

## NOTICE TO THE MARKET

### PRI03 IS INCLUDED INTO BOVESPA INDEX (B3)

Rio de Janeiro, September 8, 2020 – Petro Rio S.A. (“Company” or “PetroRio”) (B3: PRI03) informs its shareholders and the market in general that, on the present date, its shares were included into the portfolio of Bovespa Index (“Ibovespa” or “IBOV”), principal index of B3, composed of shares with the highest traded volume in the past 12 months.

PetroRio’s shares were included into the position 63 among 77 listed companies, ahead of traditional companies, with higher revenues and market value, which evidences a strong visibility and awareness of the Company in the local and international capital markets. Similarly, the presence in the Ibovespa increases the visibility of the Company, which allows the search for a higher number of investment funds for PRI03.

The Company, which already part of several indexes, including IBrX-100, SMLL, IGCX, IGC-NM and ITAG), is now listed in a total of nine indexes on the São Paulo Stock Exchange.

PetroRio believes that the inclusion into new indexes is result of hard work of its team in expanding its participation, relevance and exposure in the local and international markets. The Company will continue to focus on its growth strategy, seeking, through its deliveries, generation of value to its shareholders.

#### **About PetroRio**

PetroRio is one of the largest independent companies in the oil and gas production in Brazil. The Company seeks to increase production through the acquisition of new production assets, reexploration, increased operational efficiency and reduction of production costs and corporate expenses. PetroRio’s main objective is to create value for its shareholders with growing financial discipline and preserving its liquidity, with full respect for safety and the environment.
