,295                | 213,935     | 63,030        | 322,355                       | 25,697                  | 87,680                                      |                                    | 888,160     |

(1) Includes aircraft acquisition in the amount of R\$68,349 (R\$66,929 net of depreciation as of December 31, 2020), acquired in September 2020 by the Company. Payment made, in part, through a lease with SFG Equipment Leasing, which was classified as a financing lease in the amount of R\$39,089. See note 14.b and 20.

(2) Construction in progress primarily corresponds to modernization of machinery and equipment.

(3) The Company annually assesses the recoverability of property, plant and equipment, considering cash flow for the period of 5 years. In 2020, the consolidated fixed assets are reduced by a provision for loss in the amount of R\$4,793 (R\$5,303 as of December 31, 2019).

b. Property, plant and equipment held for sale

The Company's subsidiaries identified assets that were removed from operations and considered held for sale. These assets include machinery and equipment removed as a result of the modernization of the Brazilian subsidiary manufacturing facilities and machinery and equipment from the American subsidiary manufacturing facilities that were shut down. Additionally, the equipment available for sale from the readjustment of productive capacities was also included in this category. These assets were measured at the lower of the net book value or market value, resulting in the recognition of probable impairment losses (reduction of recoverable value).

As of December 31, 2020, this amount represented R\$16,725, classified in non-current assets (R\$24,421, of which R\$12,327 was classified in current assets and R\$12,094 in non-current assets as of December 31, 2019).

(Convenience Translation into English from the Original Previously Issued in Portuguese) Changes in property, plant and equipment held for sale are as follows:

(1) See note 18 for the initial adoption of IFRS 16/CPC 06 (R2).

(2) Includes new lease agreements, renewal of existing agreements and update of lease amounts.

(3) Early termination of lease contract.

The amounts receivable arising from the subleasing of the properties at their contracted amounts are as follows:

|                          | Lease rece | ivable   |
|--------------------------|------------|----------|
| Year                     | 2020       | 2019     |
|                          |            |          |
| 2020                     | -          | 13,145   |
| 2021                     | 17,124     | 13,282   |
| 2022                     | 17,310     | 13,426   |
| 2023                     | 17,508     | 13,580   |
| 2024 then after          | 128,860    | 96,361   |
|                          |            |          |
|                          | 180,802    | 149,794  |
| Present value adjustment | (67,913)   | (58,075) |
|                          |            |          |
|                          | 112,889    | 91,719   |
| Current                  | (16,230)   | (6,601)  |
|                          |            |          |
| Noncurrent               | 96,659     | 85,118   |
|                          | =======    | =======  |

The amounts recognized as finance leases have an expectation of compliance with long-term contracts with subtenants and also, for some properties, an expectation of occupancy after a vacancy period, which are updated and evaluated annually. As of December 31, 2020, the indirect subsidiary SGUS had no defaults with the current sublease agreements.

# **13. INTANGIBLE ASSETS**

|  | Consoli | Consolidated |  |  |
|--|---------|--------------|--|--|
|  | 2020    | 2019         |  |  |

(1) Goodwill on the acquisition of AMMO: Goodwill originated from investment in AMMO Varejo.

The Company evaluates the recoverability of this goodwill annually, using accepted market practices, such as discounted cash flow for the business unit that has goodwill. Recoverability of goodwill is evaluated based on analysis and identification of facts and circumstances that could require the tests to be performed at an earlier date. If a fact or circumstance indicates that the recoverability of goodwill is affected, then the test is anticipated.

The projection period for the December 2020 cash flows was five years. The assumptions used to determine the fair value through the discounted cash flow method include: cash flow projections based on management estimates for future cash flows, discount rates and growth rates for determining the perpetuity. Additionally, the perpetuity has been calculated considering the stabilization of operating margins, working capital and investments levels.

The annual discount rate used was 13.3% per year and the perpetuity growth rate considered was 3% per year. The discount rates used were determined taking into consideration market information available on the test date.

The indirect subsidiary CSA did not identify signs of deterioration or non-recovery of the recognized goodwill, considering operating profitability and cash generation of the indirect subsidiary AMMO, including the impacts of COVID-19.

(2) Goodwill on the acquisition of Keeco: Goodwill originated from the investment in Keeco Holdings, LLC.

On March 15, 2019, the indirect subsidiary SGUS became the holder of an ownership interest in Keeco Holdings, LLC, which combined its operations with the operations acquired from SGUS on that date. As of December 31, 2019, the investment was accounted for in the total amount paid by SGUS for its interest in Keeco, US\$36,000, which included the goodwill supported by future profitability, less the result of that 9 ½ months period in the amount of US\$1,776, totaling US\$34,224 or R\$137,946.

In the first quarter of 2020, the indirect subsidiary SGUS received the financial statements of that affiliated company with the adjustment of purchase price allocations, thus being able to separate the amount paid on the investment between equity investment and goodwill.

The changes were as follows:

|   | US\$ thousand   | R\$ thousand    |
|---|-----------------|-----------------|
| Breakdown between equity participation and goodwill paid: |                 |                 |
| Investment on December 31, 2019 (a)                       | 8,922           | 35,961          |
| Equity in affiliate for the year                          | (2,158)         | (11,298)        |
| Exchange variation  | -               | 10,488          |
| Transfer to assets held for sale (c)                      | (6,764)         | (35,151)        |
| Investment on December 31, 2020                           | <br>-<br>====== | <br>-<br>====== |
| Investment on December 31, 2019 (a)                       | 25,302          | 101,985         |
| Impairment in the 1st quarter of 2020 (b)                 | (8,259)         | (42,936)        |
| Exchange variation  | -               | 29,518          |
| Transfer to assets held for sale (c)                      | (17,043)        | (88,567)        |
|   |                 |                 |
| Goodwill on December 31, 2020                             | -               | -               |
|   | ======          | ======          |

(a) Investment balance on December 31, 2019 in the amount of R\$137,946, or US\$34,224.

(b) The investment in Keeco was significantly affected by the COVID-19 pandemic and, given the revised projections received by the Company, it was necessary to recognize impairment in the amount of R\$42,936 or US\$8,259.

(c) In the fourth quarter of 2020, the indirect subsidiary SGUS made the investment in Keeco available for sale. The investment and goodwill balances were reclassified to the "Assets held for sale" line, and the impairment adjustment for loss was classified as discontinued operations. See note 29.

(3) Trademarks – owned: Trademarks owned are recorded at the acquisition cost, have indefinite useful lives, and therefore are not amortized.

(4) Trademarks – use license: Represents the license to use the trademark "Santista" in Argentina and it is amortized over the term of the contract in 15 years.

(5) Intellectual property: Refers to software developed to integrate retail sales channels (physical stores and E-commerce), and it is amortized over 5 years.

(6) Store locations (real estate intangible): The amounts related to the store locations (real estate intangible) are recorded at the acquisition cost of the respective store, net of impairment of R\$6,574 (R\$7,994 as of December 31, 2019), based on its market value determined by an independent broker with valuation expertise.

Items (3) to (5) above are tested annually for recoverability. The Company did not identify signs of deterioration or non-recovery of the balances held in these intangibles.

(a) Loans held by the Company.

(b) Loan obtained by the Company to finance the purchase of fixed assets under a financing lease.

