

## **ODONTOPREV INCLUDED IN THE FIRST PREVIEW OF 2024-2025 ISE OF B3**

Barueri, April 01<sup>st</sup>, 2025.

Odontoprev (B3: ODPV3), listed in São Paulo since 2006, the market leader on dental benefits in Latin America, announces that it has been included in the first preview of the Corporate Sustainability Index (ISE), released today by B3.

ISE is composed of 82 companies from 40 sectors. The inclusion of Odontoprev reinforces the company's commitment to environmental, social, and governance aspects, aligned with the best market standards. This year, the Company also maintained its B- rating from the CDP, a global ranking that promotes transparency and climate management. The positive rating reflects the continuous improvement of Odontoprev's strategy, guided by the mitigation of impacts and transparency regarding carbon emissions and sustainable practices. The presence in the ISE B3 preview and solid performance in the CDP reinforce Odontoprev's commitment to best practices.

About ISE:

The objective of ISE B3 is to be an indicator of the average performance of the stock prices of companies selected for their recognized commitment to corporate sustainability. The index is composed of companies that meet the sustainability inclusion criteria, including an ISE B3 Score higher than the general cut-off score, participation in the CDP-Climate Change, and a positive response to the minimum sector requirements.
