MATERIAL FACT

Hidrovias do Brasil S.A. ("**Company**"), in compliance with the provisions of the Brazilian Corporation Law and C VM resolution No. 44/2021, as amended, informs that has signed a contract for the sale of its coastal navigation operation (cabotage operation) to Companhia de Navegação Norsul ("**Norsul**") on today's date. The cabotage operation was acquired by the Company in 2016 to execute a contract dedicated to the transportation of bauxite from the Porto Trombetas mine to the client's alumina refinery in Barcarena, expiring in 2034. Norsul, a shipping company founded in 1963, is widely recognized for its operations in dry and liquid bulk cabotage in Brazil.

The total sale value (enterprise value) is R\$715 million, with R\$195 million referring to the equity value and R\$521 million of debt balance, with a base date of December 31, 2024. Payment will be made in cash, on the closing date of the transaction, and will be subject to the usual price adjustments for this type of transaction, including adjustments to working capital.

The sale of the cabotage operation reinforces the focus on the Company's strategic positioning, allowing the optimization of its business portfolio and the concentration of efforts on investments with greater strategic attractiveness and operational synergy, in addition to the immediate contribution to reducing its level of financial leverage.

The conclusion of this transaction is subject to regulatory approvals and to the compliance of precedent conditions usual in this type of transaction. The Company will keep the shareholders and the market in general informed of the progress of this transaction, in accordance with applicable regulations.