(c) Loan of indirect subsidiary CSA (R\$382,011 as of December 31, 2020), with early maturity covenants, in which the Company, SGPSA, as guarantor, agreed to comply with the following financial ratios: Net Debt to EBITDA ratio, no greater than 4.0 during the year 2017; 3.5 during the year 2018; 3.0 as of the year 2019, in its annual consolidated financial statements.

(d) Includes loan of subsidiary SGPSA (R\$18,971 as of December 31, 2020), with early maturity covenants, in which the subsidiary has committed to comply with the following financial ratios in its annual consolidated financial statements: (i) Net Debt to EBITDA ratio, no greater than 3.0, in its annual consolidated financial statements; (ii) Net Debt to Shareholders' Equity ratio, no greater than 0.7 during the period of the agreement; and (iii) EBITDA to net financial expenses ratio, no less than 2.0.

(e) Includes loan of indirect subsidiary CSA, with early maturity covenants, in which the indirect subsidiary CSA has committed to comply with the following financial ratio: (i) Net Debt to EBITDA ratio, no greater than 3.0, in its annual consolidated financial statements.

(f) Loan of indirect subsidiary CSA, with early maturity covenants, where the subsidiary SGPSA, as guarantor, agreed to comply with the following financial ratios in its annual consolidated financial statements: (i) Net Debt to EBITDA ratio, no greater than 3.0; (ii) Net Debt to Shareholders' Equity ratio, no greater than 0.7; and (iii) EBITDA to net financial expenses ratio, no less than 2.0.

During 2020, due to the reduction in profitability resulting from the effects of the pandemic (COVID-19), described in note 31, the subsidiary SGPSA and its indirect subsidiary CSA, obtained a waiver from the financial covenants described above, with the financial institutions.

The terms used to describe the financial ratios described in items (c), (d), (e) and (f) above, have their definition determined in the contract and may differ from the accounting items.

Loans are collateralized by: (i) registered security interest in real estate, machinery and equipment; (ii) guarantee from the Company; and (iii) receivables.

Maturities of the consolidated loans are as follows:

#### **15. DEBENTURES**

a) On June 12, 2017, indirect subsidiary CSA issued the 3<sup>rd</sup> series of non-convertible debentures with the following terms, which, on the same date, were fully subscribed by Gaia Agro Assessoria Financeira Ltda. ("Subscriber"). Subsequently, the Subscriber sold the debentures to Gaia Securitizadora Agro S.A. ("Securitization"), with the objective of relating the resources of the debentures to the issuance of Agribusiness Receivables Certificates ("CRA").

| 3 <sup>rd</sup> Series Debentures Terms                           |             |  |  |  |
|---|-------------|--|--|--|
| Quantity of issued debentures                                     | 50,000      |  |  |  |
| Debentures unit price (amount in Brazilian Reais)                 | R\$1,000    |  |  |  |
| Amortization:<br>Maturity of 1 <sup>st</sup> installment – 25.00% | 12/18/2018  |  |  |  |
| Maturity of 2 <sup>nd</sup> installment – 25.00%                  | 06/18/2019  |  |  |  |
| Maturity of 3 <sup>rd</sup> installment – 25.00%                  | 12/18/2019  |  |  |  |
| Maturity of 4 <sup>th</sup> installment – 25.00%                  | 06/18/2020  |  |  |  |
| Return  | 110% of CDI |  |  |  |
| Interest amortization   | Semiannual  |  |  |  |

The debentures were fully settled at maturity.

b) On February 19, 2018, indirect subsidiary CSA issued the 4<sup>th</sup> series of non-convertible debentures with the following terms, which, on February 19, 2018, was fully subscribed and modified on May 14, 2020.

| 4 <sup>th</sup> Series Debentures Terms           |                     |                  |  |  |  |
|---|---------------------|------------------|--|--|--|
|   | February 2018       | <u>May 2020</u>  |  |  |  |
| Quantity of issued Debentures                     | 150,000             | 87,500           |  |  |  |
| Debentures unit price (amount in Brazilian Reais) | R\$1,000            | R\$1,000         |  |  |  |
|   | 12 equal quarterly  |                  |  |  |  |
| Amortization                                      | installments        | 1 installment    |  |  |  |
| Initial maturity                                  | 05/19/2018          | -                |  |  |  |
| Final maturity                                    | 02/19/2021          | 02/19/2021       |  |  |  |
|   | 100% of CDI + 2.75% | 100% of CDI +    |  |  |  |
| Return  | per annum           | 4.75% per annum  |  |  |  |
|   | 12 equal quarterly  | 1 installment on |  |  |  |
| Interest amortization                             | installments        | 02/19/2021       |  |  |  |
| Guarantees  | (1)                 | (1)              |  |  |  |
| Covenants   | (2)                 | (2)              |  |  |  |

On May 14, 2020, at a general meeting, the Debenture Holders resolved to: (i) change the interest rate of the debentures, by changing the spread from 2.75% per year to 4.75% per year; (ii) change the frequency of payment of the interest on the debentures to a single payment on the maturity date; and (iii) change the frequency of payment of the amortization of the nominal unit value of the debentures, to a single payment on the maturity date. The debenture holders' changes and approvals were reflected in the respective minutes.

#### (1) Guarantees:

Secured Guarantee: Property of that indirect subsidiary, see note 10.2, whose fair value must remain higher than 1.43 times the issue value of the debentures in the first year and in the following years 1.67 times. In addition, the lease contracts of the property are part of the guarantee, and the fiduciary agent may, in case of default, retain the rent receivables until the default is resolved.

Fidejussory guarantee: Surety given by SGPSA and by Josué Christiano Gomes da Silva.

#### (2) Covenants:

Usual early maturity clauses without commitment for maintaining financial ratios.

Balances of the debentures on December 31, 2020 and 2019 were as follows:

|                  | Debentu                | res from                                      | Company and consolidated |          |  |

#### 16. SUPPLIERS

|                                   | Consolidated      |                   |  |  |  |
|-----------------------------------|-------------------|-------------------|--|--|--|
|                                   | 2020              | 2019              |  |  |  |
| Domestic market<br>Foreign market | 223,891<br>25,463 | 168,239<br>29,729 |  |  |  |
|                                   |                   |                   |  |  |  |
|                                   | 249,354           | 197,968           |  |  |  |
|                                   | ======            | ======            |  |  |  |

Accounts payable to suppliers consist of amounts with an average maturity term of approximately 65 days (55 as of December 31, 2019).

#### **17. GOVERNMENT CONCESSIONS**

The indirect subsidiary CSA has equity interest in a consortium for an electric power generation concession with the companies CEMIG Geração e Transmissão S.A. and Vale (formerly known as Companhia Vale do Rio Doce), in equal percentages of 33.33%. No legally independent entity was established for the management of this consortium. Accounting records, equivalent to its interest, are maintained under Company's control.

As consideration for the concession granted, indirect subsidiary CSA, together with the other consortium members, will pay installments over the concession period to the Federal Government, as presented below:

| Beginning of concession period: | July 10, 1997                      |
|---------------------------------|------------------------------------|
| Concession period:              | 35 years                           |
| Total concession amount:        | R\$333,310                         |
| Monetary adjustment:            | IGP-M (general market price index) |

Total annual installments of the concession:

|  | Years 5 to 15<br>2002 to 2012 | Years 16 to 25<br>2013 to 2022 | Years 26 to 35<br>2023 to 2032  |
|--|-------------------------------|--------------------------------|---------------------------------|
| Historical amounts:<br>Minimum installment<br>Additional installment | 120<br>-                      | 120<br>12,510                  | 120<br>20,449                   |
| Annual installment   | 120                           | 12,630                         | 20,569                          |
| Total installments<br>Monetarily adjusted installments               | 1,320<br>8,672<br>======      | 126,300<br>829,728<br>=======  | 205,690<br>1,351,265<br>======= |

For accounting purposes, indirect subsidiary CSA recognizes expenses incurred on an accrual basis, as a contra entry to noncurrent liabilities, on a straight-line basis, based on its share in the total concession amount, 33.33%, at present value, considering a basic interest rate when contracting the concession, updated by the IGP-M. The changes in the concession balances are as follows:

|  | Consolidated |          |  |
|--|--------------|----------|--|
|  | 2020         | 2019     |  |
|  |              |          |  |
| Opening balance                        | 65,983       | 65,448   |  |
| Appropriation of the grant installment | 4,483        | 4,027    |  |
| Payments                               | (22,440)     | (21,518) |  |
| Interest (7.5% p.a.)                   | 18,652       | 15,726   |  |
| Monetary variation (IGPM)              | 14,190       | 2,300    |  |
|  |              |          |  |
|  | 80,868       | 65,983   |  |
| Current                                | (27,658)     | (22,212) |  |
|  |              |          |  |
| Noncurrent                             | 53,210       | 43,771   |  |
|  | ======       | ======   |  |

As of December 31, 2020, the net book value of the property, plant and equipment related to the current concession is R\$16,772 (R\$18,208 as of December 31, 2019), considering CSA's equity interest in the investments for the construction of the Porto Estrela Hydroelectric Plant, located on the Santo Antônio River, 270 km from Belo Horizonte, with installed capacity of 112 MW. The plant began generation activities at the end of 2001.

#### 18. LEASES PAYABLE

The breakdown of leases payable is as follows:

|                     |          | Consolidated | Consolidated |
|---------------------|----------|--------------|--------------|
|                     | Maturity | 2020         | 2019         |
|                     |          |              |              |
| Properties          | 2024     | 898          | 1,735        |
| Properties – plant  | 2028     | 9,877        | -            |
| SGUS (*)            | 2030     | 266,286      | 217,120      |
| Properties – stores | 2025     | 60,833       | 45,142       |
| Vehicles            | 2022     | 580          | 747          |
|                     |          |              |              |
|                     |          | 338,474      | 264,744      |
| Current             |          | (61,922)     | (50,486)     |
|                     |          |              |              |
| Noncurrent          |          | 276,552      | 214,258      |
|                     |          | =======      | =======      |

(\*) Liability corresponding to right-of-use assets classified as: (i) Real Estate - SGUS; (ii) Investment properties; and (iii) Financial leases receivable. See note 12.

(Convenience Translation into English from the Original Previously Issued in Portuguese) The maturities of leases payable are as follows:

|  | 2021                  | 2022                  | 2023                   | 2024 to<br>2030          | Total                    |
|--|-----------------------|-----------------------|------------------------|--------------------------|--------------------------|

|  | =======    | =======    | ======     | =======  | =======  | =======  | =======  |

(1) The Company's management opted for the simplified retrospective transition approach. This approach does not impact retained earnings (shareholders' equity) on the initial adoption date, since the amount of the right-ofuse asset is equal to the lease payable amount adjusted to present value and enables the use of practical expedients. The Company's management considered as leasing component for stores only the fixed minimum rent value for purposes of assessing the liabilities. The measurement of the lease liability corresponds to the total of future payments of fixed rents, considering the terms of the contracts. These payment flows are adjusted to present value, considering the incremental borrowing rate. Financial charges are recognized as financial expenses. The incremental borrowing rate corresponds to the interest rate that the Company would have to pay to borrow over a similar term, and with a similar security, the funds necessary to obtain an asset of a similar value to the right-of-use asset in a similar economic environment (varies between 9% and 10% per year).

(2) Includes new lease agreements, renewal of existing agreements and update of lease amounts.

(3) Early termination of lease contracts.

(4) Due to the COVID-19 pandemic, the indirect subsidiary AMMO Varejo renegotiated the rent of some stores with the lessors, obtaining an exemption or reduction in the minimum rent for the months in which the stores were closed, in accordance with the guidelines of each municipality. According to the revision of CPC 06 (R2), the indirect subsidiary AMMO Varejo adopted the practical expedient, and adjusted the lease liabilities in the amount of the reductions obtained.

The effects on results as of December 31, 2020 and 2019 are as follows:

#### 19. EQUITY

#### a. Capital

Capital, as of December 31, 2020 and 2019, is represented as follows:

|                     | Number of shares         |                          |  |  |
|---------------------|--------------------------|--------------------------|--|--|
|                     | 2020                     | 2019                     |  |  |
| Common<br>Preferred | 13,912,800<br>16,723,657 | 13,912,800<br>16,723,657 |  |  |
|                     | 30,636,457               | 30,636,457               |  |  |

There was no change in the number of shares subscribed and paid for the period between January 1, 2019 and December 31, 2020.

All shares are registered and without par value. Preferred shareholders do not have voting rights, but have the following advantages: (a) priority to capital redemption in the event of liquidation; and (b) right to be included in any public offering for the sale of the controlling interest, as legally determined, and to receive dividends at least equivalent to those paid to common shares.

#### b. Dividends

Shareholders are entitled to dividends equivalent to 1/3 of annual net income, adjusted as per Company's bylaws and the Brazilian Corporate Law.

#### c. Retained earnings reserve

The retained earnings reserve was determined in compliance with article 196 of Law 6,404/76 and it is intended to be used on future investments.

The balances refer to loans contracted with the Company under fair conditions in accordance with market practices. The charges are calculated according to the average cost of the lending company's loans. The Board of Directors meeting of subsidiary SGPSA, held on December 29, 2015, approved payment of 2% commission (two percent annually), limited to the cumulative amount of R\$47,750, on sureties/guarantees provided by the Company on loans and financing contracted by SGPSA and its subsidiaries. As of December 31, 2020, the amount of R\$9,251 was recorded with R\$3,380 in the caption "Other accounts payable" in current liabilities (R\$4,418 as of December 31, 2019) and R\$5,871 in the caption "Other obligations" in noncurrent liabilities (R\$9,251 as of December 31, 2019), related to guarantees on existing contracts and credit facilities. During 2020, the amount of R\$4,418 was recorded as interest income (R\$5,288 in 2019). These amounts are eliminated in the consolidated financial statements.

Encorpar Empreendimentos Imobiliários Ltda., affiliated company, and the subsidiary Santanense, entered into a lease agreement related to the building where the subsidiary's office is located. During 2020, R\$516 was accrued (R\$475 in the same period of 2019).

On August 14, 2020, the Board of Directors approved the acquisition of an aircraft by its parent company Wembley SA, for the lowest price between the two publications specializing in the disclosure of market prices for the aircraft *BLUE BOOK* e "Guia Oficial da AOPA – *VREF Aircraft Values & Appraisals*"). In addition, on the same date, the signing of a financing lease contract for part of the aircraft acquisition value was approved. See note 14.b.

The amounts paid to key management personnel are disclosed in the statements of operations, under caption "Management fees" and include existing long-term and post-employment benefits. The management fees balances are described below:

(1) Includes income from discontinued operations before taxes. See notes 29 and 30.

(2) Includes effect of exchange rate variations of foreign subsidiaries, income (expenses) from non-operational subsidiaries and eliminations for consolidations.

b. Deferred income and social contribution taxes

As a holding Company, the Company's operations consist of equity in subsidiaries and income from investment activities. Foreign subsidiaries' income is taxed as an addition to the taxable income and they receive tax credits for taxes paid in their respective countries, which is up to 25% of its income tax base. If there are tax losses, tax credits are not considered in Brazil, but they are offset with future income generated by the foreign subsidiary. Therefore, as a holding Company, tax credit recognition is allowed in specific situations.

Deferred income and social contribution taxes recorded in the consolidated financial statements arise from subsidiaries' temporarily nondeductible provisions, transferred tax credit, and subsidiaries' net operating losses.

#### Deferred income and social contribution taxes are composed as follows:

|  |           | Recognized in: |        | Exchange   |       |           |
|--|-----------|----------------|--------|------------|-------|-----------|
|  |           | Statement of   |        | rate       |       |           |
|  | 2019      | operations     | Equity | variations | Other | 2020      |

(\*) Reclassifications performed for balance sheet presentation.

As of December 31, 2020, the Company had net operating losses of R\$263,179 (R\$214,301 as of December 31, 2019) and social contribution tax losses of R\$277,499 (R\$228,470 as of December 31, 2019), whose tax assets were not recognized in the financial statements.

#### (1) Deferred taxes of indirect subsidiary CSA:

The indirect subsidiary CSA, based on its business plan and future projections, maintained deferred tax assets derived, from accumulated tax losses. Future projections consider the Company's operating results for the next 10 years adjusted to present value and a reduction of interest rates during that period and the resulting cost of debt, among other actions. Based on these actions and the assumptions used in the preparation of the business plan, the management of that subsidiary has expectations to generate future taxable income that will allow the realization of the deferred tax credits shown as follows:

|                     | (           | SA consolidated |        |
|---------------------|-------------|-----------------|--------|
|                     | Temporary   | Operating       |        |
| Year                | differences | losses (*)      | Total  |
|                     |             |                 |        |
| 2021                | 3,846       | (3,846)         | -      |
| 2023 and thereafter | 13,746      | 11,013          | 24,759 |
|                     |             |                 |        |
|                     | 17,592      | 7,167           | 24,759 |
|                     | ======      | ======          | ====== |

(\*) Includes compensation of taxes paid in Argentina.

Temporary differences are fully deductible from taxable income, while tax losses are limited to 30% of taxable income. Both have no deadline for expiration.

Additionally, as of December 31, 2020, the indirect subsidiary CSA had net operating losses of R\$1,003,472 (R\$915,612 as of December 31, 2019) and social contribution tax losses of R\$1,009,600 (R\$921,695 as of December 31, 2019), whose tax assets were not recognized in the financial statements. As of December 31, 2020, the indirect subsidiary AMMO had net operating losses of R\$335,239 (R\$283,948 on December 31, 2019) and social contribution tax losses of R\$335,268 (R\$282,322 on December 31, 2019).

Deferred tax liabilities - investment properties:

Income and social contribution taxes resulting from added value in investment properties. See note 10.

|   | ======                        | ======                           | ======                                | ======        |

#### (2) Deferred taxes of indirect subsidiary SGUS:

The indirect subsidiary SGUS, based on its business plan and future projections, maintained deferred tax assets derived, primarily, from accumulated tax losses. Based on the projections of its operating results, the indirect subsidiary SGUS had a deferred tax assets balance, as of December 31, 2020, totaling R\$16,059 (R\$66,501 as of December 31, 2019). The reduction in the deferred tax assets was caused by the negative impact of COVID-19 on the profitability projections of its affiliate Keeco Holdings, LLC. The revised projections of the continuing operations consider the revenues and expenses of the subsidiary SGUS, including the profitability of its affiliate, for the next 10 years.

Based on the assumptions utilized in the preparation of business plan, SGUS management expects to generate future taxable income that will allow the realization of the deferred tax credits.

The estimated realization for the deferred tax assets of subsidiary SGUS, as of December 31, 2020, is shown below:

|      | Indirect<br>subsidiary |
|------|------------------------|
| Year | SGUS                   |
| 2021 | 16,059<br>======       |

Temporary differences are fully deductible from taxable income and have no deadline for utilization. The net operating tax losses are also fully deductible, but the federal losses will expire between 2022 and 2034 and the state losses will expire between 2020 and 2034.

Additionally, on December 31, 2020, indirect subsidiary SGUS had R\$1,213,899 in tax losses (R\$499,688 at December 31, 2019) whose tax assets were not recognized in the financial statements.

#### (3) Deferred taxes of indirect subsidiary Santanense:

Santanense, based on its business plan and future projections, maintained deferred tax assets derived from accumulated tax losses. Future projections consider the Company's operating results for the next 10 years adjusted to present value and a reduction of interest rates during that period and the resulting cost of debt, among other actions.

Based on these actions and the assumptions used in the preparation of the business plan, the management of that subsidiary has expectations to generate future taxable income that will allow the realization of the deferred tax credits shown as follows:

|                     | Company and | Consolidated |        |
|---------------------|-------------|--------------|--------|
|                     | Temporary   | Operating    |        |
| Year                | differences | losses       | Total  |
|                     |             |              |        |
| 2021                | 2,052       | 16           | 2,068  |
| 2022                | -           | 754          | 754    |
| 2023                | -           | 2,501        | 2,501  |
| 2024                | -           | 2,899        | 2,899  |
| 2025 and thereafter | -           | 17,662       | 17,662 |
|                     |             |              |        |
|                     | 2,052       | 23,832       | 25,884 |
|                     | ======      | ======       | ====== |
|                     |             |              |        |

Temporary differences are fully deductible from taxable income, while tax losses are limited to 30% of taxable income. Both have no deadline for expiration.

#### c. Recoverable taxes

|  | ======   | ======  | ======       | ======   |

(\*) Includes credits from purchases and amounts related to credits generated by the exclusion of ICMS from the PIS and COFINS calculation basis.

#### 22. MISCELLANEOUS ACCRUALS

The Company and its subsidiaries are challenging in court the legality of certain taxes, civil and labor claims. The accrual was recognized based on the risk assessment made by management and its legal counsel for all lawsuits in which losses are considered probable.

The Company and its subsidiaries have tax, civil claims and labor, whose loss was estimated as possible in the amounts of R\$43,077, R\$154,399 and R\$3,683, respectively (R\$34,042, R\$139,512 and R\$4,402, respectively in 2019). The main tax claims relate to infraction notices referring to: (i) imports of raw materials under the Drawback program (R\$7,559); (ii) calculation of presumed FAIN credit (R\$5,871); (iii) ex-tariff IPI exemption (R\$3,160); and (iv) partial rejection of compensation of IPI credit and exemption on the aircraft's custom clearance (R\$2,651). The main civil claims correspond to a writ of mandamus filed against the Electric Energy Trading Chamber (CCEE), in the amount of R\$38,701, seeking to eliminate possible financial burdens arising from judicial decisions that determine the sharing of losses among power generators. Annulment Actions with an injunction request to cancel some "Dations in payment" of several properties, due to the debts generated by the non-delivery of cotton in an amount corresponding to R\$105,368 and the seizure of cotton feather corresponding to R\$5,768. The main labor lawsuits are related to labor claims of former employees and third parties.

The claims for which losses are considered probable are summarized as follows:

|                        | Company |        | Consolidated |        |
|------------------------|---------|--------|--------------|--------|
|                        | 2020    | 2019   | 2020         | 2019   |
| Tax litigation claims: |         |        |              |        |

|                        | =====   | =====  | ======       | ====== |

INSS – Administrative litigation referring to tax entries in the Company and its indirect subsidiaries CSA and CTS. The indirect subsidiaries CSA and CTS are plaintiffs in a lawsuit against the Brazilian Treasury Department, disputing the levy of INSS on amounts considered to be employee termination costs and FAP (Accident Prevention Factor).

IPI – Foreign Flag – The Company is a plaintiff in a lawsuit against the levy of IPI on the acquisition of an aircraft under a lease contract.

Labor - The Company and its subsidiaries are defendants in lawsuits from former employees and third parties.

Civil – The Company and its indirect subsidiary CSA are plaintiffs in lawsuits against the Federal Government disputing the legality of "COFURH - Compensação Financeira pela Utilização de Recursos Hídricos".

Request for refund and indemnification ("PERDCOMP") - The Company is a plaintiff in a claim for refund of overpayment that is challenging the retroactive application of IN323/2005, which establishes deadlines for the delivery of PERDCOMP.

Changes in the consolidated accrual are as follows:

|                        | 2019   | Additions | Reductions | Exchange<br>variation | 2020   |
|------------------------|--------|-----------|------------|-----------------------|--------|

#### 23. EMPLOYEE BENEFIT PLANS

Substantially all of the employees of the indirect subsidiary SGUS are covered by defined-contribution plans. Some executives of indirect subsidiary SGUS are covered by a defined-benefit plan. Indirect subsidiary SGUS may make contributions to the defined-contribution plan at its discretion, and these contributions are considered by means of a percentage of each participant's eligible compensation. In addition, should eligible participants contribute a percentage of their compensation to some defined-contribution plans, indirect subsidiary SGUS may, at its discretion, make a contribution in the proportion of the amounts contributed by the participants.

Indirect subsidiary SGUS sponsors a defined-benefit pension plan for some of its employees, whose expected pension costs are accrued based on actuarial studies. Contributions of retired employees and indirect subsidiary SGUS are adjusted periodically. Indirect subsidiary SGUS' contributions to the defined-benefit plans are made pursuant to the "US Employee Retirement Income Security Act" and benefits are generally based on years of service and salary (compensation) levels.

The defined-benefit plan's assets are invested in diversified equity securities and fixed-income funds (including US government debt). Indirect subsidiary SGUS also provides retirement benefits to eligible executives under nonqualified supplemental executive retirement plans.

The table below includes summarized information on the pension and postretirement plans as of December 31, 2020 and 2019:

|   | 2020               | 2019               |
|---|--------------------|--------------------|
| Changes in benefit obligation:  |                    |                    |
| Benefit obligation at beginning of year   | 164,983            | 155,727            |
| Service cost  | 1,463              | 1,049              |
| Interest cost   | 7,550              | 6,779              |
| Actuarial (gain) loss   | 10,679             | 9,995              |
| Benefit payments  | (18,145)           | (14,898)           |
| Exchange rate variation   | 47,713             | 6,331              |
| Benefit obligation at end of year   | 214,243            | 164,983            |
| Changes in plan assets:   |                    |                    |
| Fair value of plan assets at beginning of year  | 51,960             | 46,578             |

SGUS' investment strategy is to invest in a diversified portfolio that will maximize returns, considering an acceptable risk level. Pension plan assets are invested in mutual funds which have a target allocation of 40% in equity securities and 60% in fixed income funds. The expected returns on plan assets were developed in conjunction with external advisors and take into account long-term expectations for future returns based on SGUS' current investment strategy.

|   | 2020   | 2019   |
|---|--------|--------|
| Investments in plan assets:               |        |        |
| Equity securities                         | 28,736 | 17,938 |
| Fixed income                              | 39,862 | 33,254 |
| Cash and cash equivalents                 | 3,626  | 768    |
|   |        |        |
| Plan assets fair value at the end of year | 72,224 | 51,960 |
|   | ====== | ====== |

The subsidiary SGUS expects to contribute R\$13,164 to the defined-benefit plans in 2021. Expected benefit payments for the next 10 years are:

|             | Defined-benefit<br>pension plans |
|-------------|----------------------------------|
| 2021        | 18,393                           |
| 2022        | 15,935                           |
| 2023        | 15,378                           |
| 2024        | 14,822                           |
| 2025        | 14,299                           |
| 2026 – 2030 | 62,911                           |

The balances of employee benefit plans and deferred compensation are as follows:

|  | 2020             | 2019             |
|--|------------------|------------------|
| Pension plan obligations<br>Other employee benefit obligations | 142,019<br>2,893 | 113,023<br>2,761 |

#### 24. FINANCIAL INSTRUMENTS

<u>a) General</u>--The Company and its subsidiaries enter into derivatives and non-derivatives financial instruments transactions, whose risks are managed through strategic financial positions and controls to limit exposure to such risks. All transactions are fully recorded in the Company's books and described in the table below.

|  | Compa   | Company |         | lated   |
|--|---------|---------|---------|---------|
|  | 2020    | 2019    | 2020    | 2019    |
| FINANCIAL ASSETS                             |         |         |         |         |
| Amortized cost:                              |         |         |         |         |
| Cash and cash equivalents                    | 1,075   | 1,630   | 185,467 | 165,453 |
| Marketable securities (current)              | -       | -       | 28,164  | 41,126  |
| Accounts receivable                          | -       | -       | 622,027 | 604,592 |
| Cash holdback amount                         | -       | -       | 20,787  | 25,393  |

| Amortized cost:                              |         |         |         |         |
| Loans and financing (current)                | 154,586 | 170,743 | 866,943 | 825,161 |
| Debentures (current)                         | -       | -       | 91,085  | 87,008  |
| Suppliers                                    | 623     | 813     | 249,354 | 197,968 |
| Government concessions (current)             | -       | -       | 27,658  | 22,212  |
| Other accounts payable                       | 5,691   | 6,571   | 64,366  | 63,589  |
| Loans and financing (noncurrent)             | 168,271 | 86,713  | 597,158 | 607,594 |
| Debentures (noncurrent)                      | -       | -       | -       | 12,389  |
| Government concessions (noncurrent)          | -       | -       | 53,210  | 43,771  |
| Related parties                              | 235,396 | 176,724 | -       | 1,194   |
| Other obligations                            | 7,700   | 11,049  | 44,095  | 37,663  |

The main risk factors to which the Company and its subsidiaries are exposed reflect strategic-operational and economic-financial matters. The strategic-operational risks (such as demand trend, competition, technological innovation, significant changes in the industry structure, among others) are inherent to the Company's operating activities and are addressed by its management. The economic-financial risks mainly reflect customers' delinquency, macro-economic trends, such as currency exchange and interest rates, as well as the nature of the derivative instruments used by the Company, its subsidiaries, and its counter-parties. These risks are managed through internal control policies, specific strategies and establishment of approval authorities.

<u>b) Fair value</u>--The fair values of loans and financing and debentures are similar to their amortized cost recorded in the financial statements because they are indexed to floating interest rates (CDI and LIBOR), which accompany market rates. Considering the maturities of other short-term financial instruments, the Company estimates that their fair values approximate book values.

c) Classification of financial instruments--Except for derivatives, and certain marketable securities, which are classified and measured at fair value through profit or loss, all financial assets and liabilities listed above are classified and measured as "Amortized Cost". The derivative financial instruments are "Measured at fair value through profit or loss" and the portion related to the cash flow hedge, which effectiveness can be measured, has its gains and losses recognized directly in shareholders' equity as valuation adjustments and presented in the statement of comprehensive income.

#### d) Risk management and derivative and non-derivative financial instruments:

<u>d.1 – Objectives and risk management strategies</u>--The Company believes that risk management is important in driving its strategy of profitable growth. The Company is exposed to market risks, mainly related to changes in exchange rates, commodity prices (cotton) and volatility of interest rates. The goal of managing these risks is to eliminate possible unexpected variations in the results of the group's companies, arising from these variations.

The purpose of derivative transactions is always related to the elimination of market risks, identified in our policies and guidelines and, also, to the management of the volatility of financial flows. The measurement of efficiency and evaluation of results occurs throughout the life of the contracts. The monitoring of the impact of these transactions is analyzed quarterly by the Cash and Debt Management Committee where the mark-to-market of these transactions is discussed and validated. All derivative financial instruments are recorded at fair value in the Company's financial statements. As of December 31, 2020 and 2019, there were no outstanding derivative financial instruments.

<u>d.2 – Derivatives use policy</u>--According to internal policies, the Company's financial results should be related to cash provided by its business and not by gains in the financial market. Therefore, it considers the use of derivatives as a tool to protect eventual exposures related to risks arising from such exposures, and not for speculative purposes. The derivative transactions goal is to reduce Company's market risks exposures.

<u>d.3 – Exchange rate risk</u>--This risk arises from the possibility that the Company and its subsidiaries may incur losses due to exchange rate fluctuations that would reduce the nominal billed amounts or increase funds raised in the market.

d.3.1 – Exchange rate risk on foreign investments:

The Company and its direct and indirect subsidiaries have foreign investments that increase its foreign currency exchange exposure, as follows:

|                                  |           |           | 2020      | )         |   |

d.3.2 – Exchange rate risks on the Company and on its direct and indirect subsidiaries in the financial instruments in Brazil:

The amounts related to financial instruments with foreign currency exchange exposure of the Company and its Brazilian direct and indirect subsidiaries as follows:

| Financial instruments             | 2020      | 2019      |
|-----------------------------------|-----------|-----------|
|                                   |           |           |
| Cash and cash equivalents         | 8,529     | 6,473     |
| Accounts receivable               | 50,163    | 76,998    |
| Marketable securities             | -         | 71,010    |
| Receivable – sale of investment   | 104,632   | 87,631    |
| Suppliers                         | (11,108)  | (10,621)  |
| Loan and financing                | (280,769) | (351,217) |
| Related parties                   | 131,955   | (217,996) |
|                                   |           |           |
| Total exposure in Brazilian Reais | 3,402     | (337,722) |
|                                   | ======    | =======   |
| Total exposure in equivalent      |           |           |
| thousands of US Dollars           | 655       | (83,787)  |
|                                   | =======   | ========  |

The sensitivity analysis of financial instruments, considering the US dollar denominated cash flows, as of December 31, 2020, is shown below:

|          |                        | Exposure value in | Scenarios |          |          |
|----------|------------------------|-------------------|-----------|----------|----------|
| Maturity | Risk                   | thousands of US\$ | Probable  | II       | III      |
|          |                        |                   |           |          |          |
| 2021     | US dollar depreciation | 9,015             | 1,787     | (10,371) | (22,529) |
| 2022     | US dollar depreciation | (2,685)           | (602)     | 3,037    | 6,677    |
| 2023     | US dollar depreciation | (659)             | (319)     | 617      | 1,552    |
| 2024     | US dollar depreciation | (684)             | (554)     | 473      | 1,499    |
| 2025     | US dollar depreciation | (711)             | (827)     | 303      | 1,433    |
| 2026     | US dollar depreciation | (738)             | (1,132)   | 110      | 1,352    |
| 2027     | US dollar depreciation | (767)             | (1,492)   | (123)    | 1,246    |
| 2028     | US dollar depreciation | (796)             | (1,901)   | (392)    | 1,118    |
| 2029     | US dollar depreciation | (1,320)           | (3,626)   | (1,004)  | 1,619    |
|          |                        |                   |           |          |          |
|          |                        | 655               | (8,666)   | (7,350)  | (6,033)  |
|          |                        | ======            | ======    | ======   | ======   |

Amounts in parenthesis (negative numbers) stated in the scenarios above refer to exchange rate variance losses. The positive amounts relate to exchange rate variations gains.

The "Probable" scenario represents the result of the probable exchange rate variation, considering the cash flow of the assets and liabilities presented above, applying future dollar exchange rates and comparing to the dollar exchange rate at the end of the current year. Scenarios II and III reflect 25% and 50% deterioration of future dollar exchange rates, respectively.

The future dollar exchange rates were obtained from B3 S.A. – Brasil, Bolsa, Balcão.

d.4 – Commodities price risk (cotton)-- This risk arises from the possibility of the Company and its subsidiaries may incur losses due to fluctuations in the price of cotton, its main raw material. As of December 31, 2020 and 2019 there were no outstanding contracts subject to price fluctuation.

<u>d.5 – Interest rates risk</u>--Cash and cash equivalents and marketable securities yield, approximately, the equivalent to CDI (Certificate of Interbank Deposit) rates. Interest-bearing liabilities, which reflect rates equivalent to LIBOR, or fixed interest rates, are disclosed in notes 14 and 20. Considering the cash flows of these liabilities (except as described in d.5.1 and d.5.2 below) and the contracted interest rates, Management determined that the exposure to market changes on the contracted interest rates is not significant. Therefore, the sensitivity analysis is deemed unnecessary for these financial instruments.

d.5.1 – Variable interest rate risks on derivative financial instruments:

<u>Interest rates swap contracts</u>--Are presented and measured at fair value and are based on the cash flow of the loans denominated in foreign currency. Gains or losses are recorded under the "Financial expenses – interests" caption in the statements of operations. There were no interest rate derivatives in the years ended December 31, 2020 and 2019.

d.5.2 – Variable interest rate risk on non-derivatives financial instruments:

The amounts related to the Company and its subsidiaries' non-derivatives financial instruments subject to variable interest rate exposure are as follows:

|  |                                   | 2020                |                     |                      | 2019    |

The sensitivity analysis of the non-derivative financial instruments above, considering the scheduled payments of principal and interest as of December 31, 2020, is as follows:

|          |              | Principal          |          | Scenarios |        |
|----------|--------------|--------------------|----------|-----------|--------|
| Maturity | Risk         | average<br>balance | Probable |           |        |
| 2021     | CDI increase | 926,692            | 33,534   | 45,962    | 51,876 |
| 2022     | CDI increase | 380,656            | 13,240   | 30,829    | 35,930 |
| 2023     | CDI increase | 116,693            | 4,177    | 11,492    | 13,408 |
| 2024     | CDI increase | 8,758              | 535      | 969       | 1,080  |
|          |              |                    | ======   | ======    | ====== |

Amounts shown in the scenarios above represent projected interest expense, in their respective years and scenarios, considering the average loan balances on each year. The "Probable" scenario represents the result of the probable CDI variations, considering the principal and interest maturity dates. Scenarios II and III reflect 25% and 50% increase in the future CDI index, respectively. The future CDI rates were obtained at B3 S.A. - Brasil, Bolsa, Balcão.

<u>d.6 – Credit risk</u>--The Company is subject to credit risk on its cash and cash equivalents and marketable securities. This risk is mitigated by the policy of entering into transactions only with major financial institutions. The credit risk on accounts receivable is reduced due to the selectivity of customers and credit policy. The Company has a credit management system based on the combination of information originated by several departments of the Company, primarily sales, finance, accounting, legal and external sources that enable the credit and collection departments to establish credit limits for its customers that are approved by a credit committee.

<u>d.7 – Liquidity risk management</u>--The Company's financial liabilities, according to their cash flows, based on their approximate maturity date, and using nominal contractual interest rates, are summarized as follows:

|                         |           | Estimated settlement |                      |                      |  |
|-------------------------|-----------|----------------------|----------------------|----------------------|--|
| Contractual obligations | Total     | Less than 1<br>year  | From 1 to 3<br>years | From 3 to 5<br>years |  |
| Loans and financing     | 1,556,860 | 952,287              | 548,654              | 55,919               |  |
| Debentures              | 91,709    | 91,709               | -                    | -                    |  |
| Suppliers               | 249,354   | 249,354              | -                    | -                    |  |

(\*) Refers to amounts receivable on the sale of investment, tied to the loan with SP Investidor IV, LLC. See notes 8 and 14.

## 25. SEGMENT INFORMATION

Operating segments are defined as components of an enterprise for which separate financial information is available and evaluated regularly by the decision maker, with the purpose of determining the allocation of resources to an individual segment and evaluate its performance. Given that decisions on strategic planning, finance, purchasing, investment and application of resources, as well as evaluation of investment and key executives performance of the Company are made separately by each direct subsidiary, the Company and its subsidiaries have concluded that they have three distinct operating segments: Wholesale, Retail and Denim.

The Company owns several factories that supply each other so that, together, they form an integrated industry in spinning, weaving, finishing and manufacturing of home textile products. The Company does not have separate operating segments in its sales categories and the reports used for strategic and operational decision making are always consolidated. There are no specific operational units for each category of goods sold. Therefore, these operations are denominated "Wholesale" because its products are not sold to the final consumer.

The indirect subsidiary AMMO and C7S have a set of separate information and investment decisions, pricing, store expansion, multichannel sales, and others, which are individually made, and are denominated "Retail" as its products are sold directly to the final consumer.

The indirect subsidiary CTS has three plants that supply each other so that, together, form an integrated industry in spinning, weaving and finishing of woven fabrics ("Denim") mainly used for garments. There is no operating segment between the sales categories of the Company, where supporting reports to make strategic and operating decisions are always consolidated. There are no specific operating units for each category of goods sold.

The Company presents below the information by segment (expressed in millions of Reais):

|  | 2020 (continuing operations)   |                                |                            |                                 |  |  |

(\*) Relates to the expenses of the Company and non-operating subsidiaries, equity in affiliated companies and unallocated financial results.

The Company's subsidiaries, through the analysis of sales performance, classify its products under the categories of sales (or product lines) such as: bedding, tabletop and bath, intermediate products, and retail.

Revenue information by category or product lines is as follows:

|                                      | Consolidated |          |  |
|--------------------------------------|--------------|----------|--|

|                                      | ======       | ======   |  |

The Company and its subsidiaries have over 13,000 active clients in the wholesale and denim segments, as of December 31, 2020.

## 26. EXPENSES BY NATURE

The Company presents its consolidated statements of operations by function. The expenses by nature and their classification by function are presented as follows:

## By nature

|  | Consolidated  |   |  |
|--|---|---|--|
|  | 2020  | 2019  |  |
| Cost of raw materials, goods and services acquired from third parties<br>Employee benefits<br>INSS<br>Depreciation and amortization<br>Finished goods and work in process inventory variations<br>Costs resulting from reduced production volume - COVID-19<br>Others costs and expenses | (1,315,977)<br>(401,552)<br>(53,122)<br>(105,097)<br>(23,873)<br>(32,733) | (1,188,243)<br>(411,432)<br>(54,460)<br>(102,132)<br>(15,049)<br>-<br>(3,902) |  |
| Total by nature  | (1,932,354)<br>======   | (1,775,218)<br>=======  |  |

### By function:

|                                     | Consolidated |             |  |
|-------------------------------------|--------------|-------------|--|
|                                     | 2020         | 2019        |  |
| Cost of goods sold                  | (1,397,111)  | (1,319,288) |  |
| Selling expenses                    | (369,687)    | (298,526)   |  |
| General and administrative expenses | (147,025)    | (139,108)   |  |
| Management fees                     | (18,531)     | (18,296)    |  |
| Total by function                   | (1,932,354)  | (1,775,218) |  |
|                                     | ========     | =======     |  |

### 27. NET REVENUES

The reconciliation between gross revenues and net revenues presented in the statements of operations is as follows:

|  | Consolidated |           |  |
|--|--------------|-----------|--|
|  | 2020         | 2019      |  |
| OPERATING REVENUES:                    |              |           |  |
| Gross revenues                         |              |           |  |
| Sales of products, services and others | 2,548,227    | 2,443,847 |  |
|  |              |           |  |
| Sales deductions                       | (571,260)    | (578,049) |  |
|  |              |           |  |
| NET REVENUES                           | 1,976,967    | 1,865,798 |  |
|  | =======      | =======   |  |

# 28. BASIC AND DILUTED INCOME (LOSS) PER SHARE

Basic and diluted income (loss) per share was calculated as follows:

|   | 2020   | 2019  |
|---|--|---|
| NET LOSS FOR THE YEAR OF THE CONTINUED OPERATIONS   | (174,149)                                      | (155,153)                                   |
| NET INCOME (LOSS) FOR THE YEAR OF THE DISCONTINUED<br>OPERATIONS  | (35,450)                                       | 99,068                                      |
| NET LOSS FOR THE YEAR   | (209,599)                                      | (56,085)                                    |
| Weighted-average outstanding shares:<br>Common shares<br>Preferred shares                                     | 13,912,800<br>16,723,657<br>                   | 13,912,800<br>16,723,657                    |
|   | 30,636,457                                     | 30,636,457                                  |
| BASIC AND DILUTED INCOME (LOSS) PER SHARE - R\$<br>From continuing operations<br>From discontinued operations | (5.6844)<br>(1.1571)<br><br>(6.8415)<br>====== | (5.0644)<br>3.2337<br><br>(1.8307)<br>===== |

The Company does not have shares with dilutive potential. Therefore, the basic income (loss) per share equals the diluted income (loss) per share.

## 29. DISCONTINUED OPERATIONS

(a) On December 28, 2018, the subsidiary SGPSA announced a material fact, informing it had entered into an "Asset Purchase and Contribution Agreement" ("Agreement") with Keeco, a US company for home products, to combine its North American operations. Under the terms of the Agreement, concluded on March 15, 2019 (see note 30), the indirect subsidiary SGUS agreed to sell the assets and liabilities used in its operations to Keeco for US\$126 million, including: US\$90 million in cash, of which US\$83.7 million at closing and US\$6.3 million as cash holdback amount retained for 18 months and US\$36 million in common shares of the combined company, representing an interest of 17.5% in the combined company's capital, Keeco Holdings, LLC.

(b) In September 2020, Keeco was expected to pay the cash holdback amount of US\$6.3 million. While not paying it, Keeco claimed that there were differences in the working capital amount, among other matters, and retained the entire holdback amount until the dispute is resolved. The indirect subsidiary SGUS, advised by its lawyers, understood that the amount was due, and responded to Keeco by requesting immediate payment or the initiation of the dispute resolution procedures defined in the contract. Unsuccessful in its request, the subsidiary SGUS filed legal action in the US court, in November, requesting that the procedures provided for in the contract be initiated, which includes engaging a dispute resolution auditor to provide a final determination. In February 2021, an agreement was reached where Keeco paid US\$4.0 million equivalent to R\$20,787 on December 31, 2020.

(c) In the fourth quarter of 2020, the investment in the affiliate Keeco Holdings, LLC was discontinued and the investment and goodwill balances were reclassified to the "Assets held for sale" line. Accordingly, in accordance with CPC 31 and IFRS 5, the result of the operations of this affiliate, previously presented in the operating segment "Others unallocated", were presented as "Discontinued operations" in the income statements for the years ended December 2020 and 2019, as well as the investment and goodwill balances were presented in the balance sheet on December 31, 2020 as "Assets held for sale". The statements of comprehensive income and cash flows, for the year ended December 31, 2019, are restated for comparison purposes, as discontinued operations.

The balance of the discontinued operations on December 31, 2020 are as follow:

|                      | Consolidated |
|----------------------|--------------|
| ASSETS               |              |
| NONCURRENT:          |              |
| Investment           | 35,151       |
| Goodwill             | 88,567       |
|                      |              |
| ASSETS HELD FOR SALE | 123,718      |
|                      | =======      |

The results of discontinued operations highlighted in the statements of operations for the year ended on December 31, 2019 are presented below:

|   | Company                      |                            | Consolidated                          |   |

### 31. PANDEMIC-RELATED EFFECTS - COVID-19

In 2020, due to the coronavirus pandemic - COVID-19, there was a forced reduction in the level of economic activities in the country.

On March 23, 2020, the Company issued a statement to the market informing about the closure of its physical stores, and that they would remain closed in accordance with the directives issued by health authorities and local authorities. The digital channels continued to sell products through the websites and applications of the brands Santista, Artex, MMartan and Casas Moysés. In June, the reopened stores were mostly, operating at reduced hours, following the determination of the authorities of each municipality. In the third quarter, the stores were still operating with some schedule reductions in the months of July and August, and returned to their regular operation hours in September.

As determined by the Argentine authorities, our industrial plant located in the province of Santiago del Estero has remained closed since March 20, 2020, and partially resumed operations in early June 2020. In the third quarter, the plant partially operated in July and returned to regular operation in August and September.

The indirect subsidiary CSA continued to operate normally at its Montes Claros, Campina Grande and Blumenau facilities and, at a reduced level, at the João Pessoa and Macaíba facilities, since March, including the entire second quarter. In the third quarter, starting in mid-August, all facilities resumed regular operation.

Customers and franchisees have requested, and the subsidiaries have granted, several payment extensions in all markets in which we operate, impacting our working capital and which was normalized in the 4th quarter.

The 29% devaluation of the real against the US currency during the year impacted our financial expense on foreign currency loans by R\$32 million, increasing the net debt by the same amount. Additionally, the currency devaluation impacted the cost of raw materials that are linked to the US currency.

The impacts on sales, margins, expenses and results can be summarized as follows:

<u>Wholesale</u>: In Brazil, in the first quarter, a decrease in sales in March of approximately R\$40 million. In the second quarter, the sales reduction was approximately R\$110 million. In Argentina, in the first quarter, sales stalled in March with effects of approximately of R\$15 million in sales reduction. In the second quarter, sales

partially resumed in May and June, with a significant reduction in sales in the quarter of approximately R\$20 million. The profitability of the wholesale segment was affected by the reduction in sales and also by the fixed costs not absorbed by the reduction in production volumes.

<u>Retail:</u> Physical stores closed on March 23, 2020. We had an increase in expenses with digital media for sales at our websites, digital channels and applications. In the first quarter, the reduction in net sales, in the physical stores in March, without the corresponding reduction in rental and personnel expenses, which started in April, impacted margins and affected EBITDA. In the second quarter, physical stores were closed for much of the quarter, but the loss of sales in physical stores was more than offset by the 8.7 times increase in sales through the digital channel, in that period. In the third quarter, the stores were still operating with some schedule reductions in the months of July and August, and returned to their regular operation hours in September.

We estimated the total impacts of COVID-19 in the six months period ended on June 30, 2020 at R\$65 million in EBITDA reduction, driven by the reduction in sales and the increase in unit costs due to the reduction in volumes produced and residual costs of physical stores, which remained closed for approximately 90 days. The impacts for the third quarter were not estimated. In the fourth quarter we returned to regular operations.

<u>Santanense:</u> CTS had a 31.1% reduction in sales volumes in the second quarter of 2020, impacting the production volumes, and consequently, the absorption of fixed production costs for that quarter. These costs were taken directly to the operating result for the year, and amounted to R\$7.1 million. In addition, other non-measurable effects impacted CTS costs, such as rising prices in the resumption of economic activity. CTS has been operating normally since mid-September 2020 and does not expect any losses in the realization of its assets and its profitability for the next financial year.

<u>SGUS:</u> Indirect subsidiary SGUS' results are basically comprised of lease expenses (net of sublease) and pension plan expenses, among others of lesser importance, which remained unchanged. In the first quarter, our investment in the affiliate Keeco was significantly affected by the pandemic in the United States and, due to the new profitability projections received by the Company, it was necessary to recognize a partial goodwill impairment, determined on the acquisition of that investment, in the amount of R\$43 million. In addition, as a result of these new projections, we reassessed the realization of deferred tax assets of that subsidiary, resulting in a valuation allowance adjustment of R\$70 million. In the second and third quarter, the results were in line with the revised plan. In the fourth quarter there was a recovery in the affiliate's sales level, and the revised projections for the pandemic did not materialize, returning to the projections prior to the pandemic. In the fourth quarter of 2020, the subsidiary SGUS made the investment available for sale with the expectation of completion in 2021.

#### Scenario for 2021 - COVID-19

Until the publication of the financial statements, the plants are operating normally maintaining production volumes. During the month of March 2021, some stores had their opening hours reduced and / or closed due to government determinations. E-commerce sales have not been interrupted. The Company awaits the decisions of the public authorities for the reopening of physical stores.
